I. PUBLIC TO BE HEARD ON AGENDA ITEMS ONLY
There were no comments from the public.

II. PRESENTATIONS
Mr. Dehnert announced that with the rescheduling of the board meeting due to the weather conditions on Monday evening, several of the presentations must be postponed until February. The only presentation taking place this evening will be the one for the Spring-Ford Proposed Preliminary Budget by Dr. Goodin and Mr. Anspach.
Dr. Goodin explained timeline for the budget process under the Act 1 guidelines. He spoke about the budget shortfall by showing the 2015-2016 expenses and revenue and the difference between the two. Dr. Goodin next explained the Act 1 exceptions that the district is eligible to apply for which include special education expenditures and retirement contributions. Dr. Goodin showed the comparison of budgets from 2014-15 and 2015-16. Mr. Anspach spoke about the changes in expenses for 2015-2016. Mr. Anspach next discussed the 2015-16 revenues and highlighted the revenue changes. Mr. Anspach explained the challenges to the 2015-2016 budget. He also provided the board and the public with the important budget dates.

Mr. Ciresi stated that there was a reference to new personnel in the budget presentation and he asked if Dr. Goodin could explain what those positions were. Dr. Goodin replied that he did not have the list with all of the positions but that he had worked with the district administrators to come up with a list of requested positions. Dr. Goodin indicated that the positions will be reviewed during the Finance Committee meetings and that he and Dr. Roche rank the positions in the order of need. Mr. Ciresi asked when the Board may receive the list and Dr. Goodin replied at the Finance Committee meeting. Mr. Ciresi asked Mr. Anspach if he recalled what the budget was in 2010 and Mr. Anspach stated he did not recall this figure off the top of his head. Mr. Ciresi stated that it was about $134 million and from 2010 until last year the budget has grown about $7 million and we are now looking at about a $9 million jump in one year which is pretty significant. Mr. Ciresi stated he knows it is a huge jump in personnel and overall the budget presents a huge jump especially when the economy is in a rebound. Mr. Ciresi commented that the district needs to take a hard-nosed look at what we are spending money on because the one thing that stands out to him is that curriculum expenses is less than 10% and to the overall budget the increase is .0037%. Mr. Anspach stated that both he and Dr. Goodin would agree with Mr. Ciresi and he reminded everyone that this is just the preliminary budget and they realize that they have a lot of work yet to do. Mr. Ciresi asked that the personnel list be distributed to the Board. Mr. Ciresi pointed out that only 11% of the district's budget comes from the state and it is time that the taxpayers hold the state representatives accountable. Mr. Ciresi stated that the district is also paying for charter schools which rank 9th in the state which he finds disgusting.

Mr. Jackson asked why Mr. Ciresi picked 2010 as the year to compare the budget to and Mr. Ciresi stated that he could have picked any year but just chose that one.

A. Dr. David R. Goodin, Superintendent of Schools, and Mr. Timothy Anspach, Business Manager, to present the 2015-2016 Proposed Preliminary Budget for the Spring-Ford Area School District.

Dr. Goodin reported that all students were transported to and from school without any incidents. Dr. Goodin announced that over the past several years Spring City Hybrid School has received recognition for their hybrid learning approach. He added that hybrid learning provides students with more face to face time with their respective teachers as well as exposure to additional educational tools and technologies. Dr. Goodin reported that in December Spring City was featured in a report published by Delliker Strategies and the Hybrid Learning Institute on the latest hybrid learning program results. Spring-Ford was among the 19 school districts in the study and Spring City was featured for scoring proficient or advanced on the PSSA tests at a rate of 22% higher than the previous year with gains in all subjects attributable to their building-wide hybrid learning program. Dr. Goodin added that earlier this month the district learned that Spring City was only 1 of 96 Title I schools selected to be a Title I Distinguished School by PDE. Dr. Goodin stated that in addition they are eligible to be selected as Pennsylvania’s National Title I Distinguished School. Dr. Goodin commented that National Title I Distinguished Schools will be honored at Title I Conference in Salt Lake City, Utah in February 2015. Dr. Goodin next stated that earlier this month it was reported that the Collegeville Wegmans was selected as the recipient of the 2015 Council for Exceptional Children Business Award. Dr. Goodin commented that since its opening the Collegeville Wegmans has worked closely with Spring-Ford’s students offering employment opportunities with a competitive hourly rate and advancement opportunities for the district’s special education students. Dr. Goodin reported that Special Education Supervisor, Dr. Jeanmarie Mason had nominated the store for this prestigious award. Dr. Goodin congratulated the Wegmans’ Management Team and he thanked them for their continual support of Spring-Ford students. Dr. Goodin stated that in honor of National School Director Recognition Month he would like to personally thank the Board for their ongoing dedication to the students and staff of Spring-Ford. Mr. Dehnert asked that Item J be separated and Mr. Ciresi asked that Item T be separated.

Mr. Cromley made a motion to approve Items A-I and K-S and Mr. Jackson seconded it. The motion passed 7-0.
Mr. Ciresi made a motion to approve Item J and Mr. Pettit seconded it.

Mr. Dehnert commented that the Board did this same resolution a year ago and he does not feel that these resolutions are very effective. Mr. Dehnert suggested that a better use of their time would be to hold a town hall meeting and invite the state representatives to this meeting so that they could inform the public about their plans to have property tax reform and changes in the funding for schools and also address unfunded mandates and PSERS. This town hall meeting will also give the board and the community the opportunity to express their concerns and comment on what they would like to see done.

Mr. Pettit felt it was an excellent suggestion to hold a town hall meeting but also felt that the Board should follow through with the resolution.

Mr. Ciresi agreed as well with regards to the town hall meeting but stated that in talks he had with Senator Dinniman it was mentioned that Spring-Ford is his top district with regards to resolutions. Mr. Dinniman relayed to Mr. Ciresi that he has every resolution that Spring-Ford ever sent him.

Mrs. Heine also felt the resolution should be done as she stated that it sets the tone for what the district’s expectations are regarding the town hall meeting.

Mr. Dehnert was opposed to doing the same resolution as had been done before and he felt that there should be a different resolution with different wording.

Mr. Jackson suggested that the Board rewrite the resolution and Mr. Dehnert agreed with this suggestion.

Mr. Ciresi suggested that the resolution be sent to the Community Relations Committee to revise the wording. Mr. Dehnert agreed with Mr. Ciresi’s suggestion.

Mr. Jackson asked about the timeline for the town hall meeting and Mr. Dehnert replied within the next two months and no later than March 31st.

Mr. Ciresi withdrew his original motion and Mr. Pettit withdrew his second. Mr. Ciresi made a motion to table Item J and Mr. Pettit seconded it. The motion passed 7-0. Item J was tabled.

X. OTHER BUSINESS

Mr. Ciresi made a motion to approve Items A-C and Mr. Cromley seconded it.

Mr. Jackson asked about Item B wondering if the donations for the purchase of technology were outside of the technology plan or are they additional purchases. Mrs. Heine replied that the donations do not change the budgeted $250,000 or any items earmarked for that school. The donation is in addition to this and is the individual school group’s own doing.

Mr. Ciresi asked about Item C questioning if this could be made for the entire year. Dr. Goodin commented that he would prefer for it to be seasonally so that these items can be kept before the Board and not lost track of. Dr. Goodin added that this motion would give him the ability to approve post-season overnight travel when teams advance. Mr. Ciresi asked if the Board could not just do a policy that would give Dr. Goodin permission to approve this type of travel
rather than have to list it on the agenda constantly. Dr. Roche commented that the question has to do more with overnight travel, board approval and where that falls under our insurance. Dr. Roche stated that this motion is just a stop gap for in between meetings when a team qualifies and no meeting is scheduled before the team would have to travel, stay overnight and compete in the post season play. Mr. Ciresi asked if the solicitor could come up with a policy that would cover the district in the event of this occurring. Mr. Dehnert asked if other districts have a policy that allows the superintendent to grant this type of approval. Mr. Berman replied no, that most districts have approval granted by the Board in order to keep it before the Board as well as for insurance purposes, legal concerns and so that the Board can have control over the extent of which the district will be funding the post season play.

Discussion took place on the interpretation of this motion and whether in addition the policy needed to be revised. The consensus was to approve the motion and then take it back to the Policy Committee for further discussion and revision of the current policy.

The motion passed 7-0.

A. The following policies were approved:

1. Policy #210 – PUPILS: Use of Medications (Attachment A12)
3. Policy #249 – PUPILS: Bullying and Cyber Bullying (Attachment A14)
4. Policy #436 – PROFESSIONAL EMPLOYEES: Personal Leave (Attachment A15)
5. Policy #439 – PROFESSIONAL EMPLOYEES: Uncompensated Leave (Attachment A16)
6. Policy #536 – CLASSIFIED EMPLOYEES: Personal Leave (Attachment A17)

B. The Board acknowledged the donation of $15,306.46 from the Brooke Elementary Home and School Association to be used towards the purchase of 3 Interactive Projectors and 4 Document Cameras for Brooke Elementary School.

New Other Business

C. The Board granted approval for all Winter Athletic Teams/Individuals that qualify for post season play to be granted permission for overnight travel, when deemed necessary by the Athletic Department, and approved by the Superintendent or their Designee. The School Board will be notified of this travel and Board approval will be sought at the next scheduled Board meeting. Funding will be paid from the Athletic Budget.

XI. INFORMATIONAL ITEM

There were no questions.

A. Effective January 1, 2015, the IRS mileage rate increased from .56 cents per mile to 57.5 cents per mile.

XII. PUBLIC TO BE HEARD

There were no comments from the public.
Mr. Ciresi commented that a couple of weeks ago he had a conversation with the SNAP Committee which is going into its 9th year. He stated that SNAP is an extremely important program and last year they were not able to raise the same amount of money that they had raised in years past. He stated that this is causing a budgetary issue for SNAP. Mr. Ciresi asked the Board to give $10,000 towards SNAP to help support the issue this year so that it does not fall flat and the tradition that we have had can continue.

Mr. Jackson asked how the $10,000 amount was determined and Mr. Ciresi replied that he and Mr. DiBello asked them and they indicated that this was the approximate shortfall from the year before.

Mr. Dehnert stated that if they were $10,000 short last year it implies that someone had given money out of their pocket and this would indicate we were giving someone that money back. He added that he feels this creates some issues as we would need receipts in order to issue funds.

Mr. Ciresi explained this saying that last year SNAP did not host Dancing with the Stars which normally raises a lot of funds. He stated that the Committee put on the same program as in previous years which has them running at a shortfall for this year so they may not be able to put on the same type of event this year.

Mr. Dehnert asked if the Community Relations Committee could look at this in conjunction with the Business Office.

Mr. Cromley asked if this should fall under extra-curricular. Dr. Roche replied that it is not an extra-curricular as it is a parent run organization and the funds and books are kept through the Educational Foundation. Mr. Dehnert asked if it would fall under community relations and Dr. Roche stated he did not believe it fell under any committee as it is a parent run non-profit organization which supports the SNAP event.

Mr. Dehnert stated that rather than throw a motion out there he would like to see one of the Board Committees take a look at this along with the Business Office and then come back with a recommendation based on a little more in-depth investigation as to what is needed.

Mr. Anspach suggested possibly asking the Educational Foundation to make a donation as a donation was made in the past.

Mr. Dehnert asked what committee this should be taken to. Dr. Roche suggested possibly this was a Finance Committee conversation and they could look at the receipts and information that is there.

Mr. Ciresi stated that possibly the SNAP leaders could meet with administration and explain where they feel the shortfalls are and how much money it is. He stressed the urgency to act on this quickly as the event is in May.

Mr. Dehnert asked if Mr. Wolf would look into this at the next Community Relations Committee meeting. Mr. Wolf replied that he is willing to discuss this.

Mr. Cromley reported that the Spring-Ford Area High School would have 40 seats and students would have the choice of 3 cluster areas; Automotive, Construction and Human Services. Mr. Cromley stated that there would be no cost increase to the district. He stated that the only possible cost increase would be for staff
moving to full time, transportation costs, and supplies/consumables for students such as books and materials. Mr. Cromley reported that a presentation for the 9th grade program was approved. Mr. Cromley also reported that there will be contacts made in the future by Mr. Moritzen to the Royersford Chic-fil-a as well as the New Standards Company, a manufacturing company with regards to developing partnership opportunities between themselves and the WMCTC.

A. The Board approved adding the following extra-curricular clubs/contracts at the High School level as reported in the November minutes from the Extra-curricular Committee.

1. Ski Board Club – High School
   a. Advisor $678.00
   b. Advisor $678.00
Finance  Tom DiBello   2nd Tues. 7:00 p.m.
Mr. DiBello reported that the Finance Committee met November 11, 2014 and reviewed the meeting minutes from October and discussed the monthly executive reports. The reports showed that net assessments are up approximately $50 million for 2014-15 which represents roughly $1.3 million in new tax dollars for 2015-2016 if the assessments remain constant. The real estate transfer collections are running slightly higher than last years’ time period and if this holds constant then the district will collect over the projected budget amount. The EIT reports show an increase over last year. The self-funded insurance claims reflect that they are approximately $44,000 under budget. Payroll status is approximately $559,000 under budget. The cafeteria report showed a loss of $77,000 which is in line with last year’s reports that showed the dollar amounts lower at the beginning of the school year and then picking up as the year progressed. The committee asked administration to look into a possible marketing campaign to help increase sales. The committee reviewed an update on the annual audit report and the continued tax issues for Upper Providence Township. The committee did discuss and review historical data of actual expenses. The capital reserve spending plan for the district through the 2021-2022 school year which showed the amount of this fund at June 30th is at $13 million which includes a $1 million transfer from the General Fund. The budget worksheet was set up with the goal being to keep the tax increase as minimal as possible.

Mrs. Spletzer asked about the finalized audit and if the Board could be notified when this is done and it has been published. Mr. Anspach replied that he would do this.

Mr. Ciresi thanked the Board, the Business Office, the Administration and especially Mr. DiBello who chairs the Finance Committee for all of the work they have done to guide the district through one of the darkest times in history to put Spring-Ford in a great place. This has allowed Spring-Ford to retain programming, faculty, and staff through these hard times.

Dr. Roche announced that today marks Day 28 of the Public Review and Comment period for the Spring-Ford Area School District Comprehensive Plan beginning on July 1, 2015 and ending June 30, 2018. Dr. Roche advised everyone that it is not too late to read the draft and provide any comments or feedback on the plan. The on-line feedback form will be taken down tomorrow morning and the District Team will begin to finalize the plan for next week’s School Board Action Meeting. Dr. Roche thanked all 54 Planning Committee Members that met both during the work day and after hours to identify the goals and plans described in the Comprehensive Plan. He reported that the committee was comprised of School Board Members, Administrators, Parents, Students, Regular and Special Education Teachers, Coaches, Specialists, and Community Members. Dr. Roche provided an update and special spotlight video on the Instructional Coaching program. He stated that during last years’ planning for 2014-15, the administration discussed with the School Board the need for additional support and coaching for our teachers. He added that we were fortunate to begin this school year with two (2) elementary instructional coaches (one in ELA and one in Math) and two (2) secondary coaches (one in English and one in Math). A spotlight video highlighting the Instructional Coaches was shown. Dr. Roche shared with everyone that based upon the recent hazing cases that have been reported around the country and state, including in Montgomery County, PA, Mr. McDaniel and he met with all the winter and spring head and assistant athletic coaches in a proactive measure to address the expectations in supervision and maintaining a hazing-free environment for all student athletes. He reported that they reviewed the definition of hazing, ways to recognize hazing, examples from across the country and the connection between hazing and bullying. Mr. McDaniel will meet with each student athlete and/or team to share a similar message and explain the issues surrounding hazing. Dr. Roche reported that by the end of the month he will be in contact with all extra-curricular contract holders to provide the same documents that were shared with the athletic coaches. He stated that the goal is to be proactive to eliminate any hazing behavior and support all of our students.

Mr. Cromley spoke about attendance issues with teachers at the in-service sessions and suggested that possibly administration could look into presenting sessions on other topics that may be of more interest to the professional staff. Dr. Roche replied that the topics presented at the November 4th In-service were focused on smaller groups and items specific to those smaller groups, departments and content area.

Mr. DiBello asked how many teachers were absent on the in-service day and Dr. Goodin replied that approximately 94 teachers were absent. Mr. DiBello asked what the average number is on a daily basis and Dr. Goodin responded that he is not sure what the exact number is but it is roughly in the 25-30 range.

XIII. PUBLIC TO BE HEARD
There were no comments from the public.

Dr. Goodin stated that he wanted to comment on Dr. Roche’s presentation with regards to the significance of the Instructional Coaches. He thanked the Board for putting those four individuals in place because the level of embedded professional development that these folks are able to bring to the classroom teachers is significant. He again thanked the Board on behalf of the administration for allowing them to move forward with this.

Mr. DiBello commented that when Dr. Roche talked about the meeting with the athletic coaches regarding hazing that it was made clear and the coaches understood that there will be zero tolerance and there would be some type of termination if this did occur. Dr. Roche replied that this was made very clear as well as the message that this was to go home with the student athletes to their parents that there was someone on the coaching staff who was safe to go to and have a discussion if they felt the need. Dr. Roche stated that it was stressed that coaches needed to have this conversation with the athletes and not assume that it is not going to happen because as we are hearing in the news, it is happening everywhere around us so we need to be proactive.

XIV. ADJOURNMENT
Mr. DiBello made a motion to adjourn and Mr. Cromley seconded it. The motion passed 6-0. The meeting adjourned at 9:03 p.m.

Congratulations Jacqie!

I. PUBLIC TO BE HEARD ON AGENDA ITEMS ONLY

There were no comments from the public.

II. PRESENTATIONS

Mr. McDaniel thanked the School Board for allowing the Athletic Department the opportunity to recognize some athletes and teams. Mr. McDaniel stated that the theme for tonight is “Back to Back”. He added that the teams and the individual being recognized have won back to back championships.

Mr. McDaniel introduced Paul Power and his coach Brian Sullivan. Dr. Goodin and Mr. Ciresi presented Paul Power with a resolution in recognition of his accomplishment.

A. Presentation of Resolution #2014-26 commending Paul Power a member of the Spring-Ford Area High School Cross Country Team for winning the 2014 Pioneer Athletic Conference (PAC-10) Boys’ Cross Country Championship.
Mr. McDaniel introduced the High School Girls’ Soccer Team and their coaches. He stated that the Girls’ Soccer Team not only won back to back PAC 10 Championships but also went back to the State Tournament for the second year in a row. Dr. Goodin and Mr. Ciresi presented the soccer team and the coaches with resolutions recognizing their accomplishments. Mr. McDaniel noted that the coaches took over coaching the team after the second week of the season as the then current head coach took a job at West Chester University. Mr. McDaniel recognized the coaches for stepping up and leading the team to success this year.

B. Presentation of Resolution #2014-27 commending the Spring-Ford Area High School Girls’ Soccer Team and their coaches Tim Leyland, Kelly Gove and Scott Ziegler for winning the 2014 Pioneer Athletic Conference (PAC -10) Championship and advancing to the PIAA State Quarterfinal Game.

Dr. Goodin and Dr. Roche gave a presentation on the PA School Performance Profile. Dr. Goodin provided background on what the PA School Performance Profile is and what is included in the SPP score. Dr. Goodin reported that all 12 Spring-Ford schools exceeded a score of 80 which is above the state average and 6 schools scored above a 90. Dr. Roche reported that 10 out of 12 Spring-Ford schools met or exceeded 95% attendance rate and the other 2 were in the 93-94 range. Dr. Roche reported on the state-wide SPP facts which showed that all Spring-Ford schools are well above the state average which was 76.9 for traditional public schools, 65.1 for brick and mortar charter schools and 48.9 for cyber charter schools. SPP has indicated that a score of 70 or higher is a mark of moving toward success. Dr. Roche shared the SPP results for the individual Spring-Ford buildings. Dr. Roche offered congratulations to all Spring-Ford students, staff, administrators and families. Dr. Roche reported on the goals for the district looking ahead, possible challenges and action planning for the district.

Mr. Ciresi asked if the scores presented tonight were the same as the ones the saw previously and Dr. Goodin stated that the SPP scores presented tonight are the scores from last year as there is a lag time in getting them from the state. Dr. Roche added that the scores that were talked about in September were the PSSA scores which only represent 40% of the total SPP scores.

Mr. Cromley stated that everyone needs to keep in mind that students who had a perfect score one year and then missed a question the following year will have that show up as a penalty against the district. Dr. Goodin confirmed this is correct as the trajectory according to SPP should always be moving forward. Mr. Cromley added that the student may still be advanced but will be penalized for missing the question this year. Dr. Goodin stated that we will see some variation in the growth piece due to this. Mr. Cromley asked about the ESL students and a new student coming into the district and if in fact that student would be expected to test and perform at the same level as our English speaking students and Dr. Goodin confirmed this was true. Dr. Roche stated that there are time barriers from when students enter the school and whether their score will be attributed to that buildings score. He added that the scores are cohort scores and although based upon individual scores they are part of a cohort score.

Mr. DiBello commented that the goal is for us to keep moving forward and in some instances it may be one or two percentage points. Mr. DiBello stated that one thing we need to note is that the charter schools and cyber schools are performing well under the state average but yet the district is paying well over $2 million of taxpayer money to those under-performing schools. He commented that this money would go a long way for Spring-Ford.
Mr. Cromley congratulated the students, the teaching staff, the support staff and the administrative team at all levels and stated that everyone is a player in this process every year and it is extremely important that our students continue to impress. Mr. Ciresi concurred with Mr. Cromley’s comments.

C. Dr. David R. Goodin, Superintendent, and Dr. Allyn J. Roche, Assistant Superintendent, to present the 2013-2014 School Performance Profile for the Spring-Ford Area School District.

Mr. Ciresi announced that the Board did meet in an Executive Session prior to the meeting tonight to discuss personnel issues.

III. BOARD AND COMMITTEE REPORTS

MCIU    Tom DiBello   4th Weds. 7:45 p.m.

Mr. DiBello reported that the MCIU Board met on November 19th and approved the 2015-16 MCIU General Operating Budget in the amount of $8.4 million. The budget will be sent out to each of the local districts for action. The completed budget will be available by March 2016. The board approved renovation related contracts for work stations and office furniture in the amount of $267,000. Mr. DiBello reported that the reason for this is due to the fact that the building the IU will be moving into had about $1 million in furniture left behind from the previous tenant so it was more cost effective to spend the $267,000 for renovations rather than go out and purchase all new furniture. Mr. DiBello stated that the board also viewed a presentation of the 2015-2016 Special Education Budget which is approximately $69 million which represents an overall decrease of 4.58%. There was an update from the new Executive Director, Dr. George, which revealed that the MCIU had completed the federal grant application to operate the Head Start Program for Montgomery County. The MCIU Board also reviewed current legislative items.

Curriculum/Technology   Dawn Heine   1st Tues. 6:30 p.m.

Mrs. Heine reported that the Curriculum & Technology Committee met on November 4, 2014 and discussed materials and resources with regards to the on-line textbook component for the 7th grade science and approval for Spanish II and French II courses. The committee also reviewed the Social Studies scope and sequence in order to clarify the courses students are expected to take from 6th through 12th grade. The required courses for 6th-8th grade were clarified while there was an allowance for choices for grades 9th -12th in order to encourage AP options for students. The committee, in response to a question, discussed the need for courses beyond the required ones and investing additional dollars into the subject area. The concern raised was if there was value added to a student’s ability to obtain a job when most jobs now focus on STEM education. The state requirements as well as the diverse interests of students were brought up by administration and discussed. A presentation on STEM education at Spring-Ford was shared. Mrs. Heine stated that the committee discussed the current STEM course offerings and the goals for the future of the STEM program in the district. Mrs. Heine reported that on the Technology side the Committee viewed a technology overview presentation by Mr. Reynolds which provided a summary of key initiatives in the areas of technology infrastructure, technical support, process improvement, and instructional technology. The rollout of Smart Classrooms was discussed as was the pilot for Modernized Learning. Future considerations discussed were the reduction in printing and copy costs, expansion of wireless coverage, the provision of additional support technicians to meet increased demand, explore athletic registration solutions, solutions for the online collection of student fees, create a new 4-year technology refresh plan and complete Smart Classroom installations for eligible classrooms.
Mr. Ciresi asked if all of the students who are part of the Modernized Learning pilot received their computers and if not when will they get them. Mr. Reynolds replied that the schedule is that the students will receive the devices at the start of the 3rd marking period which would be in January.

Mr. DiBello asked where we are at with getting the devices and Mr. Reynolds responded that not all of the devices have been received but the devices received thus far have been put into the teacher’s hands and we are in the process of training the teachers on those devices.

**Policy**  Dawn Heine  2nd Mon. 7:00 p.m.

Mrs. Heine reported that the Policy Committee met on November 12, 2014 and reviewed six policies; Policy 210, 210.1, 436, 536, 439, and 249. Mrs. Heine reported that Policy 216 continues to be reviewed by administration, school psychologists, the special education team and the district solicitor in order to create a comprehensive plan for the keeping, transferring and destruction of student records. Policy 137 and 121 will be added to the January agenda for review. Mrs. Heine added that the Volunteer Policy will also be reviewed due to the new legislation recently approved.

**Personnel**  Bernard Pettit  (As Needed)

Mr. Pettit reported that the Personnel Committee met with three of the support groups to discuss their needs and concerns. Mr. Pettit stated that this process will continue going forward.

**Superintendent Eval.**  Bernard Pettit  (As Needed)

Mr. Pettit reported that the Superintendent Evaluation Committee is in the process of developing goals and objectives for the Superintendent and this process is going forward also.

**Superintendent Report**  Dr. David R. Goodin

Dr. Goodin reported that once again the Spring-Ford Area High School has once again been recognized as one of 547 high schools across the United States and Canada in the 5th Annual AP District Honor Roll. The honor roll honors districts who have increased access to advanced placement course work while simultaneously maintaining or increasing the percentage of students earning scores of 3 or higher on AP exams. Dr. Goodin stated that reaching these goals indicates that have successfully identified motivated, academically prepared students who are likely to benefit from rigorous AP course work. Dr. Goodin reported that Spring-Ford Area High School is 1 of only 41 districts in Pennsylvania which made the list and 1 of only 21 in the state who has achieved this honor for multiple years. Dr. Goodin stated that we have consistently increased the number of AP courses offered each year and have seen great results from our students. Dr. Goodin added that Spring-Ford students recognize the benefits of taking AP courses in high school and find that they are ahead of the game when they reach college and are more comfortable with collegiate level work. Dr. Goodin commended Mr. Nugent on the efforts of the high school

**Solicitor’s Report**  Mark Fitzgerald

No report

Mr. Ciresi announced that there will be a School Board Re-Organizational meeting next Monday night with a start time of 7:30 p.m.
Mr. Ciresi stated that there are two additional reports. He reported that this past week some of the Board members participated in the Board Back to School Day. He thanked the teachers and staff who participated in the day. Mr. Ciresi recapped his day which began at Royersford Elementary and concluded at the High School. Mr. Ciresi invited all Board Members to take advantage of these days when offered as it is a great way for them to remember what it is like to be a student.

Mr. DiBello also thanked the teachers who participated in the day. Mr. DiBello stated that this is the 4th year they have done this and it is an extremely enjoyable experience being there with the kids and seeing their enthusiasm in class. He provided a recap of his day which began at the High School and concluded at Royersford Elementary.

Mr. Ciresi reported that this week he and Mrs. Heine had the opportunity to attend the Skills USA Leadership Seminar, which took place in the Poconos. Mr. Ciresi stated that they had the opportunity to see students from our Western Center along with those from other technical schools engage in leadership opportunities, write curriculum, calculate expenses and how they would spend their money and see how they built camaraderie and interacted with other schools in the area. Mr. Ciresi commented that it was a very engaging day.

Mrs. Heine reported that it was a very full day and it was great to see the kids and how they were broken up into six different teams along with the other technical school students and then tasked with a project where they created a school. Mrs. Heine stated that watching how the kids carry forth what they learn and see the energy the teachers put into this was incredible. Mrs. Heine reported that the students and teachers were all very welcoming to her and Mr. Ciresi.

Mr. Ciresi urged board members to attend functions that they are invited to as there are times when they are asked to approve funding for programs and this helps them all understand what they are being asked to support.

V. The Board approved the audit of the 2013 Upper Providence tax records performed by the independent auditors, Maillie LLP and accept the same as the District’s understanding of the real estate tax delinquencies for taxes levied for the July 2013 to June 2014 fiscal year. The completed audit and its resulting proposed lien list have been supplied to the former tax collector. Those items are sufficient to enable the former tax collector or any individual authorized to act on the former tax collector’s behalf to proceed with filing the delinquent liens with the Montgomery County Tax Claim Office and its contracted collector (Northeast Revenue Service). Because neither the former tax collector nor anyone acting on her behalf has executed a lien list and submitted it to the county for collections, the Board of School Directors deems the entire audited amount, together with any other expenses paid to pursue that amount, a loss and directs the Administration to make a claim for the final amount to the insurance company that issued the bond for the former tax collector.

W. The Board approved Resolution 2014-39, granting authority to make a claim against the bond and otherwise act as required to accomplish the filing of the lien list with the Montgomery Tax Claims office as expeditious as possible.

X. OTHER BUSINESS

Mr. Dehnert made a motion to approve Items A-B, D-F and Mr. Pettit seconded it.

Mr. Pettit commented on D, E and F saying that the home and school associations should all be commended for their assistance and interest in helping the district to supply their students with this additional technology.

Mr. Cromley asked Mr. Reynolds if we are still following up with our Smart Classroom initiative plans at the buildings this year. Mr. Reynolds replied yes, we are still on track with this. He added that his department just evaluated bids for the labor component and that was what was recommended on the agenda this evening. Mr. Reynolds reported that they are at the point where once they contact the vendor they will be able to schedule the installations and the plan is to complete this by the end of January.

Mrs. Spletzer asked how the new purchases from the home and school associations play into the new initiative plan and Mr. Reynolds explained that the funds required for the work to be done and the installation at the 5th/6th Grade Center and the 7th Grade Center were more than the district had to allocate. He added that the home and school had a conversation with Mrs. Nuneviller and indicated that they wanted to donate funds so that more classrooms could outfitted. Mrs. Spletzer asked if this was also the case with Oaks Elementary and Mr. Reynolds replied no, Oaks wanted to install presentation equipment in their multi-purpose room so this was an entirely different project. Mrs. Spletzer asked about the timeframe for the work to be done on both projects and Mr. Reynolds replied that they would be scheduled differently but most likely in the same timeframe.

Mr. Cromley asked if we are also working with the 8th Grade Center and Mr. Reynolds replied yes, they are part of the larger project.

Mr. Jackson asked for clarification on Mr. Reynolds comment that the item on the agenda was for labor only and did not include any equipment. Mr. Reynolds replied that the labor item spoken about was under Programming and Curriculum and was for the larger Smart Classroom initiative project but the $40,000 donation from the 5th/6th Grade Home and School was for equipment and labor both.

Mr. Cromley questioned the Oaks initiative and the current donation from the home and school association and whether there were any other district buildings that will have this type of setup in the multi-purpose room. Mr. Reynolds responded outside of the High School no other building has this type of setup. Dr. Roche added that based upon the building design it may not be feasible for all buildings to have this.

The motion passed 9-0.

1. Policy #217 – PUPILS: Graduation Requirements

XI. PUBLIC TO BE HEARD

Mr. Ciresi commented that over the weekend he received two calls from Board Members notifying him of the possibility of the fact that they may not be able to attend Monday evening’s Board Reorganization Meeting. Mr. Ciresi stated that he had spoken with Mr. Fitzgerald and last year there was an opportunity to Skype into meeting so we will need to pass a motion tonight in order to allow this to happen. Mr. Fitzgerald stated that this was correct and in the big picture we should probably have a board policy with regards to this.

Mr. DiBello made the motion to allow Board Members to Skype in to participate in the School Board Reorganization meeting and Mr. Ciresi seconded it.

Dr. Goodin asked if one individual would be Skyping in or two and Mr. Ciresi stated he did not know who would be available to Skype in so it may be one or it may be two. Mr. Reynolds stated that they successfully tested one individual Skyping in but we have not tested having two people do this at the same time and if this is a requirement then he could certainly test this and may have to come back with a recommendation based on that testing.

Mr. Ciresi stated that the purpose of the motion is to allow them to Skype in and possibly we may need to do this some other way than Skyping.
The floor was opened up for public comment. There were no comments from the public.

Mr. Jackson asked if this sets a precedence for Skyping in during regular board meetings. Mr. Fitzgerald replied yes and no. He stated that yes the board is doing this but the problem with precedence with boards is that boards turn over so what we had last year was a bunch of board members who are no longer here approving this to occur. He added that now there are at least 3 new board members who should have the opportunity to vote on this and this is why he believes that a policy addressing this is needed so that this is not being done on an Ad-Hoc basis.

The motion passed 9-0.

The Board gave approval for Board Members, who are unable to attend, to Skype into the December 1, 2014 Board Reorganization meeting.

Mr. DiBello commented that Mrs. Heine provided and excellent report regarding Curriculum and the STEM Program regarding what is going on and earlier this year he, Mr. Ciresi, Dr. Goodin and Dr. Floyd travelled to the Hazelton School District to look at their STEM Academy. Mr. DiBello stated that as we proceed forward we may not need to implement a STEM Academy, per say, but what Hazelton is doing with this magnet school is truly amazing. Mr. DiBello said he believes that as we move forward to extend our STEM offerings we should take them up on their offer to visit them again and further learn about their STEM Academy. Mr. DiBello commented that Hazelton also realized the importance of STEM being just one aspect of the success of our students and there are many careers that our students are going to want to embark on. Mr. DiBello reported that Hazelton is looking to build a STEM Academy for the Arts and stated that this is interesting and something we could learn a lot from.

There were no comments from the public.

Mr. Ciresi recognized Frank Otto who had covered the district as a reporter for the Pottstown Mercury and he thanked him for his time. Mr. DiBello stated that he believes Mr. Otto has done an excellent job while here and reporting on the district for the past 3 years.

ANNOUNCEMENTS
There were no announcements.

I. PUBLIC TO BE HEARD ON AGENDA ITEMS ONLY
There were no comments from the public.

II. OTHER BUSINESS
Mr. Cromley made a motion to approve Item A and Mrs. Spletzer seconded it.

Mrs. Heine commented that she is hoping that we are more prepared in years to come and not running behind the 8-ball trying to get approvals at the last minute. Mrs. Heine pointed out that there was barely a board present tonight to approve this. She stated that for the sake of the kids she is glad that they were able to have 5 people here tonight. She added that she would hate to have Mr. McDaniel in a tough position if they were not able to get 5 board members to come out to vote on this.

Mr. Dehnert stated that he thought that it would make sense to change the policy to give the superintendent the authority to approve these overnight trips. Mr. Dehnert added that he is not sure what the history is on why the board must approve these. He stated that the superintendent and any future superintendents are responsible enough to make that decision and make the right call. Mr. Dehnert asked that this be taken to the Policy Committee to look at possibly changing the policy to permit this.
The motion passed 5-0.

RESOLUTION 2015-05

RESOLUTION URGING THE GENERAL ASSEMBLY TO ESTABLISH A NEW FUNDING FORMULA FOR BASIC EDUCATION

WHEREAS, Pennsylvania's more than 1.8 million public school students deserve the highest quality education; and

WHEREAS, the state's contribution in funding public education as a percentage of basic instructional expenses has declined from over 50% during the mid 1970's, to less than 35% today; and, on average, other states contribute 44% of total education funding, with Pennsylvania ranking 42 among the 50 states in the amount of state subsidies allocated to support elementary and secondary education and ranks 8th in reliance on local taxes; and

WHEREAS, as the state's share of K-12 education funding decreases while the number of state and federal mandates for public schools steadily increases each year, additional burden is placed on local taxpayers to make up the difference to ensure that our students' education is not jeopardized; and

WHEREAS, in recent years, basic education funding has been distributed without the benefit of a funding formula, with the lack of a reliable, fair and transparent funding formula resulting in great disparities in how state education funds are distributed to school districts; and

WHEREAS, these inequities effectively harm the ability of school districts to adequately and fairly provide the resources for the different needs of their students, especially those in poverty, those with disabilities, English language learners and other students; and

WHEREAS, the Spring-Ford Area School District supports the development of a system of public school financing that addresses the needs of school districts and students, and establishes a school funding formula that is equitable, adequate, comprehensive and consistent.

NOW, THEREFORE, BE IT RESOLVED that the Spring-Ford Area School District urges the General Assembly to reinvest its interest in the support of public schools by taking legislative action to establish a formula that is predictable and addresses adequacy and equity for all school districts; and
BE IT FURTHER RESOLVED that the Spring-Ford Area School District will encourage others, including parents, students and district taxpayers, to contact the Pennsylvania General Assembly to convey the importance of establishing a fair and equitable public school funding formula; and

BE IT FURTHER RESOLVED that a copy of this resolution submitted to the elected senators and representatives of the Spring-Ford Area School District in the General Assembly, and to the Governor of Pennsylvania.

Adopted this 26th day of January, 2015

**SECTION:** PUPILS  
**TITLE:** USE OF MEDICATIONS  
**ADOPTED:** March 25, 1991  
**REVISED:** February 25, 2013  
**REVIEWED:** November 12, 2014

#### 210. USE OF MEDICATIONS

| 1. Purpose | The Board shall not be responsible for the diagnosis and treatment of student illness.  
| Pol. 103 | Ideally, all medication should be given at home. In some situations, however, the attendance and education of a student is dependent upon receiving medication while at school. If a student is required to take medications during school hours, the parents/guardians and student must comply with the required procedures.  
| Pol. 121, 122, 123 | This policy and procedures affected by this policy are effective for the regular academic year, field trips, and before/after school programs and summer programs.  
| 2. Definition | For purposes of this policy, **medication** shall include all medicines prescribed by a physician and any over-the-counter (OTC) medicines, including herbal preparations, enzymes, vitamins and minerals.  
| 3. Delegation of Responsibility | The administration of medication to students at school is a closely controlled situation.  

The Superintendent or designee, in conjunction with the **Department of Health Services Chair Person**, shall develop procedures for the administration and self-administration of students’ medications.

Building administrators and the **department chair** shall review regularly the procedures for administration and self-administration of medications and shall evaluate recordkeeping, safety practices, and effectiveness of this policy.

The district shall inform all parents/guardians, students and staff about the policy and procedures governing the administration of medications. **Primary notification shall take place via the student handbook.**

The treatment of illnesses and injuries is permitted in accordance with guidelines approved by the school physician by appropriate Spring-Ford Area School District personnel. Only Certified School Nurses (CSN) or licensed nurses (RN) employed by the Spring-Ford Area School District may administer medications as part of the treatment of these illnesses and injuries as prescribed by the school physician or...
student’s private health care provider. **Contracted and/or agency nurses that are administering medication to their assigned student as a part of the student’s individualized care plan must have their agency supervisor provide the building nurse the list of medications and administration schedule for each student at the beginning of the school year or at anytime during the school year when the medications and/or schedule changes.**

The Spring-Ford Area School District CSN or other licensed nurses (RN’s) cannot lawfully delegate the nursing function of medication administration to the principal, teacher, administrative personnel, and paraprofessionals.

If the employee suspects that bullying or cyber bullying has occurred, a referral must be submitted to the building principal. Employees who witness acts of bullying shall respond appropriately to ensure observed acts of bullying cease and to teach students that bullying is not acceptable behavior.

The building principal or his/her designee will inform parents/guardians as appropriate.

Students who are found to have bullied others may receive counseling, a parental conference, detention, suspension, expulsion, loss of school privileges, and/or exclusion from school-sponsored activities.

Depending upon the severity of a particular situation, the building principal may also take appropriate steps to further ensure student safety. Such steps may include the implementation of a safety plan; separating and supervising the students involved; providing employee support for students as needed; and reporting incidents to law enforcement, if appropriate.

Consecutive days of absence which include any of the previously enumerated days on which personal leave is prohibited, do not qualify as personal leave days. In the event of an emergency, a request for consideration shall be presented to the Superintendent for a decision.

Compensation for personal leave shall be paid in full for approved time off.

The Collective Bargaining Agreement with the Spring-Ford Education Association provides for procedures that may differ from this policy. In the event that such a condition exists, the procedures must be adapted to the Collective Bargaining Agreement for the bargaining unit personnel.
### 439. UNCOMPENSATED LEAVE

**1. Purpose**

The Board recognizes that in certain instances an employee may wish extended leave for personal reasons, and the district could benefit from the return of said employee. This policy establishes guidelines for the award of uncompensated leaves of absence.

**2. Authority**

The Board reserves the right to specify the conditions under which uncompensated leave may be taken.

**3. Guidelines**

**Purpose**

Uncompensated leave may be taken for the following purposes:

2. **Engaging in full-time graduate or undergraduate studies in the field of education.**

3. **Recovering from an incapacitating personal illness.**

The maximum duration of the leave shall be the lesser of the following intervals required solely for accomplishing the purpose for which the leave is being granted.

The Board believes that student achievement is fostered by continuity in the relationship between pupils and personnel who play a part in nurturing their development. It is the intent of this policy to assure that undue interference in the educational program does not occur as a result of employee absence.

No professional employee except as provided herein, shall be absent from duty for reasons other than those as provided in existing policy, the Pennsylvania School Code, the current collective bargaining agreement or benefit provisions of various employee groups, or as required by personal or family emergency, employee health, activities directly related to employment by the school district, or civic responsibilities imposed by law. All absences, other than those noted, are in the Board's judgment, detrimental to the welfare of children attending the schools, the educational program, the efficiency of noninstructional and instructional services, and effective administration of the schools.
It is recognized, however, that employees may have special needs which require their absence from assigned duties. The administration is authorized to develop regulations for the administration of a leave program which will allow any employee reasonable opportunity to respond to these special needs. In conformity with the express intent of this policy, it is anticipated that employee absence pursuant hereto will occur only after serious consideration of the impact of such absence on the school program.
