IV. BOARD AND COMMITTEE REPORTS
Curriculum/Technology    Dawn Heine    1st Tues. 6:30 p.m.
Mrs. Heine reported that the Curriculum and Technology Committee met on February 4th and received an update on the Spring City Hybrid Learning Center. She advised the public of the video that is posted on the district’s home webpage which provides an overview of the Hybrid Learning Center. Mrs. Heine reported that the floor plan model was reviewed and the model of the hybrid learning was also discussed with 2nd and 4th grade teachers joining in the discussion. The PSSA training that Dr. Floyd and Mrs. Bast attended earlier in the week was discussed and the dates for PSSA Testing were reviewed. The committee also discussed the communication plan for the two new programs; STEM and Global Studies. She reported that a presentation was done for the 8th graders and these programs will appear in the course catalog for next year. Mrs. Heine reported that students are still enrolling in courses so final numbers are not known yet. Mrs. Heine commented that they are still looking at and redesigning and defining what curriculum is covered in what areas and grades based on the Common Core Standards and the Keystone Exams. The committee reviewed the technology refresh and, based on the Evans refresh from last year, all other elementary schools will be outfitted as follows: Grades K-1 will have six iPads and charging stations per classroom, Grades 2-4 will have six 11 inch laptops with charging stations, the reading specialists will have six iPads and charging stations per classroom, the learning support, ESL and autistic classes will have iPads and notebooks assigned based on grade level. Mrs. Heine reported that the administrative refresh is scheduled to start soon along with 375 other staff and student laptop computers. The Smart Classroom was also discussed and the committee reviewed the $250,000 that was allocated to increase the Smart technologies within the classrooms. All schools have been reviewed and the needs for this $250,000 have been identified. The committee discussed the need for support in data and reporting and this need continues to grow based on the inputs and reports that are required. The committee reviewed the responsibilities and how they could be divided up as well as cross training two individuals. Mrs. Heine stated that the district is very vulnerable in this area and that is due to the amount of data that is input as well as the number of reports that one person in the district is responsible for. Mrs. Heine stated that as the district continues to grow so do the input fields that this particular person has to insure are accurate. Mrs. Heine said this will continue to be discussed as well as the possible addition of this position.

Mr. Dehnert stated that back when Hybrid Learning was approved there was discussion on measurements and benchmarks and he wondered if there could be a presentation in the coming months on the performance we have had in the first year and what it looks
like today in comparison with those benchmarks. Dr. Floyd replied that the data they have is only for this past year and they will be happy to share that information.

X. PUBLIC TO BE HEARD

Amy Beebe, Limerick, PA. Ms. Beebe read a statement that expressed concern about the level of knowledge and qualifications that children are exposed to in the field of sports. She felt that it was imperative that for the safety and well-being of the children that they learn and clearly understand the fundamentals of sports from those who have lived and loved the sport. Ms. Beebe indicated that there were active community members in the district who want to teach children. Ms. Beebe expressed concern over the district hiring individuals from outside of the community and not knowing the individual’s past. Ms. Beebe asked that this situation be investigated and an action plan be put in place. Ms. Beebe stated that she wanted to highlight a community member, Hank King. She provided background on Mr. King and his career in baseball.

Mr. DiBello interrupted Ms. Beebe to get clarification on the issue at hand. Ms. Beebe replied that the issue is the overall process for extra-curricular activity coaching, practice schedules and the processes in place.

Ms. Beebe continued to list the accomplishments of Mr. King. She stated that Mr. King wants to teach kids all he has to offer in the world of baseball but has not had the opportunity to help Spring-Ford kids through coaching which has been frustrating.

Dr. Kellen Kovalovich, Phoenixville, PA. It was determined that Dr. Kovalovich was not a resident of Spring-Ford but practices medicine in the Royersford area. The Board permitted him to speak. Dr. Kovalovich gave some background on his medical practice. He commented that it was his understanding that the 7th grade baseball coach position was up in the air and Hank King was invited to interview. He asked what the policy was in interviewing the head coaching position and should the athletic director interview all candidates or do subordinates interview? Mr. Fitzgerald responded on behalf of the board saying generally when it comes to personnel matters the Board would defer to the decisions of the administration. He added that with regard to filling positions for extra-curricular activities it is sometimes highly prescribed through the teacher’s contract with a preference for the teachers of the school to be teaching the extra-curriculars. Mr. Fitzgerald indicated that he did not have a contract in front of him but that is generally the preference on how those positions are filled. Dr. Kovalovich commented that it was his understanding that a gentleman from outside of the school district who teaches for another school district that was hired above Hank King for the position. Mr. Fitzgerald replied that they can hire from the outside but that would be an administrative decision and the Board would defer to that process and the administration. Dr. Kovalovich stated that he would like to read from a letter sent on behalf of Hank King from Dr. Edward Matejkovic, Director of Athletics at West Chester University. Mr. Fitzgerald asked that under the circumstances the letter be submitted to the Board so that it could be placed as part of the record. Dr. Kovalovich stated that he is going to defer to Mr. King’s legal counsel on whether the letter could be submitted for the record.
Ms. Beebe provided a written summary of all of Hank King’s experience for the record. She stated that she has a copy of the petition with over 100 signatures but will defer to legal counsel for review and submittal.

**Hank King, Limerick, PA.** Mr. King gave background on his residency in the district. Mr. King said he would like to inform the board of what happened to him as he applied for a coaching job 3 years in a row in the district. Mr. King provided his explanation of the interviews with the district for the 8th Grade Center Baseball Coach position. Mr. King also explained that he was asked how he would eliminate some of those students who go out for the team in order to get down to a smaller roster. Mr. Fitzgerald asked Mr. King if there was a specific issue and if so, in the interest of efficiency, could he please direct that to the Board. Mr. King stated that the issue was academics and if the grades of students who went out for the team were looked at you could eliminate the 60 kids going out for the team down to 45. Mr. King stated that he would not take a student with 3 D’s on his report card and put him on the field because next week that student may have F’s which would make him ineligible to play. Mr. Fitzgerald asked if his concerns were brought up to the superintendent or to the principal of the high school or middle school. Mr. King replied yes he brought it up during the interview. Mr. Fitzgerald stated that this is a lot of information for the Board and he believes there is a better way of getting the information from him so that it can be properly looked at. Mr. Fitzgerald asked Mr. King to wait until after the meeting to talk with either him or the superintendent as this might be a better avenue to specify some of the concerns. Mr. King asked why when he called the principal twice did he not get any action. Mr. Fitzgerald said that is why he thinks they might want to discuss this after the meeting. Mr. King stated that he is agreeable to that. He thanked the Board for their time.

**XI. ADJOURNMENT**

Mrs. Heine made a motion to adjourn and Mr. Pettit seconded it. The motion passed 8-0. The meeting adjourned at 8:06 p.m.
