CHIP puts quality providers within reach.

Nine out of 10 families covered by CHIP would highly recommend the program to friends and family. It's easy to see why. CHIP is brought to you by leading health insurance companies who offer your kids quality, comprehensive coverage.

You'll have a choice of major insurance companies with large networks of doctors, specialists and care facilities near you. In fact, your kids may even be able to keep visiting the same doctors they see now. And no matter which CHIP health insurance company you choose, you'll get the same quality service and the same great CHIP benefits.

In most cases, CHIP is free.

Most kids receive CHIP for free. Others can get the same benefits at a low cost. If you make too little to qualify for CHIP, your child or teen may be enrolled in Medical Assistance.
