On January 27, 2014 the Board Meeting of the Board of School Directors of the Spring-Ford Area School District was called to order at 7:33 p.m. in the cafeteria of the Spring-Ford High School with the following in attendance:

Region I: Willard D. Cromley, Bernard F. Pettit and Kelly J. Spletzer
Region II: Dawn R. Heine and Todd R. Wolf
Region III: Mark P. Dehnert and Thomas J. DiBello
Presiding Officer: Joseph P. Ciresi
Superintendent: Dr. David R. Goodin
Business Manager: Timothy Anspach
Solicitor: Mark Fitzgerald, Esq.
Student Rep.: Taylor M. Auman

The following Board Members were absent:

Board President, Mr. Ciresi, opened the meeting with the call to order and the Pledge of Allegiance.

ANNOUNCEMENTS
Mrs. Fern announced that the school board is looking for a dedicated member of the community from Region II to fill the remaining two years of Julie Mullin's term. Mrs. Mullin resigned her position as School Director in order to take on the role of Upper Providence Tax Collector. Serving on the School Board is a great opportunity for residents to get involved and have a say in the education of our students. Any interested Region II district resident who is at least 18-years-old can submit a letter of interest via e-mail, U.S. Mail or hand-delivery to the administration building located at 857 South Lewis Road in Royersford. Applications should be addressed to the care of Diane Fern. E-mailed applications can be sent to dffern@spring-ford.net. All applications must be submitted by 4:00 PM on January 31, 2014. The Board will be holding a special board meeting on February 5th to interview applicants and vote on a new board member from Region II. Mrs. Fern advised everyone that due to the numerous snow days the District has experienced in recent weeks, changes have been made to the calendar. There were three snow days written into the calendar for the 2013-14 school year and thus far we have used four. The District had selected several make-up days in order to accommodate any additional unforeseen snow days beyond the original 3. Friday, February 14th will be the first make-up day for students and staff. Additional information on the school calendar can be found on the district website at www.spring-ford.net

I. PUBLIC TO BE HEARD ON AGENDA ITEMS ONLY
There were no comments from the public.
II. PRESENTATIONS
Mr. Ciresi requested that Item B under Other Business be moved up on the agenda.

Mr. Dehnert made a motion to approve Item B, Other Business, and Mrs. Heine seconded it. Motion passed 8-0.

Mr. Ciresi thanked Mrs. Mullin and said that all of the Board is opposed to her resigning by understand that she must due to her new position as the Upper Providence Tax Collector. Mr. Ciresi said that it has been an honor to have served and worked with her over the past 4 years. He stated that she has really put a lot of time into the district on for the community, the kids and the betterment of Spring-Ford. Mr. Ciresi thanked her on behalf of the Board and stated that they look forward to working with her over the next number of years in her new capacity.

Mr. DiBello echoed Mr. Ciresi’s sentiments and stated that Mrs. Mullin will be a Board Member that is missed wholeheartedly. He stated that she has been a tremendous asset for the kids and the community and it would be tough to list everything in one meeting as the list is endless. Mr. DiBello highlighted all Mrs. Mullin brought to the Policy Committee especially the fact that policies were not just reviewed and adjusted without the input of those individuals directly impacted or influenced by the policy. He stated that it will be tough getting used to her not being here.

Mr. Pettit thanked Mrs. Mullin for her past 6 years on the Board and stated that no one has worked harder. He stated that she helped turn the Curriculum Committee around along with the help of Dr. Floyd. Mr. Pettit stated that she has hard shoes to fill.

Mrs. Heine stated that it has been a pleasure not only to sit next to Mrs. Mullin at the Board Meetings but also to work with her on the committees. She thanked her for her patience Mrs. Heine added that she cannot imagine the adjustment Mrs. Mullin will be making and she as well as the entire Board would hope to see her regularly whether it is at Committee Meetings or Board Meetings.

Dr. Goodin recognized Mrs. Mullin for her service to the community and on the School Board. Mrs. Mullin was presented with flowers. Everyone was invited to enjoy some cake in recognition of Mrs. Mullin and her service. Dr. Goodin again thanked Mrs. Mullin for her service and what she has accomplished for the district.

Mrs. Mullin said it was with mixed emotions that she gave up this seat but with her position as the tax collector she cannot keep her seat on the Board. Mrs. Mullin stated that she served 6 years on the Board and she felt it was time to do something new. She commented that her service on the Board was a very rewarding time and she will miss it. She added that she met people and became friends with people that she normally would not have had the opportunity to meet if it was not for this position. Mrs. Mullin said she cannot take credit for the policy stuff as that was mainly Dr. Roche and the curriculum stuff was mainly Dr. Floyd. Mrs. Mullin stated that she is proud to say that she was part of the team that brought these two administrators on board and Dr. Goodin.

B. The Board accepted the resignation of Julie A. Mullin from the Spring-Ford Area Board of School Directors. Mrs. Mullin was elected as the Upper Providence Tax Collector and under Public School Code – Section 322 she must resign as it is prohibited for tax collectors to simultaneously hold the office of school director.
The Board took a recess to have cake in honor of Mrs. Mullin. The meeting reconvened at 7:49 pm

Mrs. Mary Pat Long introduced herself as the Principal of Brooke Elementary and also introduced students with her this evening and the staff accompanying her as well. She reported that tonight they will be presenting on Brooke’s Fundations Program. Mrs. Long commented that unfortunately Madilyn Cawley would have been here if the snow had not prevented the meeting from taking place last week but they wanted to give her recognition and the efforts she put into preparing for the presentation.

Mrs. Long stated that Dr. Nepps had come up with the idea of recording a series of videos so that families explaining the Fundations Program so that new families coming into Brooke would be able to view the video and have an understanding of the program. A video providing an overview of the program was shown. Dr. Nepps explained in the video that the Fundations Program is used in kindergarten, first and second grade and covers 5 critical reading instruction including phonemic awareness, phonics, fluency, vocabulary and comprehension.

Mrs. Young stated that tonight they are going to demonstrate a letter sound drill. She stated that in class a student is chosen to lead the class and they always practice drills on vowel sounds and any new and challenging sounds. The audience was asked to participate by echoing the sounds of the drill leader. Abigail Sabin led the demonstration on short vowel sounds and Jack Redcay led the one for consonant sounds. Next the Board Members were given letter boards to use as part of their participation in drills. Ethan Uba led the audience in echo find letters activity and Teagan O’Dea led everyone in the echo find words activity.

Mrs. Long stated that this was just a small sampling of the activities and if anyone wanted more information they could check Dr. Nepps website which can be found off of the Brooke Elementary website.

The students all expressed what they like best about the Fundations Program. Nick Flores stated that he likes building with the letter tiles. Jack Redcay said he likes writing on the slates. Teagan O’Dea commented that she likes being the leader and pointing to the sounds.

Dr. Goodin thanked the students and commented that they did a wonderful job with their presentation this evening.

A. Mary Pat Long, Principal, Dr. Marilyn Nepps, Reading Specialist, Nancy Daly, Marguerite Detwiler, and Amanda Young, Teachers, Madilyn Cawley, Nick Flores, Teagan O’Dea, Jack Redcay, Abigail Sabin and Ethan Uba, Students, to present on Brooke Elementary’s Fundations Program.

Dr. Goodin recognized all of the Board Members in honor of January being Board Recognition Month. He stated that one definition of public service is one who labors for the public good. Dr. Goodin gave special recognition to Mr. Ciresi for his 8 years of service on the Spring-Ford Area School Board and Mr. Pettit for his 12 years of service. Dr. Goodin also recognized Mrs. Mullin for her time on the School Board. Dr. Goodin thanked all of the Board Members for their public service and all they do for the students,
the community and what they do to make Spring-Ford the educational provider of choice for our community.

B. Presentation honoring the Spring-Ford Area School District Board of Directors who volunteer their time for the betterment of public education in our community.

Mr. Anspach stated that tonight they are here to present the Proposed Preliminary Budget for the 2014-2015 school year. He reported that the budget is in the early stages and will go through many changes through its review at the Finance Committee Meetings and will not be approved until June when it is finalized. The purpose of presenting it tonight is to allow 20 days for public inspection. Mr. Anspach reviewed the allowable exceptions which Spring-Ford is permitted to apply for.

Mr. Francella presented information showing a comparison of the 2013-14 school year budget to the 2014-2015 budget. He spoke about the changes in expenses. Mr. Francella pointed out the expense for salaries showed zero for right now as teacher negotiations are still in process. Mr. Francella next discussed the revenue changes. He reviewed the budget challenges and went over the important dates under Act 1 Guidelines for the budget timeline.

Mr. Ciresi stated that it is important from the public’s perspective to understand that some of these costs we have no control over as it is comes down to us from the state and we cannot do anything about that. Mr. Ciresi spoke about charter schools saying the district spends about $2 million a year which is a completely unfunded mandate and we have no control over what kids learn and we do not sit on any board there like we do at the MCIU and the Western Center. Mr. Ciresi stated that he feels if we are going to fund the charter schools then we should have a say over what goes on. Mr. Ciresi reported that PSERS is another bind that we cannot get out of right now. He also stated that employee health care costs are going up all over the country. Mr. Ciresi commented that what really stands out is that the increase in curriculum is only $250,000 but yet there is a $6 million increase to the budget. He asked everyone to imagine if some of this money did not have to go where it is going and it could be put towards education which is why we are all here. Mr. Ciresi said he really has to shake his head over how much the district must pay into mandates that we have no right to say anything on.

Mr. DiBello stated that that what was proposed was the preliminary budget that we are required to put forth to the state under their guidelines. He reiterated that when you look at the increase in expenses you have a $3.8 million increase associated to health care, PSERS and benefits for the staff. Mr. DiBello stated that the increase in these costs are not the fault of the staff but the downside is that it has a tremendous impact to the community. Mr. DiBello spoke about the zero percent increase in salaries due to negotiations still going on but added that if there is an increase then the budget will go up. He reported that roughly every $850,000 increase is about a 1% tax increase to the community. While there is some revenue to offset that increase we need to figure out what areas to help reduce spending. Mr. DiBello stated that there is a huge election this with regards to the Governor race and there is already a projected over one billion dollar shortfall in the state budget. He added that the state has sworn off any increase in taxes to the community at the state level which means they will force local school districts to find money to pay for these exorbitant increases. Mr. DiBello stated that the challenge to the district will be to figure out where the money will come from.
Mr. Pettit stated that the dedicated pensions from the state are way out of hand. He urged the public to contact the state representatives and ask that they do something about this and change the dedicated pensions into a 401K system. He commented that he feels this is the only way the state and the districts are going to stop being bled.

C. **Mr. Timothy Anspach**, Business Manager, and **Mr. David Francella**, Assistant Business Manager, to present the 2014-2015 Proposed Preliminary Budget for the Spring-Ford Area School District.

### III. APPROVAL OF MINUTES

Mr. Dehnert made a motion to approve Items A-D and Mr. Pettit seconded it. The motion passed 8-0.

A. The Board approved the October 28, 2013 Board Meeting minutes.

B. The Board approved the November 18, 2013 Work Session minutes.

C. The Board approved the November 25, 2013 Board Meeting minutes.

D. The Board approved the December 7, 2013 Board Reorganization Meeting minutes.

### IV. BOARD AND COMMITTEE REPORTS

**Student Rep. Report**

Taylor M. Auman

Taylor announced that with the snow days this past week, there are a few things that the public should be aware of. First, February 14th is now a regular day for everyone, this will compensate for time lost as a result of the snow closings. Also, the marking period was scheduled to close on January 27th, but since two more snow days occurred, the marking period will be closing on January 29th, and subsequently, report card release dates are being pushed back as well. Taylor stated that as for other district news, at the high school, applications for the annual Mr. Spring-Ford event are due to Mrs. German, Mrs. Blackledge, or Mrs. Ritter by the 5th of February. Also the football team is looking for 3 students to handle their videography and photography needs throughout the season. Midterm exam testing has begun, and he reiterated that the next two days will be an open campus to all students and once you are done testing you will be permitted to leave. Taylor stated that with regards to high school; all yearbooks, under the $45.00 price tag, are to be ordered by this Friday the 24th. He commented that in district-wide news, the first annual 5K run/walk and kid fun run is being held on April 11th and applications are due by the 28th of March. He stated that this is a fantastic cause, and the money raised will be used to benefit the entire community and school district. He encouraged everyone to come out and have a good time by helping the school district. Taylor next reported that as per the request of Mr. Ciresi a few months back, he took the liberty of spreading the word about the possibility of a coffee shop being put into the media center of the 10/12 building. Not surprisingly, nearly every student loved the idea and offered many opinions on what should be served, how it should be set up, etc. Even the teachers he spoke with were enthralled with the idea and they think it would be a positive addition to the high school. Taylor stated that some of the concerns from a few conscientious students were, where will the money come from and how soon will it be implemented. He reported that those questions obviously were unanswerable currently; however, they would definitely be concerns down the road. Taylor stated that he thinks that this proposed idea will continue to be well-received by the entire student body and faculty, and he urged the Board
to keep working on making this a reality. Taylor commented that he would like to note that with regards to the new policies on technology usage and the Wi-Fi network in the high school, the entire student body is extremely grateful that they are being encouraged to use their technology in order to enhance their experience in the classroom. Taylor stated that he believes we should foster this new approach towards learning and continue down this novel path.

Policy  
Dawn Heine  
2nd Mon. 7:00 p.m.
Mrs. Heine reported that the Policy Committee met on January 13th and reviewed and made changes to the attendance policy which is on the agenda as a first reading. She added that the changes made to it were so that it is more in line with the handbooks. The committee also made changes to the community volunteer policy which reflect the level of contact between volunteers and students and the clearances needed. She stated that Dr. Roche did a fabulous job classifying the two categories for volunteers and they are being identified as limited contact and substantial contact. The committee is moving forward with getting this policy cleaned up and on the agenda as a first reading. She reported that they continue to look at the student records policy and Dr. Roche is working with the district’s legal counsel to make sure we are in compliance with this policy. PSBA put out a list of recommended policy revisions for this school year and Mrs. Heine stated that they were very pleased to find out in the Policy Committee meeting that we were either on target or ahead of the game with policies that need revision. The committee is also keeping their ears open to new legislations and rulings that could ultimately impact the committee.

Curriculum/Technology  
Dawn Heine  
1st Tues. 6:30 p.m.
Mrs. Heine reported that the Curriculum/Technology Committee met on January 15th and on the technology side of thing they reviewed the budget which is a 10 year planning budget, discussed changes and why they were made. The surveillance camera contract is on the agenda tonight. Mrs. Heine reported that we will be participating in a national joint power alliance for this project which will assure competitive pricing for both the labor and materials. The committee also reviewed the leasing agreements with EPlus Technology which is to cover a scheduled refresh that will take place this spring and summer. Mrs. Heine reported that on the curriculum side they talked about the student learning objectives which our district is a pilot for. The program will measure, identify and document the effectiveness of teachers based on student achievement on content standards. Mrs. Heine stated that each teacher will have student learning objectives, some of which have already been created and there has been collaboration going on within the various departments. The committee also discussed the PA Core Standards and we are actually still ahead of the game on this because there was such a large push back in 2012 to get the core standards completed. Mrs. Heine added that if they are adopted by the state we will have some additional work to do but as of now we are ahead of the game. The committee discussed a new course for the 8th grade Science Program that is going to potentially be a warm up class for the High School STEM Program. Mrs. Heine reported that the curriculum budget was reviewed and Dr. Floyd is making sure that all curriculum and instruction items are being captured under his budget as opposed to them being attributed to several different areas. This will enable us to get an actual picture of his budget.

Extracurricular  
Will Cromley  
2nd Mon. 6:00 p.m.
Mr. Cromley reported that the Extracurricular Committee met on January 13th and viewed a presentation by Neil Rutter, the chair, for the Spring-Ford Area Senior High School Rampage newspaper group. Mr. Cromley stated that there are subscriptions sold
for the newspaper which has 5 sections to it. He added that each department has an editor who is responsible for content and design. Three students who were present for the committee meeting shared a short presentation on their duties and responsibilities for their current roles in the club. Mr. McDaniel presented an update on the fall sports program as far as the accomplishments and participation on both the boys’ and girls’ teams which is at roughly 850 students. Mrs. Ruppert was present and spoke about a new high school student opportunity, the Ace Mentoring Program. Mrs. Ruppert and Dr. Roche will continue to look at the program to see if it is meaningful. There was also a follow-up discussion on online ticket sales for athletics, theater and special events. This topic was placed on the agenda for the Leadership Team which will take place on January 29th. Dr. Roche will report back to the Extracurricular Committee on the interest level from the Leadership Team at the next meeting. There was also a review of the 7-12th grade student survey results for fall athletics which indicated a 79% overall participation in the survey. This survey gives students the opportunity to go back and report on their experiences with the sports that they just completed participating in. Mr. Cromley added that he neglected to mention that the cost for the online ticket sales device starts at roughly $5,000. Mr. Cromley stated that he wanted to publicly announce that the Girl’s High School Basketball Team funded their entire trip to the Bahamas Classic by themselves. No district funds were used for this activity.

Mr. Dehnert stated that the Ace Program is a great opportunity for students and at no cost to the district and he asked what is being done to make this happen as soon as possible. Dr. Roche responded that he met with Mrs. Ruppert as there were some questions regarding insurance, the Ace Corporation and where the mentors were coming from. Dr. Roche stated that the information will be brought back to the committee at the next meeting and we will hopefully be able to get it started as soon as possible. Mr. Dehnert he would like to see it started this year as it is a great program and at no cost to the district.

Finance Tom DiBello 2nd Tues. 7:00 p.m.
Mr. DiBello reported that the Finance Committee met on January 14th and reviewed the monthly executive reports and from an overall expenditure standpoint we are staying within the budget. The committee looked at the per capita costs to see if they could be eliminated and based on the analysis the revenue that is generated is not something we can do away with nor can we pass it on to a subset of taxpayers. The majority of the committee’s time was spent on reviewing the preliminary budget and trying to figure out ways to reduce the impact on the community as much as possible. Mr. DiBello reported that with the change in tax collectors for Upper Providence Township they are experiences some issues related to the reconciliation of taxes collected which are attributed to the former collector and not the new tax collector. The former tax collector is responsible for everything up to December 2013 and the new tax collector is responsible for everything from January 2014 on. This may eventually have to be turned over to the solicitor for resolution.

Mark Fitzgerald stated that there have been some preliminary discussions with his office and they contacted her bond on this issue and they are working through that at this point and as issues present themselves.

MCIU Tom DiBello 4th Weds. 7:45 p.m.
No report as the meeting was cancelled due to the weather.
Personnel  Bernard Pettit  (As Needed)
Mr. Pettit reported that the Personnel Committee met and discussions are continuing. He stated that hopefully they will have something to report next month.

Property  Joseph Ciresi  2nd Tues. 6:00 p.m.
Mr. Ciresi reported that the Property Committee met on January 14th and discussed looking at having a feasibility study done. Conversation continued on the Bechtel Road property. The committee also discussed purchasing a vehicle for security personnel and this will be placed on agenda next month for consideration. The 9th Grade Center’s gym ceiling needs some work done and that will be going out to bid. Mr. Ciresi commented that there was some extensive conversation on the fitness room at the 10-12 Grade Center which is too small for the population we have but we do not have many options so a lot more conversation on this needs to take place on this. Mr. Ciresi said that as Taylor brought up tonight there was discussion on the High School Café and the committee has asked for a full report to come back to them on the costs, how it will be done, how it will be maintained and the best way to implement that. Mr. Ciresi stated there is a motion for card reader systems for the press boxes at the football stadium and baseball stadium on the agenda this evening so that we know who has access to these areas and who comes in and out of them especially since there have been a couple break-ins. Mr. Ciresi reported that the committee discussed a location to put up a valedictorian and salutatorian wall in the auditorium or gym area. There was discussion on an art wall to be put into the high school. There was also conversation on giving the band an opportunity somewhere in the building to display all of their achievements for the public to be able to view.

PSBA Liaison  Kelly J. Spletzer
Mrs. Spletzer reported that she just received her introduction letter along with an invitation for their spring meeting which she does plan on attending.

WMCTC  Ciresi, Cromley, Heine  1st Mon. 7:00 p.m.
Mr. Ciresi reported that the WMCTC met for their reorganization meeting and there is not much to report on that. Mrs. Heine interrupted him and said yes there is and that Mr. Ciresi had been elected as the JOC President. Mr. Ciresi said the JOC Board looks forward to moving the JOC in a different direction. He stated that they have seen a huge improvement in population thanks to a push from the board, the administration and all of our building principals at the 8th and 9th grade level.

Superintendent’s Report  Dr. David R. Goodin
Dr. Goodin reported that we have missed 4 days so far due to bad weather. There were 3 days built into the end of the school year calendar and those days have been used. In addition there were additional emergency days built into the calendar to be used on an as-needed basis. Last Wednesday was our 4th snow day so the first emergency make-up day will be February 14th. Dr. Goodin stated that February 14th was originally slated to be an in-service with K-6 conferences being held. Dr. Goodin advised parents that individual conferences can still be scheduled by teachers on an as-needed basis. Dr. Goodin informed everyone that if another day of school is missed then the next make-up day will be February 17th. Dr. Goodin listed the other remaining emergency make-days that could be used so that the end of the school year and graduation could be set. Dr. Goodin reported that on January 30th and 31st the district will host the 3rd annual Board Back to School Day. He explained that this is an opportunity for the Board to visit classrooms and experience first-hand what our students experience every day. Dr. Goodin thanked the teachers who volunteered to host a visitor and the Board Members who agreed to come in
and see what is going on first-hand in our schools. Dr. Goodin reported that on Friday, April 11th the Educational Foundation will host the first annual 5K run/walk and kid fun run. Registration information can be found on the district’s website. Proceeds will benefit the annual Senior Impact Awards Program. Dr. Goodin urged everyone to come out and witness him outrunning Dr. Roche who does not stand a chance against his speed and endurance. Dr. Goodin said sponsorship opportunities for this event are available and information on this can also be found on the website. Dr. Roche stated that he would be happy to accept the challenge and would like to up the challenge and asked if Dr. Goodin would be willing to race against his 6 year old son. Dr. Roche said he believes that his son could take Dr. Goodin in the 5K. Dr. Roche stated that he personally will try to run with his son but will be busy with organizing the event. The following wager was made; if Dr. Goodin wins then he will publically shave Dr. Roche’s head into a mohawk and if Dr. Roche’s son wins then Dr. Goodin will spend an entire day working inside the art room display case at the high school.

**Solicitors Report**  
**Mark Fitzgerald**

Mr. Fitzgerald reported that on the agenda this evening is the approval of the settlement with regards to the Ravens Claw tax assessment appeal. Mr. Fitzgerald noted that the adjustments in the valuation of the property nets out to a refund to the taxpayer of $160,000.

Mr. Ciresi reported that the Board met in an executive session to discuss personnel and property issues.

VII. PROGRAMMING AND CURRICULUM

Mr. DiBello made a motion to approve Item A and Mr. Pettit seconded it.

Mr. Dehnert stated that he thinks we should consider not leasing these kinds of things anymore because we pay an interest charge on this. He commented that he thinks we should create a technology reserve and rather than make the payments to the leasing company we should pay ourselves back. Mr. Dehnert stated that this is costing us $50,000 above the value of the equipment and we have no ownership rights in the equipment at the end of the lease. Mr. Dehnert asked if his assumption was wrong. Mr. Reynolds stated that this agreement was written up as a dollar buyout at the end of the lease so essentially we own the equipment by paying the small fee.

Mr. Dehnert commented again that we were paying $50,000 for the lease and he asked Mr. Anspach how much interest we could earn on that money in our reserve accounts. Mr. Anspach stated that in today’s environment you would be lucky to earn a little over 1%. Mr. Dehnert said he believes we should move towards creating the reserve and paying ourselves back and saving the $50,000 over the course of four years.

Mr. Reynolds reported that the strategy for purchasing technology is to spread the funding of the technology over the lifetime of the equipment. He further stated that as far as the tool for purchasing the equipment does not matter on the technology side it is just that this allows the expenditure to be charged as an annual expense rather than one lump sum. Mr. Reynolds commented that we have a four year refresh strategy and the leasing basically helped us accomplish that but in order to purchase the same equipment this year we would have to come up with the full value of the equipment which is about $700,000 added to the budget for next year.

Mr. Dehnert stated that we could take money out of the Capital Reserve Account and pay ourselves back and he asked Mr. Anspach if this was correct. Mr. Anspach replied that funds in the Capital Reserve could be earmarked for this purpose.

Mr. DiBello commented that this topic keeps coming up on whether we should rent or buy and one of the things that would have a cost if we purchased it is figuring out how to dispose of it at the end of the life of the equipment as you cannot just throw it into dumpsters. Mr. DiBello said he is in favor of looking down the road at how we can reduce the expenditure but on the flip side we have been very strategic over the last year or so with what technology we are bringing into the school and how the technology is utilized. Mr. DiBello stated that you cannot just say that you are going to save $50,000 in finance charges and a lot of the money in the Capital Reserve Account has been earmarked for other projects. Mr. DiBello added that technology in the past did not have a reserve fund and we only just recently began to build that fund up with the hopes that maybe someday in the future that we would make decisions on what we should purchase versus what we should lease. Mr. DiBello stated that he does not necessarily disagree with Mr. Dehnert but he is going to disagree at this point because you cannot just say we are going to purchase it because we will save $50,000 because that is not necessarily the case.

Mr. Dehnert stated that there are companies that buy used technology so after four years this equipment will have a value to companies that buy equipment at some nominal value. Mr. Dehnert commented that to dispose of the equipment would not cost us any money. Mr. DiBello stated we could do that anyway at the end because we have a buyout option of $1.
Mr. Dehnert stated that we would save the $50,000 if we went the route of lending the money basically to ourselves rather than paying the leasing company the fee.

Mr. Ciresi commented that this is an ongoing conversation that will go back to the Curriculum and Technology Committee. Mr. Ciresi stated that there is also the conversation on the Google and Chrome and how that affects the future on how many computers we buy versus what we do with the student body. Mr. Ciresi stated that he would like to see us get to the day where every student has a computer in their hands. Mr. Ciresi said that is an option that still sits out there and may be a cheaper option in the future to consider. Mr. Ciresi suggested that it go back to Curriculum and Technology.

Mr. Dehnert asked if this motion could be tabled and if there was any reason why the decision needed to be made tonight. Mr. Reynolds replied that a delay would cause some issues with the replacing of administrative computers that are part of this lease. Mr. Reynolds added that there are office administration staff that are part of the refresh. He commented that the replacement of the computers takes a lot of time and if we delay the decision we actually end up in a position where we will not have enough time to replace them because there are over 60 secretarial and administrative assistant computers to replace and each one can take about a day to do. Mr. Reynolds said that if we wait too much longer then we will not have enough time before the old computers have to be returned to the vendor.

Mr. Dehnert proposed changing the motion that we buy the equipment and move money from our Capital Reserve Account and pay ourselves back each year one quarter of whatever the proposed lease payment is. There was no second to Mr. Dehnert’s motion.

The original motion passed 7-1 with Mr. Dehnert voting no.

A. The Board approved of an agreement with ePlus Group, Inc. for the lease of laptop computers, desktop computers, monitors, thin clients, tablets and other peripheral equipment to be refreshed during the spring and summer of 2014. The total equipment value of approximately $700,000.00 will be leased with four annual payments of approximately $187,500.00 and will be funded by the 2014-2015 Technology Budget.

VIII. PROPERTY
Mr. DiBello made a motion for Items A-G and Mr. Pettit seconded it.

Mr. Dehnert asked that Items D&G be separated.

Mr. DiBello and Mr. Pettit withdrew their motion and second.

Mr. DiBello made a motion to approve Items A-C and E-F, Mr. Pettit seconded it. The motion passed 8-0.

A. The Board approved seeking bids for the 8th Grade Center roof to be recoated as per the Preventive Maintenance Plan.

B. The Board approved seeking bids and awarding to the lowest bidder the contract for district-wide filters for indoor air quality as per the Maintenance Plan. Funding will come from the General Maintenance Budget.
C. The Board approved seeking bids and awarding to the lowest bidder the contract to replace carpet flooring with VCT tile on the lower level of Upper Providence Elementary School. This work will be completed during the summer months of 2014. Funding will come from the General Maintenance Budget.

E. The Board approved seeking bids to obtain an architect to write the specifications to repair the ceiling in the main gym at the 9th Grade Center due to delamination. Funding will come from the General Maintenance Budget.

F. The Board approved a contract with Black Forest Landscaping & Snowplowing, Inc., the lowest RFP and rejecting all other RFP’s, for district-wide mowing. This contract will be year one of a three year option. The total cost for year 1 is $1,225.00 per mowing based on twenty-three mowings per year on average. Funding will come from the General Maintenance Budget.

Mr. DiBello made a motion to approve Item D and Mr. Pettit seconded it.

Mr. Dehnert said if we have an issue and do not know who has keys to the two press boxes why we do not just change the locks and keep track of the keys and save $10,000 as the cost of a lock is far less than $10,000. Mr. Dehnert stated that from what he understands some of the equipment in Ram Stadium is not even worth $5,000. Mr. Dehnert commented that we are going to spend $5,000 to control who can get in there when we can change the locks and keep track of the keys.

The motion passed 7-1 with Mr. Dehnert voting no.

D. The Board approved having card readers installed, to control access for security purposes, at the press box entrance doors of both Coach McNelly Stadium and Ram Stadium. Funding will come from the General Maintenance Budget and shall not exceed 10,000.00.

Mr. Pettit made a motion to approve Item G and Mrs. Heine seconded it.

Mr. Dehnert stated that he is against Item G because of the reasons he stated last time this was on the agenda that we do not have a strategy for overall security and before we spend money we should have that strategy, make a plan and spend money accordingly.

Mr. Reynolds reminded the Board that this project is to repair a system that is not functioning properly. This system is a tool that is being used by our security team at the 9th Grade Center and the 10-12 Grade Center and they have complained for quite some time because the system we have is not working up to par. Mr. Reynolds stated that this recommendation and this project was to bring that system up to its potential to support their efforts and not specifically as a safety mechanism for student safety. Mr. Reynolds added that it is really for surveillance of the building and monitoring the coming and going from the building.

Dr. Goodin read from the Pennsylvania State Police School Safety Report which makes recommendations for school safety and one of the items is school surveillance. Dr. Goodin stated he was happy to report to the Board that based upon this report we have those recommendations in place as far as our overall security strategy in the district.
Mrs. Spletzer pointed out that the project was already approved and all the Board is voting on is the final proposal.

The motion passed 7-1 with Mr. Dehnert voting no.

G. The Board approved accepting the final proposal for the Surveillance System Upgrade at the Senior High School and 9th Grade Center by SimplexGrinnell per the National Joint Powers Alliance Contract #031913-SGL in the amount of $206,488.18. Funding for this project will come from the Capital Reserve for Technology and was approved by the Board of School Directors at the September 23, 2013 Board meeting.
