

# **Do you want to be a leader?**

# **Do you like to help others?**

## **Try Friends & the Community**

**Friends and the Community** builds leadership by participating in social activities and service within our community. The group is moderated by the Guidance Department and building staff and offers opportunities through socialization and service for students throughout the year. Most of the activities will occur during the school day. Below are some examples:

- Meet monthly on average, to participate in activities to enhance leadership, and further develop socialization.
- Participate in “Friends and the Community” service projects. Students will choose, plan and implement projects in the community throughout the school year. (i.e. leaf clean-up for seniors in the neighborhood)
- Participate in assignments of responsibility within the building as needed by the staff.

**Friends & the Community** is a great opportunity for students to be part of some valuable experiences this year.

If you have any questions or concerns with the above information, please don't hesitate to call us.
