

Senior High Surveillance System Upgrade

Justification

- Reliability
 - Video recorders shut down
 - Camera images unstable
- Capacity
 - Current system provides only 7 days of video history
- Image Quality
 - Image quality is problematic in high concentration areas
- Coverage
 - Additional coverage is needed in the 9th Grade Center and Senior High
- Vendor Support
 - No vendor support for the existing system

Proposed Solution

- 114 Panasonic Megapixel cameras
 - Homogenous with the cameras used in 10 district buildings
 - Improved image quality
 - Increased coverage of 9GC and Senior High
- 2 Panasonic Digital Video Recorders (DVR)
 - Minimum 14 days of video history
 - Vendor supported
- Systems lifecycle – 7 to 10 years
- Estimated cost (based on proposal from Berkshire Systems Group)
 - \$250,000

Recommendation

- Solicit additional proposals from state contract vendors – COSTARS
- Evaluate proposals to make final recommendation to the Property Committee in January 2013
