PHYSICAL EDUCATION (PE, ADV. PE, INTENSIVE PE OR FITNESS/WELLNESS I OR II)				
TOTAL CREDITS (MINIMUM 6.3)				

MY NOTES

THINGS TO KEEP IN MIND:

- If taking more than two Dual Enrollment courses, please see your counselor.
- Discuss your course options with your teachers and parents.
- Consider post-secondary plans and how your course choices can work to your advantage.
- Schedule a time to work with your counselors to map out your credits and future plans.
- If your plans include playing a sport at the collegiate level (Division I or II), review NCAA eligibility requirements.
- Consider entering elective course alternates in the event of a schedule conflict. These can be entered on the alternates tab.
- Students can begin entering elective course requests into Skyward in February.

MESSAGE TO OUR STUDENTS

Careful planning is not the only requirement for achieving a goal. However, planning is a vital and almost indispensable component in the lives of those who are thought to be "successful." Planning for a career or other personal goals requires careful evaluation of alternatives and decision-making based on a sense of the present, knowledge of the past, and some anticipation of the future. This course selection book will help you to evaluate which of the many courses offered in Spring-Ford will best meet your needs. Careful selection of courses will help you reach the goals that you set for yourself. Your tentative plans must be reviewed and approved by your parent or guardian, your current teachers, and your school counselor. If you need assistance in making your selections or have questions, please contact your school counselor.
