- Mon., May 18 – 7th Grade Center, 833 S. Lewis Road
- Thurs., May 21 – Oaks Elementary School, Oaks School Drive

Presented by: Mr. Chuck Favata, Motivational Speaker

As a leader in educational excellence, in partnership with the community, the Spring-Ford Area School District is committed to informing students, staff and parents on internet safety. Over the past few years we have read and heard of many cases involving students falling prey to unscrupulous people via “on-line” meetings, students being bullied online and problems related to Social Networking. Given the prevalence of these we must enlighten our children to the dangers involved in conversations and postings on the internet. Even though parents are more attentive to these dangers and are taking a more active role in “monitoring” the on-line habits of their children; the problem, however, continues to exist due mainly to the naivety of the student ***who is smart enough to lie but not shrewd enough to be consistent when lying!***

Discussion topics will include:

- Affects of Cyberbullying
- Tactics and tools predators use
- How predators gather and use information
- Dangers in On-line conversations or postings
- Understanding the “pitfalls” in MySpace, AIM and Chatrooms

Sponsored by
Spring-Ford Area School District, funded by the Verizon Foundation
