II. BOARD AND COMMITTEE REPORTS
Student Rep. Report Taylor Stevens/Nandini Patel
Nandini reported that the second marking period will come to an end on January 25th and that mid-terms will be taking place for all high school students from January 22nd to the 25th. Nandini advised that registration to take AP tests will be open until February 7th and if anyone has any questions they can contact Mrs. Bowlby and/or Mrs. Falco in the Future Planning Center. Nandini next reported that beginning this month, monthly discussions will be held with Dr. Nugent and Dr. Weidenbaugh and two students from each of the four grade levels. The purpose for these meetings are that it will provide both students and administration an opportunity to come together and discuss what changes they would like to see and also to provide the administration with an in-depth look at all students.

Finance Thomas J. DiBello 2nd Tues. 6:30 p.m.
Mr. DiBello reported that the Finance Committee met on January 9th where they went through the monthly reports which show that we are on target and in a few budget areas we are trending ahead of schedule which is a good thing. He added that as we get further into the year some of the expenditures will catch up to the revenue coming in. Mr. DiBello reported that for the rest of the meeting since there were new Board Members present it was thought that it would be beneficial to have Mr. Fink and staff to go through the budget, the budget process and get into detail on the seven-year rolling budget forecast. They
also discussed the 20 year Maintenance Plan which is also known as the Capital Project Plan and discussed the five-year rolling Technology Plan. The committee also received an update on the PSERS rate which has been set by the state and for the first time in 3 or 4 years they came in slightly less than what had originally been projected. Mr. DiBello stated that he had asked about the finalizing of the audit and was advised that it should be concluded in the next month or so and at that point we will be able to see what funds may be left over from last year’s budget year.

Dr. Dressler asked about PSERS and whether their financial situation had improved considerably with regards to the stock market success recently. Mr. Fink replied that he has not gotten the official report back from PSERS but his guess would be that it had something to do with why they dropped the rate.

**Property**

Thomas J. DiBello 2nd Tues. 7:30 p.m.

Mr. DiBello reported that the Property Committee met following the Finance Committee meeting and went through old business and got an update on the high school project from Crabtee. The update indicated that the drawings are ready to be recorded at the court house and the staging area for contractors’ will near the performing arts additional parking area. He added that submittal and delivery timelines were discussed and we are on target for getting the packets out to bid. Mr. DiBello reported that the goal from the Property Committee standpoint is to come to the full board in the March or April timeline to review the bids and determine if and how we are going to proceed forward. He added that they should keep in mind that this is the last stop gate as far as if it will be a go or no go decision. Mr. DiBello reported that they received an update on the auditorium lighting project will be completed January 19th. He added that the Capital Reserve Plan will be projected out to 2035 and will be ready for the February Property Committee meeting for review. Mr. DiBello reported that they discussed other projects, some that are on the agenda for review this evening, such as the sewer pit project at Spring City Elementary, 5/6 Grade Center Phase II Roof Project and Brooke folding partitions. He advised that the state came out with new thresholds on bids which is something that is done on a yearly basis. He added that each year when the thresholds change we have had to revise our policy as in the past it listed what the state thresholds were. Mr. DiBello advised that going forward we will be changing our policy to read “to be in alignment with state thresholds” which will prevent us from having to revise the policy every time the state changes the thresholds. Mr. DiBello reported that other projects discussed were the replacement of the carpet at the 5/6/7 building, the window replacement at the 9th Grade Center, LED lighting replacement at Oaks and Limerick Elementary, the repairs to Ram Stadium with the cost of the repairs being split with the Spring City American Legion, the Oaks chiller, the 8th Grade Center fire alarm, and the high school roof recoating for the science wing.

**Superintendent’s Report**

Dr. David R. Goodin

Dr. Goodin gave a shout out to the Western Center on their hiring of a new chef about 2 years ago. He reported that the district office held a luncheon there and the food was exceptional. He added that Chef Arnt has taken the program to a whole new level. Dr. Goodin advised that the district will be holding its strategic planning meeting for the community and the board on January 31st at the high school. The purpose is to help gather information on the district’s strengths, weaknesses and priorities moving forward. He advised that this is done every cycle when the strategic plan is due.

Mrs. Zasowski commented on the Western Center saying she had the privilege to tour the school today and see what they are doing over there which is much more than she knew.
She stated that she really wanted to commend them on everything they are doing and feels they should be super excited about the Sports Management Program. Mrs. Zasowski added that she is happy to be joining the Board over there and is looking forward to doing exciting things at the Western Center.

IV. PERSONNEL
Mr. Dehnert asked about Item F and how much money is collected at the building level that the Accounts Receivable position would collect. Mr. Fink replied that currently the budget numbers are around $375,000 per year and in addition there is about another $375,000 that is collected through facilities rentals. Mr. Dehnert asked if the facility rentals are coming through the buildings and Mr. Fink replied no it currently is a process that has a lot of tentacles and no clear focus point. Mr. Fink added that the idea here is to bring it to a clear focus point with one person in control to safeguard the assets and ensure that the facility is being rented in accordance with the policy. Mr. Dehnert asked how the $375,000 is primarily broken out and Mr. Fink replied gate admissions, non-athletic extra-curricular fees, parking permits, student activities, summer school, Cool School tuition and all of these types of items. Mr. Dehnert stated that he is not in favor of adding administration when possibly we can improve the process. He added that he did not feel there was an educational benefit to this position being done today and possibly it could be done better through process, automation and other improvements rather than just hiring someone who is going to cost the district with benefits about $60,000 - $70,000.

Dr. Goodin pointed out that the Business Office did reduce 2 positions since Mr. Fink took over the department. He added that as Mr. Fink has been going through and reconfiguring job duties to ensure we are running as efficiently as possible Mr. Fink did come to him about 6 months ago and advise that there was a need to add this position back. Mr. Dehnert asked if it was not a net one position as one was added back as a secretary had retired and the position was replaced with an accountant. He added that the justification was that the money from the positions being reduced could better be used for a professional person. Mr. Fink explained that the district replaced a secretarial position with an accountant position and in addition to that the department eliminated 2 other positions. Mr. Dehnert asked which positions they were and Mr. Fink replied a secretary and a census position that did a small portion of child accounting and a small portion of facilities. Mr. Dehnert asked how the work was completed once these two positions left and Mr. Fink replied that some of the work
they performed was unnecessary and some was duplication of duties which through process changes was able to be eliminated. Mr. Fink advised that he would like to bring back one of the positions but with a different skill set that he is looking for with this position than what we had prior.

Mrs. Zasowski asked if this position would be covering facilities going forward as in who is using the facilities and managing the income that is coming in and Mr. Fink replied that this position would be the focal point going forward in making sure that the use of facilities policy currently in place as well as the new on going forward are being followed as well as all paperwork for liability has been received.

Mr. Dehnert clarified that when he commented earlier that he did not mean to indicate it was an administrator position but rather administrative position.

Dr. Dressler commented that he wanted to comment on Mr. Cooper’s announcement of his retirement and acknowledge the fine work he has done over all his years here. He stated that Mr. Cooper will certainly be missed for his expertise and expressed hope that the district will be able to find someone to fill his large shoes. Dr. Dressler wished Mr. Cooper all the best and stated that it will be tough to replace him and thanked him for all of his hard work.

Mr. Dehnert commented that Mr. Cooper plays a very important position in the district and has a very valuable part of the district. Mr. Dehnert asked if a plan had been formulated to replace Mr. Cooper as of yet and Dr. Goodin replied that once the Board accepts the resignation the position will be posted and he is already meeting with Mr. Cooper, Mr. Ziegler, Ms. Whitmore and Mr. Carson in order to make sure that all of the projects that are on the schedule are getting done and that there is a smooth transition. Mr. Dehnert suggested that in addition to just posting the position we actually try and recruit someone that is in the Philadelphia area that is doing this role somewhere else and is successful there as opposed to just posting the job and hoping that they apply. Dr. Goodin stated that they would try and steal somebody else.

VIII. OTHER BUSINESS

Mr. Dehnert questioned Item A with regards to the method of travel being changed from a flight to a bus ride. He expressed his concern with the students being on a long bus ride for a short trip and their ability to be able to perform after the long bus ride. Mr. Dehnert questioned whether the $200 savings was worth it. He stated that in March there was also the danger of bad weather for driving.

Dr. Dressler agreed with Mr. Dehnert and commented that their option would be to vote against this.

Dr. Goodin responded that he was not sure it was the Board’s decision on how they travel down to Florida as it is the band’s and the booster’s decision.

Mr. DiBello stated that what the Board is voting on is the cost to the district which is the cost for substitute coverage.

Mr. Dehnert commented that the Board approves the trip based on a set of circumstance which were that they were going to fly to Florida. He added that they were not just approving the substitute coverage. Mr. Dehnert again expressed concern over the students travelling by bus and potentially being tired and not performing well.

Dr. Dressler said he also is concerned over the safety issue with taking a bus to Florida.

Mrs. Zasowski questioned Item B with regards to a discussion they had about a student who was afraid of flying and they approved for the student to go by car. She asked if Item B was the student now flying and Dr. Goodin clarified that Item B was a different student who would is asking permission to travel by air with family due to health issues that would make the trip by bus impossible. He clarified that the previous discussion was in regards to a different student who would now be travelling by bus with the rest of the band.

Dr. Goodin added that the bus would leave at night and travel through the night getting the students there in the morning. Mr. Dehnert disputed the timeframe for leaving and arriving. Mr. Dehnert asked if the school district was liable if there were an accident. Dr. Goodin pointed out that the same would hold true if the band flew. Mr. Dehnert questioned if the students and parents were on board with this and Dr. Goodin replied yes.

Dr. Roche reported that he recently met with Mr. Jones, Ms. O’Dea and Ms. McGranahan on issues related to the trip such as student medications and at no point was there any conversation about anyone being upset about driving to Florida. He added that for whatever reason the decision was made to travel by bus and the Music Association is on board with this, chaperones are in place and everyone is ready to go. Dr. Roche offered to get more information, if necessary, for the Board for next week.
Mr. DiBello stated that he believes the change was due to the number of people who committed to going. Dr. Roche said he believes it is over 200 easy. Mr. Dehnert asked how many busses it would take if 200 were going and Dr. Roche replied 4 if you have 50-60 on a bus.

Mrs. Melton stated that she believes the numbers are closer to 300 if you put together the band, the vocal and the instrumental departments. Dr. Goodin advised that he can get the count for the Board for next week. Mrs. Melton added that there would be a couple trailers going as well to transport the instruments and equipment.

Mr. Jackson asked about Item B and if this is related to this trip. Dr. Goodin replied that this item has to do with a student having a medical issue and not being able to ride the bus for 15-16 hours so the parents have requested permission to be able to accompany and fly their student down to Orlando. Mr. Jackson asked what the district’s legal exposure was for something like this and Dr. Goodin replied that this has already been run through legal and the Board only needs to approve the waiver that Fox Rothschild prepared for the parents to be able to do it.

Mr. DiBello noticed Clinton Fetterman entering the meeting and advised that there was some Board concern over the changing of the trip from flying to going by bus. He asked Mr. Fetterman to provide some information relating to this.

Mr. Fetterman stated that he is from Limerick Township and is the President of the Music Association and is running the trip to Disney with the Music Department. He commented that he did all of the research in working with a travel agent and stated that they normally would fly but they have over 300 people who have signed up for this trip. He stated that travelling with such a large group plus the fact that they are travelling in March during March Madness they found that many of the charter flights are used up by basketball teams and the trip costs were going over $1600. Mr. Fetterman explained that groups over 300 rarely travel by air but rather go by bus so they will be travelling with 7 busses to Disney World. Mr. DiBello asked what the estimated time of travel was and Mr. Fetterman replied about 20 hours with stops and switching drivers. Mr. DiBello asked how the parent approval was and Mr. Fetterman replied 98% are fine with the change and the ones who cannot travel by bus were pointed to contact Dr. Goodin for the waiver that the Board will have to approve. Mr. DiBello asked if they have ever done a trip like this before by bus and Mr. Fetterman replied yes to Nashville which was 18 hours. Mr. DiBello asked how the kids handled it and Mr. Fetterman replied that they were tired had the rest of the day to rest once they arrived and then were off and running the next day. Mr. DiBello stated that the main concern from the Board perspective is the length of time the students are on the bus and the impact on their ability to perform after that long drive plus the impact educationally when they return home and have to return to school. Mr. Fetterman explained that they will be arriving back at Spring-Ford around 6PM on Tuesday and will be returning to school on the next morning.

Dr. Dressler asked if the anticipation was that there would be about 6 busses travelling and Mr. Fetterman replied yes plus 1 truck with the equipment and uniforms.

Mr. Dehnert indicated that Mr. Fetterman had answered his questions but he is concerned that the students won’t be at their peak performance after a long day of travel. Mr. Fetterman responded that the kids are pretty durable and when they
travelled to Nashville they took almost every award there. He stated that the kids are awesome and have travelled before and performed well.

Mrs. Melton commented that this is pretty common with this group as all of these ensembles travel a lot and are used to being on a bus.

A. Administration recommends approval of the revised overnight trip request from the Music Department to Orlando, Florida in March 2018 originally approved at the May 22, 2017 Board Meeting. Due to the number of participants, the Music Department will now be travelling by chartered bus rather than air which will decrease the cost from $1,400.00 to $1,200.00. As a result of the change in travel plans the Music Department will be leaving on the evening of Wednesday, March 14, 2018 rather than the morning of Thursday, March 15, 2018. Students will not miss any additional class time. Mr. Joseph Perry, 8th Grade Music Teacher and Co-Director for the Vocal Ensemble, will also be accompanying the Music Department on the trip so there will be a need for 3 days of substitute coverage for Mr. Perry. The total cost to the district for substitute coverage will now be $2,304.00.

B. Administration recommends approval of a Parent Permission and Release of Liability Waivers for a parent requesting permission to personally transport their child to and from the Music Department’s trip to Orlando, Florida in March 2018 due to medical reasons.

C. Administration recommends approval of the overnight trip request for Douglas Reigner, House Principal, and Ashley Bilotti, Business Teacher and FBLA Advisor to accompany students qualifying for the Future Business Leaders of America State Competition in Hershey, PA. Students will travel by district transportation. The cost of the trip is estimated to be $400.00 per student for registration, lodging and meals. Students will miss 3 days of school and will be responsible for any missed work. The total cost to the district is for the transportation costs and substitute coverage for Ms. Bilotti. Ms. Bilotti’s substitute coverage is listed under Conferences and Workshops.

D. Administration recommends approval of the overnight trip request for Seth Jones (High School Band Director), Yvonne O’Dea (High School Choral Director) and Emily McGranahan (High School Orchestra Director) to accompany students qualifying for the Pennsylvania Music Educator’s Association All-State Convention in Lancaster, PA from April 18, 2018 through April 21, 2018. Qualifying students and directors will travel by district van. The total cost of the trip is estimated to be $375.00 per student for registration, lodging and meals. Students will miss 3 days of school and will be responsible for any missed work. The total cost to the district is for the transportation costs and substitute coverage for all three teachers. Substitute costs will be listed on the agenda under conferences once it is determined if all three teachers have students that qualify.

E. Administration acknowledges the acceptance of the donation from the Evans Elementary Home and School Association in the amount of $5,563.35 for the purchase of 13 iPads, corresponding cases and service agreements for the Ram QUEST Program at Evans Elementary School. IX. BOARD COMMENT
Mrs. Melton commented that the MCIU Legislative meeting is tomorrow night but one thing did come out today regarding Senate Bill 2, the education savings account bill and allowing folks to utilize the 529 Plan for private education. Mrs. Melton stated that PSBA sent out an action request for school districts to stand up against this. Mrs. Melton said she does not have a lot of background or information but anticipates that she will get more tomorrow. She added that she just wanted to give everyone a heads up and it is anticipated that a vote will occur in the next week or two.

Mr. Dehnert stated that he believes there are 2 bills; one which is federal and relates to 529 and Senate Bill 2 is regarding accounts that would be set up for students of low achieving districts in the bottom 15%. Mr. Dehnert stated that PSBA wants districts to come out against this but it really does not affect us because we are not in the bottom 15%.

Mr. DiBello commented that the bill is really taking one more step towards school vouchers. Mr. DiBello stated that short-term he agrees with Mr. Dehnert that it does not impact Spring-Ford but long-term depending on where school vouchers go that is where it could potentially impact us. Mr. DiBello said if you have students that are going to come into your district and bringing only a percentage of money from their existing district that percentage will not cover the full cost to educate that student. He added that if it does not cover the full student cost then who makes up the difference.

Mr. Dehnert stated that he thought the bill was regarding private schools not public schools.

Mr. DiBello replied that he is just saying that this is just one of the first steps toward school vouchers and it will be interesting to follow. Mr. DiBello said he believes the reason PSBA is saying to come out against it is because they recognize that although it does not impact a majority of the public schools from our perspective, it is just one more step towards where school vouchers are going.

III. PRESENTATIONS

Mr. Fink presented a PowerPoint presentation highlighting the 2018-2019 Proposed Preliminary Budget. He began the presentation with a look at the Act 1 timeline and then spoke of the challenges in preparing the budget which were chiefly the fact that the state still has not adopted their budget. Mr. Fink next provided the financial forecast overview including the debt service schedule, revenue, the five year model, and expenditures. He explained the preliminary budget gap of $3.7 million but cautioned that these figures were early and a lot more pencil sharpening needed to be done before the final budget. Mr. Fink explained the Act 1 Index which this year is 2.4%. He presented the referendum exceptions that the district is able to apply for which included those for Special Education in the amount of $1.3 million and Retirement Contributions in the amount of $.36 million for total exceptions in the amount of $1.49 million. Mr. Fink commented that the next steps are to dive deep into the expenditures from the ground up and by each department and building, file for the PDE exceptions and keep an eye on the budget process at the state level.

Mr. Dehnert asked if the long range forecast five-year model anticipated any growth in the district or for it to remain status quo and Mr. Fink replied yes, it anticipates growth in relation to the feasibility study that had recently been completed last year.

Dr. Dressler questioned that by Mr. Fink’s saying that they needed to sharpen their pencils he would assume that he knew of some places where adjustments could be made and he asked if Mr. Fink could tell about those areas. Mr. Fink responded that they are in the beginning stages and it is really early and the biggest piece of it is that they have very little data to go on to see if the budget we are using right now has any traction this year. He added that they also have not gone through the process of putting the budget books together for each department and each building in order to go line by line down every last little thing that needs to go into the budget so there is a way to go yet.

Mr. Pettit asked what the increase in PSERS looked like and Mr. Fink replied about $2.2 million.

Mr. Ciresi thanked Mr. Fink and stated that like always it is a crystal ball as the state just finalized last year’s budget about 2 weeks ago and here we are looking at a budget for next year. He stated that he knows Mr. Fink and his department will do a great job of getting the budget down to zero again if possible.

A. Mr. James D. Fink, Chief Financial Officer, to present the 2018--2019 Proposed Preliminary Budget for the Spring-Ford Area School District.
IV. BOARD AND COMMITTEE REPORTS

Student Rep. Report  Taylor Stevens/Nandini Patel

Taylor reported that Spring Ford’s Model UN had their first annual conference on November 11th. They were joined by Methacton and Great Valley. She advised that at the conference they discussed major world issues such as the refugee crisis, nuclear nonproliferation, climate change, and many more hot topics. Taylor reminded seniors planning to attend college in the fall that they should aim to have their applications completed by Thanksgiving. She commented that if they haven’t completed their applications yet, they are not alone as she also needed to put the finishing touch on and then hit submit. She wished everyone an enjoyable Thanksgiving holiday.

Curriculum/Technology  Dawn Heine  1st Tues. 6:30 p.m.

Mrs. Heine reported that the Curriculum and Technology Committee met on November 8th and began their meeting with the good news on the three national merit scholarship finalists and the news of Spring City Elementary receiving high achievement status as a Title I School for the 2016-2017 school year. Mrs. Heine advised that on the curriculum side, Mrs. Bast will be heading a team trained through the MCIU on Act 339. The committee also received an update on the November in-service day. Mrs. Gardy provided the committee with an update on the Professional Development being planned for November based on teacher needs and data review. Mrs. Rochlin reported to the committee that Math Night was a success as 167 students attended with their families for a total of approximately 250 people in attendance. Mrs. Rochlin also advised that Guided Math Professional Development workshops and meetings will continue on a weekly basis at Oaks and that she will continue working with Royersford grades 3 and 4 teachers to refine their practices based on the findings in the 2016-2017 PSSA data. She added that the grades 5-8 math resource is going well, CPM Implementation is going well and that they continue to work with 5th and 6th grade special education math teachers to help with the implementation of the new resource. She also reported that Science resource review is taking place at the 5th and 6th grade level with 3 vendors presenting their products and that a decision was expected to be made in mid-December. Mrs. Heine advised that on the Technology side Mr. Catalano and a team member attended a 6 hour seminar on all of the ins and outs of E-Rate and how it works. Mr. Catalano advised the committee that the camera project for the 9th Grade Center and the 10-12 Grade Center will begin. Mr. Catalano next reported on a potential phone replacement system and the investigative work done thus far. He added that the Technology Department will put out an RFI in the very near future to see what other districts are using and if they have experienced any issues. Mr. Catalano advised that they will continue to explore other options so that when the time comes to put in a new phone system, the correct decision is made. The committee also heard about the investigation being made regarding potential time clock procedures which would eliminate paper time cards. Frontline Education was chosen as the vendor for this project and a motion to approve this appears on the agenda this month. The Technology Department was asked to investigate the A/V System in the high school cafeteria and they have a technician coming in to look at the Hurda Learning Center A/V issues so the plan is to have him also look at the A/V System in the cafeteria and provide us with a full review of what is there and how it can be improved. The committee received an update on the Modernized Learning Initiative at the high school indicating that training for all cohorts will be in September, October and November as the project is off to another good start. There was also an update given on Hybrid Learning that additional training on digital content took place on October 9th and that both hybrid buildings are off to a good start. Mrs. Heine noted that the next meeting will be determined after the School Board Reorganization Meeting takes place.
Mr. DiBello commented that if we are going to do an RFI on phone systems he would assume that we are not concentrating on Skype for Business but rather an RFI on what other districts are using. He requested that Mr. Catalano go across the board as far as different options.

Mr. Dehnert stated that typically an RFI would be sent out suppliers and not other districts. He added that it goes to suppliers, people who supply solutions, to get information on what they represent and not other districts to ask them what they do.

Mr. Catalano responded that he is doing both by asking the vendors for information as well as other districts to see what they are doing. He added that they are doing their homework because they know they have probably about 2 years before they have to do this and want to make the most educated decision both financially and with what is best for the district.

Policy Colleen Zasowski 2nd Mon. 7:30 p.m.
Mrs. Zasowski reported that the Policy Committee met on October 9th and first talked about Student Wellness policy. She advised that Dr. Roche, Dr. Patschke and Mrs. Germinario followed up from the last meeting to provide some clarification on the questions that were raised regarding the policy and the reasons for the changes which were the need to be in compliance due to the food services audit taking place later this school year. This policy has been placed on the agenda for a first reading. The committee also discussed the policy on Community Use of School Grounds and Playgrounds and Dr. Roche reviewed the specific revisions to the policy as well as some wordsmithing to this and the policy on the Use of the All-Weather Track by District Residents in order to keep them consistent with one another. The policies were recommended to move forward on this month’s agenda for first readings. Mrs. Zasowski reported that they then moved on to review the policies on Sick Leave for Administration and Support Staff and based upon the review from last month the committee looked for consistent language on the sick leave for all employee groups. These policies were also placed on the agenda for first readings. The Committee next discussed the policy on Non-discrimination in School and Classroom Practices and Dr. Roche shared an update based upon a conversation with Mr. Fitzgerald and also introduced some new PSBA policies. Dr. Roche also provided an overview of the legal reason from the Policy Network flier sent out by PSBA. These policies will be on the January 2018 Policy Committee agenda for further discussion and additional work. Mrs. Zasowski stated that they also talked about the policy on Purchases Subject to Bid and Mrs. Davidheiser was in attendance to propose changes that are in line with bidding thresholds and purchases that are to be budgeted. Mrs. Zasowski advised that language was added to stay in line with all local, state and federal bidding limits but does not require a policy change each time a bid limit is changed. This policy was recommended to move forward as a first reading. Mrs. Zasowski stated that there were 7 policies that were discussed and recommended to move forward for first readings. She advised that she provided the committee with an update on the Use of Facilities policy and the feedback she has been working on getting from both the Property and Finance Committees and it was determined that they need to look at the costs to run the facilities during the week and on weekends to see what difference there might be. Mrs. Zasowski reported that they are continuing to gather information and when the Policy Committee reconvenes in January they will discuss what the next steps are in order to make sure that everyone is on board with what they are looking at.

Extracurricular Tom DiBello 2nd Mon. 6:30 p.m.
Mr. DiBello reported that the Extracurricular Committee met on November 13th and there was still conversation on adding second teams at the middle school level. Mr. McDaniel
will report back to the committee at the January Extracurricular Committee meeting with a recommendation on the teams to be added. The committee will then provide the Board with its recommendation. Mr. DiBello reported that there was a presentation by the Spring-Ford 8th Grade WSFTV by Mr. Bowers and 3 students on their daily broadcasts to the entire 8th Grade Center. The students provided a sample of their show. The next presentation was from the Library Club by Ms. O’Brien and 2 students who talked about the committee primarily focusing on both the Reading Olympics and the Makerspace. Mr. DiBello explained that with the Reading Olympics they have 45 book they choose from with meetings to talk about the books they are reading and a competition taking place at the end. The Library Club gave a brief overview of the Makerspace which is a sub-group of the club and it was reported that the Makerspace area is coming close to completion.

Mr. DiBello advised that some of the revenue items are above the pace of previous years. Mr. DiBello commented that there was a brief conversation on the electronic timekeeping system and how it will be integrated into the Skyward System. Mr. DiBello reported that the committee discussed the preliminary budget and the information for the presentation that took place earlier this evening. Mrs. Zasowski spoke about the Use of Facilities which the committee discussed in detail. Mr. Fink presented the committee with a full spreadsheet and everyone is working towards understanding what the true cost on an hourly basis is for using the facilities during the week as well as on the weekends. He stated that the Policy Committee hopes to make some recommendations to the Board early next year.

Dr. Roche commented that Mr. Ciresi was here when Dr. Roche arrived in the district in terms of hiring him and he added that he appreciates their professional relationship. Dr. Roche joked that they will continue to work at getting Mr. Ciresi off hold when he calls in and also will look into correcting the music that is played while on hold.

**VIII. PROPERTY**

Mr. Dehnert asked about Item B and what the extra $250,000 in soft costs were and Mr. Cooper replied that most of the money is escrow money that must be put up front for things like curb work, sewer work, underground drainage systems, electrical work and any type of paving and repaving. Mr. Cooper stated that we must put that into an interest bearing escrow account with the township and as then as the work gets done we can pull that money out. Mr. Cooper added that most of the time we wait until the end to pull the money out so that we do not have to keep paying administration fees on it. Mr. Cooper advised that some of the other fees are for different inspection fees and soil conservation fees. He added that the district needs to put this
up also in case we were not to finish the project as the township could then come in and finish the project with the money in the escrow account. Mr. Dehnert asked if this amount was in the estimate originally and Mr. Cooper replied yes that it was built into the construction costs and when the project was bidded it was put into the contractor bids. Mr. Dehnert asked for clarification that it was not an additional cost to the project and Mr. Cooper confirmed it was not.

Mr. Fitzgerald added that they are working on the language for the agreements with the township and he suggested that the motion for Item B include the language “subject to final review and approval by the solicitor’s office”.

### XI. BOARD COMMENT

Dr. Dressler commented that things will not be the same on the Board without Mr. Ciresi and there be a void that will not be easily filled. He added that Mr. Ciresi always came up with good ideas for the betterment of the program here. Dr. Dressler wished him the best of luck.

Mr. Pettit expressed his appreciation for all of the hard work that Mr. Ciresi has done on behalf of the district, the board, the students and the community. Mr. Pettit stated that Mr. Ciresi is owed a strong debt of gratitude as he is one of the main reasons for
this district thriving and improving the way it has during the time he has been on the Board.

Mr. DiBello thanked Mrs. Spletzer for being on the Board and said he agrees with Dr. Dressler that when you lose Board Members it is very difficult to fill a seat. Mr. DiBello stated that he knows there are new members coming on and the Board is excited that they will be joining them. He added that when Mrs. Spletzer came onto the Board four years ago she hit the ground running and never looked back. He stated that she helped them accomplish many achievements, have lots of successes, provided guidance and support. Mr. DiBello expressed his appreciation for everything Mrs. Spletzer has done and stated that she hopes she comes back in the future. Mr. DiBello commented that Mr. Ciresi was the driving force behind many initiatives in the district such as the Strings Program, the Limerick to Limerick Exchange Program, the Board Back to School Program, the Administrators with Class Program and the Arboretum Project. Mr. DiBello spoke of the success of each of those programs. He stated that he hoped that Mr. Ciresi comes back to School Board meetings. He stated that both Mr. Ciresi and Mrs. Spletzer will be missed as they were strong Board Members and he wished them success in whatever they may do.

Mr. Ciresi thanked everyone for their comments. He stated that he has had the honor to sit at the board table for 12 years and serve with some great people; some who still sit at the table and some who have moved on and those who have passed on. He commented that he has often said that he did not grow up here but chose to live here and raise a son here. He added that he has loved every minute as a Board Member but the time has come to move on. Mr. Ciresi stated that he has aspirations to move onto a new position within the state. He commented that he will miss the fun times, the bad times and added that they have disagreed at times but out of that came great resolution. Mr. Ciresi stated that he wants to say thanks to Mr. Pettit who was the first Board President he served with and was a great leader and mentor to him. Mr. Ciresi thanked Mr. McDaniel, Mr. Cooper and Mr. Ziegler for being someone that he could go to for advice on multiple topics even if it was not in their areas and for always being honest with him. Mr. Ciresi acknowledged Mrs. Fern saying she has served as the Board Secretary for all those years. He stated that she is more to them than a secretary as she has been an adviser to him and a friend. Mr. Ciresi thanked her for all she has done and being able to tell him when he has been out of line. Mr. Ciresi stated that Mr. DiBello has been a partner he was worked with for 8 years and nothing ever became political between them. He commented that they came from different political parties but never brought politics to the board table. Mr. Ciresi added that while they may not agree on different subjects in politics they showed that when you are working for a goal and a purpose it does not matter as they worked as a team for 8 years. Mr. Ciresi expressed that he cannot thank Mr. DiBello enough as together at the board table they were a great team and he said he will miss that a lot. Mr. Ciresi addressed Dr. Goodin and Dr. Roche saying to keep up the good work as they were both great hires and knows that they will lead the district. He added that even though he is leaving the board he is not leaving Spring-Ford. Mr. Ciresi stated that he will now take his seat with two great people sitting in the audience; Mrs. Pettit and Mrs. DiBello. He stated that he has appreciated and has loved every minute sitting at the board table and is grateful for everything the staff has done for him and his son. He commented that he and his wife will continue to be a big part of Spring-Ford and everything that happens in this district as this will not be the last of him being involved. Mr. Ciresi congratulated the new incoming Board Members and thanked them for the work they are about to do as the job is far from thankless. Mr. Ciresi said he would like to quote Carol Burnette in
saying “I’m so glad for the time we had together” that was very short and he knows their paths will cross again and he looks forward to the opportunity to work with each of them again. He invited everyone to come out and support the arts from December 1st through the 14th to see him at the Steel River Playhouse in the show “A Christmas Carol” where he plays the part of Scrooge. Mr. Ciresi announced that there was cake in the back of the room and invited everyone to have some.
