

SPRING-FORD AREA SCHOOL DISTRICT

SPRING-FORD 8TH GRADE CENTER

700 WASHINGTON STREET, ROYERSFORD, PA 19468

November 30, 2020

ADMINISTRATION

Dr. Michael Siggins
Principal

Dr. Jennifer Rinehimer
House Principal

Parents,

The Spring-Ford Area School District nurses are being urged by the local Department of Health to continue to track students and staff that become positive for COVID or become exposed as close contact over the break and the week following. Data collected will help the Spring-Ford Area School District to safely reopen to in-person learning again as soon as possible.

Please help us remain current and transparent with our reporting by notifying our COVID liaisons at schoolnurse@spring-ford.net with the following information:

- Student or staff member with the positive test result
 - Name
 - School,
 - Phone number
 - Date symptoms began or test taken

- Student or staff member exposed or in Close Contact (within 6 feet for over 15 consecutive minutes with or without a mask) with a positive person
 - Name
 - School
 - Phone number
 - Date of the last contact with a positive person

As always, if you or a family member develop [symptoms of COVID-19](#), please consult with a medical professional, isolate from others, and consider COVID testing as recommended by the Department of Health.

We urge you to follow the [recommendations of the CDC](#) through the multiple holiday breaks, as well as the [updated Pennsylvania Travel Restrictions](#). We appreciate your continued support during these challenging times.

Sincerely,

Cathy Bradfield – RN, CSN, MEd.
