Mr. Rizzo advised that next year's plan represents a more flexible version of the former plan. He commented that Spring-Ford's Health and Safety Plan must be approved by July 30th. He thanked his team for the great work in staying ahead of the curve and having a plan in place 10 days after receiving the template. Mrs. Fazzini asked what the current CDC guidance was with regards to wearing masks at school. Mrs. Smith replied that she has not looked at this within the past week but the last she saw it they were still recommended or it was up to the district especially since children under 12 are not being immunized yet. Mrs. Smith stated that her personal thought on this after listening to the different sides was that she agrees that everyone cares very much about the children but because we set this plan out and people agreed to the method of instruction based on the current plan of wearing the masks that we should continue with this. She added that anyone having any health hazard or emotional problem with the wearing of masks are encouraged to take the medical exemption form and have it signed by their doctor. Mrs. Smith stated that the goal was to try and get through the rest of this year and be able to suite everyone.

Solicitor's Report

Mark Fitzgerald

Mr. Fitzgerald noted that on the agenda this evening is an emergency resolution which was revised in order to narrow the definition of the emergency. He added that this is simply being approved in connection with the forms the district needs to submit to PDE. He provided background on the similar resolution approved last year by the board which granted a lot of authority to the administration to implement a health and safety plan. He stated that this version is far more narrow and is simply a procedural component to PDE's request so that all hours can count for the 2021-2022 school year.

Mr. DiBello stated that with all of the changes going on in Harrisburg was the health and safety plan still required and Mr. Fitzgerald replied yes but that it was less to do with health and more with a funding issue.

The board entered into a lengthy discussion on the wearing of masks in school and what the district may or may not be mandated to do. Mr. Rizzo was asked to give his position as well as the position of SFEA with regards to masks being worn in school. Mr. Rizzo advised that he has been pretty open with this and it is felt that it would be best to stay the course until the end of the school year and start with the updated masking with the summer programming.

Mr. Fitzgerald was asked if there was anything legally binding that would require mask wearing and he replied there is no mandate. Mr. DiBello stated that since it was the district's intent to make the wearing of masks optional as of June 28th if the board members would be interested in making masks optional beginning tomorrow.

Mr. Shafer made a motion that effective tomorrow the wearing of masks is optional in the district and Mr. Jackson seconded the motion.

The discussion continued and Mrs. Zasowski stated that in order to find a balance she would like to offer an amendment whereby the district would back off from requiring the medical exemption form to be signed by a doctor. She added that the district would prefer the wearing of masks for the last 3 student days and if a parent would prefer that their child not wear a mask then they have the flexibility to fill out, sign and submit the medical exemption forms to their child's building. Mrs. Melton seconded the amendment to the original motion.

Discussion took place on the extra burden this could cause building staff who may be inundated with forms being submitted and how staff would know who is required to wear masks.

Mr. Fitzgerald clarified that currently there is an amendment to a motion that clearly does not work together as you cannot have the amendment and the underlying motion. He stated that what you are basically doing is testing the possibility of an override motion which is the relaxation of the exemption.

The floor was opened for public comment on the amendment Mrs. Zasowski made.

Michael Lebieczinski, Royersford, questioned what the district is protecting kids against and urged the board to listen to the numbers and tell kids that they are safe now.

Roland Olsen, Collegeville, commented that there is no data that suggests that masks work and that we are no longer legally required to have them so kids should be given the option.

Rebecca Daniels, Mont Clare, expressed that it is socially, emotionally and physically not healthy for kids to wear masks for extended periods of time.

Toni Patrick, Oaks, spoke in favor of the mask mandate being lifted now and making masks optional.

Erica Hermans, Royersford, expressed concern over the district changing course with regards to wearing masks and said she transitioned her son back for the 4th marking period with an understanding that masks would be worn through the end of the school year.

Lauren Day, Phoenixville, stated that masks were promised until the end of the year and asked the board to reconsider changing this with only 3 days left.

Kate Palladino, Royersford, commented that this is about transparency and what has been promised to students. She spoke against removing the mask mandate.

A roll call vote was taken with Mrs. Zasowski, Mrs. Melton and Ms. Sullivan voting yes. Mr. Shafer, Dr. Wright, Mr. Jackson, Mr. DiBello, Mrs. Fazzini and Mrs. Earle voting no. The motion failed with a vote of 3-6.

Mr. Shafer restated his original motion saying effective tomorrow, the wearing of masks shall be optional for staff and students. Mr. Jackson had seconded this motion.

Michael Lebieczinski, Royersford, spoke about the Central Bucks School District board vote to do away with the mask mandate and the fact that none of the parents who voiced their concerns and threatened to remove their kids from class had actually gone ahead and done that.

Kelly Olsen, Collegeville, urged the board to give the kids the choice on not having to wear masks the last 3 days of school if they don't want to.

Kim Anderson, Collegeville, stated that she is a sub in the district and that the kids are barely wearing their masks and a majority of teachers are not even enforcing it anymore. She urged the board to allow kids to enjoy the last 3 days of the school year without masks.

Erica Hermans, Royersford, referenced the previous comment and expressed concern that it was stated that students are not wearing masks and it was not being enforced. She asked if this was the case and if so how it is being enforced.

Danielle Folino, Mont Clare, commented that students have been walking around for months without having masks on and the staff is overwhelmed so they are not correcting it. She asked the board to give people the option to not have to wear masks the last 3 days.

A roll call vote was taken on Mr. Shafer's original motion. Mr. Shafer, Mr. Jackson, Mr. DiBello, Mrs. Zasowski, Mrs. Earle voted yes. Dr. Wright, Mrs. Melton, Mrs. Fazzini and Ms. Sullivan voted no. The motion passed by a vote of 5-4.

The Board approved effective tomorrow, the wearing of masks is optional for students and staff in the Spring-Ford Area School District.

I. PUBLIC TO BE HEARD ON AGENDA ITEMS ONLY

Abby Deardorff, Royersford, expressed her thanks to the Health and Safety Planning Team for putting together a comprehensive plan for next year and reminded the board of the commitment they will be making to the school community with the approval of the plan.

Michael Lebie dzinski, Royersford, questioned where the data was to support the resolution that attests that the COVID-19 Pandemic is a continuing emergency and he asked board members before voting on the resolution to incorporate all they have learned over the past year.

Katherine Doyle, Collegeville, asked the administration and board to revise the section in the Health and Safety Plan on universal and correct wearing of masks to reflect that the district will follow both recommendations and mandates with regards to face coverings that may be put in place by health and/or government officials.

Christine Dziembowski, Mont Clare, asked board to change the Health and Safety Plan to align with current CDC recommendations that unvaccinated individuals wear masks indoors. She urged that masks be required for children under 12 since they are not eligible to receive a COVID vaccination.

Allison O'Brien, Collegeville, stated that she felt it was sad that it was stated in the Health and Safety Plan that the district will continue to consider guidance provided by the CDC, PA Department of Health, Department of Education, and the Montgomery Office of Public Health rather than state that it will follow recommendations made by those entities.

Emilie Lussier, Royersford, urged the board to consider those individuals 12 and under who do not have the opportunity to get the vaccine as well as community spread, possible variants, and potential resurgence of the virus.

John Clements, Collegeville, expressed that it was critical that schools use layer prevention strategies including the requirement of universal and the correct use of masks as well as physical distancing.

Acting Supt. Report

Robert W. Rizzo

Mr. Rizzo provided an update, on behalf of Mrs. Trisha Smith, the COVID numbers for the district for the week ending June 11th which indicated that there were 0 in-district cases and 0 cases in the community. He added that for Montgomery County the incident rate was at 8.7% per 100K and the PCR Positivity Rate was 0.6%. He next provided the numbers for the week ending 6/18/21 which indicated 2 in-district cases and a Montgomery County incident rate of 6.9% per 100K and a PCR Positivity Rate of 0.6%. Mr. Rizzo reported that he posed several questions to Mrs. Smith in order to garner her opinion regarding vaccination reporting and masking. Mrs. Smith felt that disclosure of vaccination status would be helpful for nurses when doing contact tracing and quarantining. She also indicated that the nurses support masks being optional for all students whether vaccinated or not since the risk across the county is so low. Mrs. Smith stated that with regards to student under the age of 12 where there is no vaccination available yet, the nurses felt that the district should continue to follow the guidance of our county health officials which as of now allow our age 5-12 population the choice regarding masking. She added that if we find trends of in-school transmission among non-mask wearers then they will encourage the administration to enforce more strict mask usage in order to avoid an outbreak. She added that they may still need to enforce mask wearing for students who are symptomatic as they wait to be sent home.

Mr. Rizzo proceeded with his report providing updates on the Health and Safety Plan which he indicated has been posted on the website for the public to view and provide feedback. He stated that he received feedback from about 30 parents and themes that emerged were in regards to masking for children under 12 year of age, vaccination status disclosure, masking of the unvaccinated, continuing to follow the CDC guidance, and waiting until closer to school starting to make any decisions for the upcoming school year. Mr. Rizzo advised that the most recent guidance from the Montgomery County Office of Public Health (MCOPH), for the summer only and as long as the 14-day average of daily cases is below 20, is that masks are optional for vaccinated and unvaccinated individuals both indoors or outdoors. He added that he has been told that the Center for Disease Control and the Pennsylvania Department of Education will likely be issuing updated guidance soon. Mr. Rizzo acknowledged William Carter, Carol Findley, Susan Kelly and Catherine Wright on their upcoming retirements and spoke of their years of service.

Mrs. Zasowski asked Mr. Rizzo to confirm that Nurse Trisha Smith has stated mask optional is their preference for vaccinated or unvaccinated individuals indoors or outdoors for all grade levels and he confirmed that was correct as long as the transmission rate stays low and within the range that the MCOPH is recommending. Mrs. Zasowski asked Mr. Rizzo what the administration's position was and he replied they support Montgomery County's recommendation with masking being optional. He added that if we start to see a climb then as the Health and Safety Plan suggests, we can revisit it if we need to. Mr. Jackson asked if SFEA was in alignment with this and Mr. Rizzo replied they were.

VIII. PROGRAMMING AND CURRICULUM

Dr. Wright asked that Item T be separated and Mr. DiBello asked that Item U be separated as well since the 2 motions are in conjunction with each other.

Mrs. Fazzini made a motion to approve Items A-S and Mrs. Melton seconded it. The motion passed 9-0.

Mr. Shafer made a motion to approve Items T-U and Mrs. Earle seconded it.

Dr. Wright commented that she received many concerns regarding what next year will bring and the masking mandates. She stated that the guidance the district is getting from the Pennsylvania Department of Health, the Montgomery County Department of Health and PDE is vague and leaves it in the hands of the school board. She stated that she has concerns as there is no data yet on what it looks like for students in buildings not wearing masks and what this means for students aged 12 and under who do not have the option to be vaccinated.

Dr. Wright made a motion to amend the Health and Safety Plan that mask wearing be mandatory for students and staff in the K-6 buildings until either a vaccine is available and our students have the opportunity to get vaccinated or until the Department of Health recommendations change that say that unvaccinated people without wearing masks at school are safe. Ms. Sullivan seconded the motion.

It was noted that the Montgomery County Office of Public Health, the CDC and PDE are not in alignment right now. Mr. Rizzo confirmed this was correct but that it must be submitted by July 30th but can be adjusted or amended at any time to meet the needs. He added that the directive we have received is to make the plan flexible so that we can adjust it with the guidance as the guidance changes. The board was reminded that they meet again on August 16th which is two weeks prior to the start of school so if the plan has to be changed then there is ample opportunity for that to happen. The following concerns were raised; making masks optional as younger students may not be equipped to make the decision on whether they should be wearing a mask or not, not making a decision until August as families will need time to digest the decision and work it out with their younger children, and the pending decision expected from the county at the end of June with not mandating masks. There was some discussion on whether it would best serve the district to conduct a survey of parents prior to the August board meeting to determine their position on mask wearing with regards to the K-6 age group.

Mr. Fitzgerald clarified the motion that was open for discussion and stated that it is an amendment to the Health and Safety Plan, specific to students K-6, that they would be required to wear a mask unless or until they are able to be vaccinated or there is specific direction that they do not have to wear a mask from a third party.

Mr. Rizzo questioned if the amendment was for fall only or for summer and fall and Dr. Wright replied that it was not for the summer but for the following school year. Mr. Fitzgerald suggested that the board look at this for the entire school year.

The floor was opened for public comment on the amendment to the Health and Safety Plan motion posed by Dr. Wright.

Michael Lebieczinski, Royersford, disputed that there was data with regards to masking versus unmasking and its effect on transmission rates.

Christine Dziembowski, Mont Clare, expressed her appreciation over Dr. Wright's amendment proposal and felt that this was a more conservative safe approach.

Allison O'Brien, Collegeville, expressed her appreciation over Dr. Wright's amendment proposal and said she feels more comfortable with students wearing masks.

Kim Anderson, Collegeville, stated that she was disappointed to hear about the petition to mask students for the next school year.

There was a roll call vote with Dr. Wright, Mr. Jackson, Mrs. Melton, Mrs. Fazzini, Ms. Sullivan voting yes and Mr. Shafer, Mr. DiBello, Mrs. Zasowski and Mrs. Earle voting no. The motion passed 5-4.

The board voted on Items T-U which Mr. Shafer had made the motion and Mrs. Earle had seconded prior to the discussion. The motion passed 9-0.

XI. BOARD COMMENT

Mr. DiBello commented that he was not going to support the plan at all this evening because he is not comfortable with students being put in an asynchronous learning environment if they have to be quarantined for two weeks. He added that he still believes that we need to survey the parents as far as what the expectation is for going into the start of the school year.

Mrs. Zasowski asked the board if they supported a survey being conducted in the beginning of August with the results being provided to the board via a board memo prior to the August 16th meeting for discussion at that meeting. The board members expressed their support for a survey.

Mrs. Melton stated that any changes that result from the survey will need to be an action item on the agenda for the August 16th meeting so that the community and families have enough time to adjust to any decisions or changes that might be made.

Mrs. Fazzini said this will give families enough time to develop a plan of action on what they want to do going forward.

Mrs. Melton congratulated everyone for making it through this crazy school year which has ended on a lot of high notes. She stated that she could not be any prouder of all of the folks that worked towards it.

XII. PUBLIC TO BE HEARD

Anthony Frigo, Linfield, commented that he came before the board a month ago questioning whether a BLM sticker belonged in school and had not really received an answer to this. Mrs. Zasowski asked Mr. Rizzo to speak about this.

Mr. Fitzgerald advised that the board should finish up with the public comment section before moving into a Q&A session.

Lyndsie Olenoski, Phoenixville, expressed her disappointment with the way the board hurried to make a decision last week to make masks optional as it created a chaotic scene.

Mr. Rizzo reported that the Equity, Diversity, and Inclusion (EDI) Committee met 3 times to discuss this issue. He advised that they had surveyed the EDI Committee, building level administration and district administration to collect some information and the survey results were shared with the board in a previous board memo. He added that he did reach out to the other county superintendents to see what they are doing and the responses were pretty wide open with some permitting the sticker, others not allowing it and still others incorporating it into their equity and diversity policies. He commented that the question comes down to whether it is a political group or a human rights movement. Mr. Rizzo advised that they are continuing to work through this and he will be meeting with Carlos Wiley, the consultant the district hired, to talk about this further. Mr. Rizzo stated that the EDI Committee wants to keep the sticker and would like to educate the board and the public on what the human rights movement means. He added that the administrators feel like they could go either way and that the work that could be done either way. Mr. Rizzo said there is still work to be done and some answers to be had.

Purpose

The Board believes that consideration of current events has a legitimate place in the educational program of the schools. Properly introduced by a professional educator and conducted in conjunction with the District's course offerings, discussion of such events can help students learn to identify important issues, explore fully and fairly all sides of an issue, weigh carefully the values and factors involved, and develop skills for formulating and evaluating positions and opinions.

Definition

A current event is defined as a topic on which opposing points of view have been promulgated by responsible opinion and is not expressly enumerated in the course guide as content of the course of study.

Authority

The Board shall permit the introduction and proper educational use of current events, provided that their use in the instructional program:[1]

1. Is related to the course's educational goals and the students' level of maturity.
2. Does not tend to indoctrinate or persuade students to a particular point of view.
3. Encourages balanced presentations and open-mindedness.
4. Is conducted in a spirit of scholarly inquiry.
5. Is instigated by curricular design or by the students themselves.
6. Is not related to the employment status of the teacher and/or other district employees.

The Board recognizes that some deviation from the assigned course guide is necessary in the free exchange of the classroom. However, the Board specifies for the guidance of the Superintendent and staff that any discussion of current events in the classroom shall be conducted in an unprejudiced and dispassionate manner and shall not disrupt the educational process, fail to match the maturity level of students, nor be unrelated to the goals of the district and the appropriate course guide.[1]

Delegation of Responsibility

The Superintendent or designee shall develop administrative regulations for the management of current events that do not stifle the spirit of free and scholarly inquiry.

Title	Diabetes Management
Code	209.2
Status	Draft (PNN Vol I 2017)

Purpose

The Board recognizes that an effective program of diabetes management in school is crucial to:

1. The immediate safety of students with diabetes.
2. The long-term health of students with diabetes.
3. Ensure that students with diabetes are ready to learn and participate fully in school activities.
4. Minimize the possibility that diabetes-related emergencies will disrupt classroom activities.

Authority

The Board adopts this policy in accordance with applicable state and federal laws and regulations, and Board policies and administrative regulations, regarding the provision of student health services.[1][2][3][4][5][6][7][8][9]

Definitions

Diabetes Medical Management Plan (DMMP) means a document describing the medical orders or diabetes regimen developed and signed by the student's health care practitioner and parent/guardian.[2]

Individualized Education Program (IEP) means the written educational statement for each student with a disability that is developed, reviewed and revised in accordance with federal and state laws and regulations. A student with a disability is a school-aged child within the jurisdiction of the district who has been evaluated and found to have one or more disabilities as defined by law, and who requires, because of such disabilities, special education and related services.[7]

Section 504 Service Agreement (Service Agreement) means an individualized plan for a qualified student with a disability which sets forth the specific related aids, services, or accommodations needed by the student, which shall be implemented in school, in transit to and from school, and in all programs and procedures, so that the student has equal access to the benefits of the school's educational programs, nonacademic services, and extracurricular activities. A qualified student with a disability means a student who has a physical or mental disability which substantially limits or prohibits participation in or access to an aspect of the district's educational programs, nonacademic services or extracurricular activities.[1]

Trained Diabetes Personnel means non-licensed school employees who have successfully completed the required training.

Guidelines

Before a student can receive diabetes-related care and treatment in a school setting, the student's parent/guardian shall provide written authorization for such care and instructions from the student's health care practitioner. The written authorization may be submitted as part of a student's DMMP.[5]

Diabetes-related care shall be provided in a manner consistent with Board policy, district procedures and individualized student plans such as an IEP, Service Agreement or DMMP.[1][3][4][5][7][9]

In order to maintain a student's health and safety, each student's individualized plan shall address what information will be provided to school staff and other adults who have responsibility for the student in the school setting.[1][5][7][10][11]

Student health records shall be confidential and maintained in accordance with state and federal laws and regulations.[12][13][14]

Trained Diabetes Personnel

The school nurse, in consultation with the Superintendent or designee, may identify at least one (1) school employee, who is not the school nurse and who does not need to be a licensed health care practitioner, in each school building attended by a student with diabetes to perform diabetes care and treatment for students. The identified school employee has the right to decline this role.[4]

An identified school employee who has accepted this role shall complete the training developed by the state or training offered by a licensed health care practitioner with expertise in the care and treatment of diabetes, that includes at a minimum:[4]

1. An overview of all types of diabetes.
2. Means of monitoring blood glucose.
3. The symptoms and treatment for blood glucose levels outside of target ranges, as well as symptoms and treatment for hypoglycemia, hyperglycemia and other potential emergencies.
4. Techniques on administering glucagon and insulin.

The identified school employee shall complete such training on an annual basis.[4]

Upon successful completion of the required training, individual trained diabetes personnel may be designated in a student's Service Agreement or IEP to administer diabetes medications, use monitoring equipment and provide other diabetes care.[4]

If the diabetes-related care provided to a particular student by trained diabetes personnel will include administration of diabetes medication via injection or infusion, the Board shall require the following:[4]

1. The parent/guardian and the student's health care practitioner must provide written authorization for such administration; and
2. The trained diabetes personnel must receive annual training for such administration from a licensed health care practitioner with expertise in the care and treatment of diabetes.

Training of Other School Personnel

School employees, including classroom teachers, lunchroom staff, coaches and bus drivers, shall receive annual diabetes care training appropriate to their responsibilities for students with diabetes.

Student Possession and Use of Diabetes Medication and Monitoring Equipment

Prior to student possession or use of diabetes medication and monitoring equipment, the Board shall require the following:[3][15]

1. A written request from the parent/guardian that the school comply with the instructions of the student's health care practitioner. The request from the parent/guardian shall include a statement relieving the district and its employees of responsibility for the prescribed medication or monitoring equipment and acknowledging that the school is not responsible for ensuring that the medication is taken or the monitoring equipment is used.
2. A written statement from the student's health care practitioner that provides:
 - a. Name of the drug.
 - b. Prescribed dosage.
 - c. Times when medication is to be taken.
 - d. Times when monitoring equipment is to be used.
 - e. Length of time medication and monitoring equipment is prescribed.
 - f. Diagnosis or reason medication and monitoring equipment is needed.
 - g. Potential serious reactions to medication that may occur.
 - h. Emergency response.
 - i. Whether the child is competent and able to self-administer the medication or monitoring equipment and to practice proper safety precautions.
3. A written acknowledgement from the school nurse that the student has demonstrated that s/he is capable of self-administration of the medication and use of the monitoring equipment.
4. A written acknowledgement from the student that s/he has received instruction from the student's health care practitioner on proper safety precautions for the handling and disposal of the medications and monitoring equipment, including acknowledgement that

the student will not allow other students to have access to the medication and monitoring equipment and that s/he understands appropriate safeguards.

The written request for student possession and use of diabetes medication and monitoring equipment shall be reviewed annually, along with the required written statements from the parent/guardian and the student's health care practitioner. If there is a change in the student's prescribed care plan, level of self-management or school circumstances during the school year, the parent/guardian and the student's health care practitioner shall update the written statements.

Students shall be prohibited from sharing, giving, selling and using diabetes medication and monitoring equipment in any manner other than which it is prescribed during school hours, at any time while on school property, at any school-sponsored activity and during the time spent traveling to and from school and school-sponsored activities. Violations of this policy, provisions of a Service Agreement or IEP, or demonstration of unwillingness or inability to safeguard the medication and monitoring equipment may result in loss of privilege to self-carry the diabetes medication and monitoring equipment, and may result in disciplinary action in accordance with Board policy and applicable procedural safeguards.[1][3][10][16][17]

If the district prohibits a student from possessing and self-administering diabetes medication and operating monitoring equipment, or if a student is not capable of self-administering diabetes medication or operating monitoring equipment, the district shall ensure that the diabetes medication and monitoring equipment is appropriately stored in a readily accessible location in the student's building. The school nurse and other designated school employees shall be informed where the medication and monitoring equipment is stored and the means to access them.[3]

Delegation of Responsibility

The Superintendent or designee, in conjunction with the school nurse(s), shall develop administrative regulations for care and treatment of students with diabetes in the school setting.

The Superintendent or designee shall coordinate training for school employees. Such training may be included in the district's Professional Education Plan.[4][18][19]

The Superintendent or designee shall annually distribute to all staff, students and parents/guardians this policy along with the Code of Student Conduct.[16][20]

 - The school district will provide a list of permissible investments, including type of investment, any special criteria for permissible investments in each category, and requirements for reporting specific investments to the school district.

Guidelines

investment pools, money market mutual funds, or bank accounts subject to immediate withdrawal.

6. Minimize Uninvested Balances. Investments shall be made so as to minimize uninvested balances. The school district cash flow plan will be used to ensure that investments are made as early as possible, and that maturities are consistent with cash flow requirements.

 - only investments of that company are in the authorized investments for school district funds listed in clauses (i) through (iv) and repurchase agreements fully collateralized by such investments;
 - the investment company is managed so as to maintain its shares at a constant net asset value; and
 - the investment company is rated in the highest category by a nationally recognized rating agency.

Investments other than those set forth above may be made by the Investment officer, after consultation with the financial advisor (as provided at Section 12 below) if, after such consultation, the investment officer and the financial advisor agree that such investment is legal, safe and prudent, appropriate for the purpose for which the investment is being made, and is in accordance with this policy. In the event that any doubt exists with respect to the legality of the proposed investment, the investment officer and the financial advisor shall consult with counsel to the school district and request a written opinion.

Pooling of Funds
