He expressed that he would like to see the German students travel here this fall.

Mrs. Melton reported that only the House was in session last week but there are a number of bills of importance. She stated that key things to keep an eye on are mandated reporter penalties, hunting license bill, homebound student bill, 4 charter school bills and dual enrollment bill. Mrs. Melton commented that these are critical areas and it is important to get in touch and have our residents get in touch with state legislators as the community needs to more fully understand the potential impact to tax dollars. Mrs. Melton advised that House Bill 227 was approved by the Senate and clarifies that all candidates for office of school director will have to submit 10 signatures for nomination whereas before it had varied from district to district. She commented that another bill deals with mental health services age of consent which defines current law with regards to voluntary inpatient and outpatient mental health treatment and release of medical records for minors aged 14-18. Mrs. Melton stated that it defines that a parent or guardian has the right to consent to inpatient or outpatient treatment on behalf of a minor less than 18 without the minor’s consent and also that minors 14 years and older can consent for treatment without the consent of their parent or guardian. She added that another bill gives Children and Youth Agencies access to student records without parental consent. Dr. Roche added that the students from
across the county had a perfect weather day for the event and from the students and staff he spoke with, everyone was enjoying the Special Olympic experience. Dr. Roche shared that Spring-Ford is finishing up the first full year of being an active member of the Social Emotional Learning Connection Consortium that is led by Thom Stecher and Associates in partnership with the Chester County Intermediate Unit. He stated that the work of the consortium is centered on the belief that Social Emotional Learning (SEL) will influence all parts of a school community and that all stakeholders in the school community, administration, staff, paraprofessional, students and parents must all be active participants and support the SEL work. He added that as a part of the consortium, Spring-Ford was able to have over 50 faculty and staff members participate in professional development focused on various aspects of Social Emotional Learning and that sessions were also attended by some Spring-Ford elementary, middle and high school students as well as team of Spring-Ford parents. Dr. Roche commented that last week the district received its end of year report as a part of the data collection process that provides baseline data from sight visits to each of our schools as well as feedback collected from a faculty survey on Social Emotional Learning. He stated that the next steps are to share the results with our principals and administrative team in anticipation of goal setting for next school year. Dr. Roche added that a quick review of the report shows the many ways and programs that Spring-Ford already has in place with daily practices in our classrooms as well as the various Unity Days, Clubs and Resiliency efforts that support our students. He stated that the district has opportunities for growth and additional SEL work but the report acknowledges the current efforts and passion for Social and Emotional Learning at Spring-Ford.

VI. PERSONNEL
Mr. Dehnert asked about Item L wondering how much money the total compensation for this position would be. Mrs. Leiss replied that this position would be placed upon the professional salary schedule under athletic trainers. She added that athletic trainers come in at 80% of the teacher salary schedule so it would depend upon the educational level of that individual coming in. Mr. Dehnert asked for a ballpark figured including benefits and Mrs. Leiss responded that conservatively it was around $65,000-$70,000 with full benefits. Mr. Dehnert expressed that he was not in support of adding this position. Mr. DiBello commented that many high schools are moving in this direction and he felt it was a position that was definitely warranted. It was then suggested by Mrs. Melton that the job description be broadened to say it will benefit all of the students as right now it seems to lean towards athletes.

III. PRESENTATIONS
Dr. Patschke thanked the Board for inviting them to the meeting this evening. She stated that one thing that Spring-Ford is highly proud of is the Music Department and all of this starts very young. Dr. Patschke introduced Sunny Hwang who is the instrumental music teacher for 4th grade for the entire district. Dr. Patschke stated that Ms. Hwang works tirelessly with beautiful young minds and starts the seed at the elementary level which ends up in amazing place by the time students end up in high school.

Ms. Hwang introduced herself and spoke about the Strings Program, the benefits of music education especially the Strings Program, and she advised that there are over 200 Strings Program students throughout the district. Ms. Hwang commented on how she eases students into becoming comfortable with the string instrument they may have an interest is playing. She reported that she has up to 8 classes per day with up to 6 students in each class grouped by students with the same instruments. She advised that students are pulled from their classes except for specials and target classes for approximately ½ hour once every 6 day cycle. She spoke of how she instructs students and gives them the confidence to play the string instruments. Ms. Hwang discussed some of the teaching practices she uses to help students learn their instrument. She had the students play 2 songs that they had learned this thus far this year. The students spoke about their favorite thing they like about the Strings Program and the instruments they have chosen to play.
Dr. Patschke thanked the School Board for their support of the arts and for starting the love of music at such a young age.

A. Dr. Melissa Patschke, Principal, and Mrs. Sunny Hwang, Elementary Strings Teacher, along with Students to present on the “Elementary Strings Program” at Upper Providence Elementary School.

IV. BOARD AND COMMITTEE REPORTS

Curriculum/Technology  Dawn Heine  1st Tues. 6:30 p.m.
Report next week.

Finance  Thomas J. DiBello  2nd Tues. 6:30 p.m.
Mr. DiBello reported on the Finance Committee Meeting held on April 9, 2019. The minutes from this meeting will be posted on the district website once approved at the committee level.

Property  Thomas J. DiBello  2nd Tues. 7:30 p.m.
Mr. DiBello reported on the Property Committee Meeting held on April 9, 2019. The minutes from this meeting will be posted on the district website once approved at the committee level.

Mrs. Spletzer questioned the discussion surrounding security, the officers as well as their training coming up under the Property Committee meeting and felt that there may be a better place for these discussions to take place at the committee level. She suggested possibly a new committee being established for security. Mr. DiBello replied that once the initial establishment of the security force including the safety and security manuals takes place that the majority of all security work will fall under facilities but if the Board wished to create a new committee then that could occur as well.

Mrs. Spletzer questioned the replacement of the scoreboard at Coach McNelly Stadium feeling that it was more expensive than the costs originally discussed. She expressed her concern for the cost of the scoreboard and said if it is not broke then why fix it. Mr. DiBello responded that the original costs were actually much higher and around $300,000. He added that the replacement is needed due to the current scoreboard coming to the end of its life and that they have been looking at this for about 2 years now. He advised that to replace the board as it is today is around an $80,000 - $90,000 cost. Mr. DiBello stated that it is getting harder and harder to maintain and find replacement parts for it. Mr. DiBello commented that Mr. Hunter was able to find a company who came in and gave a proposal for a scoreboard that was basically half of what the original costs were going to be. Mr. DiBello stated that it is getting to a point where something has to be done.

Mrs. Melton stated that she recalled discussion taking place on selling advertising around the board and wondered if any thought or work had been done on this. She asked if any type of assessment had been done on the type or revenue we could be looking at. Dr. Goodin replied that there has been considerable thought on businesses we would be able to approach with advertising opportunities on the board but he has not deployed our resources to look into this without a Board directive. Mr. DiBello stated that there are opportunities to significantly sell advertising around the board and quite honestly if we take initiative on the board should pay for itself.

Mr. Jackson felt that the decision should be made to either go with the scoreboard or not without trying to determine if there would be any payback or not from the sale of advertising.
Mr. Dehnert stated that he is not in favor of spending $140,000 on this and felt that they should use the current one until it needs to be replaced. He expressed his opinion that in the future any type of scoreboard with video capability will only get cheaper.

Mr. Jackson asked what the life expectancy of the scoreboard would be and Mr. Hunter replied there was a 7 year parts and labor warranty and based on usage it should last 10-12 years.

Dr. Dressler advised that he had attended talks at PSBA where school districts were able to get companies to buy their scoreboards. He added that $140,000 was a lot to know what the score of the football game is. Mr. DiBello stated that the potential is there for us to be able to sell the advertising and reiterated that this is the recommendation from the Property Committee. Dr. Dressler felt that there should be a community organization that tries to raise money to pay for these things so that they do not come out of our educational budget. Mr. Dehnert agreed with Dr. Dressler’s comments.

**Asst. Superintendent Rpt.  Dr. Allyn J. Roche**

Dr. Roche reported that even though the majority of the 4th marking period is left for this school year, many students and parents are shifting their attention to the Summer. He stated that at Spring-Ford you cannot think of summer without thinking about Cool School. He advised that the Cool School summer courses offer fun summer activities for students completing grades K-6, with a focus on enrichment, arts and sports. Dr. Roche added that there are three weeks of Cool School this summer and students can choose to attend one, two or all three weeks of the program. The summer’s courses are taught by some of Spring—Ford’s favorite teachers. He advised that information is available on the main District webpage. Dr. Roche reported that Ice for Autism will take place on Wednesday, April 24th beginning at 4:00 PM. He stated that many of Spring-Ford’s favorite teachers and administrators (including Dr. Goodin) will be participating in the Ice for Autism event by helping to scoop water ice at Rita’s Water Ice in both Royersford and Collegeville. Rita’s Water Ice will be donating a portion of sales and as well as all proceeds from the puzzle pieces directly to Spring-Ford to help support Spring-Ford students. He encouraged everyone to come out to support this great event. Dr. Roche stated that if you only attend one afterschool event this spring, please make sure you attend the Unified Track and Field Meet that Spring-Ford students will be participating in on Thursday, May 9th. He advised that the Unified Track and Field Team is made up of student athletes both with and without disabilities on the same team and the experience is life changing. Dr. Roche announced that on May 9th, the Spring-Ford Unified Track and Field Team have a home match at 3:30 p.m. versus Abington and Springfield at Coach McNelly Stadium. He added that many, if not all, of our spring sports teams will be in the stands to support and cheer on the Unified Team as they compete. Dr. Roche commented that this is one of the highlights of the spring season that you do not want to miss.

**Solicitor's Report  Mark Fitzgerald**

Mr. Fitzgerald advised that his office is working with Chief Boyer regarding the handbook and policies that will be brought forward at some point to the Board. Mr. Fitzgerald stated that in doing this, one of the issues he sees arising is the need to make sure that our ever increasing police department understands the expectations of school districts as relates to legal obligations beyond just the criminal end. He added that over the next several weeks between his office, the police department side and the administrative side they want to make sure that everyone knows the expectations of both departments as it relates to Title IX, criminal investigations, etc. and how information can be shared in order to make sure departments are aligned. Mr. Fitzgerald stated that he believes coming forward as part of the Omnibus School Code revisions in June will be ever increasing momentum for a charter school law change. He added that, in particular,
as it relates to our cybers and how we can potentially avoid costs in the future should we ever own cyber. Mr. Fitzgerald continued that Senator Mario Scavello just became a cosponsor to the Senate Bill which clearly shows that there is additional momentum to what could be a fairly sizeable change in the next 60 days or so.

Mr. Jackson asked about Item B wondering who is responsible for the maintenance of playground equipment once it is installed. Mr. DiBello replied that the district handles the maintenance but there are funds of approximately 20% that are included as part of the donation and are put aside to be used for the maintenance and upkeep of the equipment.

XI. BOARD COMMENT

Dr. Dressler stated that he hoped he was expressing the feelings of the Spring-Ford community when he expressed sympathy to the people of Paris on the tragic loss to their city.

Mr. Jackson advised that throughout the Upper Providence Township community a paving project will be starting. He stated that normally it is preferred for this to happen during the summer months but Upper Providence has opted to start this project now which will impact our bus routes. Mr. Jackson informed everyone that he reached out to Upper Providence Township to try and obtain a schedule so that it could be passed along to the Transportation Department in order for bus routes to be modified accordingly.

Mr. DiBello commented that in front of each Board Member’s place was a sample resolution developed by PA Schools Work. He asked that the Board Members take it with them and look at it. He added that it is basically a resolution to be sent to the General Assembly talking about adequately investing in the public schools and students. Mr. DiBello stated that Pennsylvania ranks 46th among the 50 states when it comes to state subsidies and this is another initiative. Mr. DiBello relayed that he has been on the Board 10 years now and he is not sure how many resolutions related to adequately investing in public schools have been put in front of them at the board table that they have adopted and sent to Harrisburg. Mr. DiBello stated that this one could just be added to the list as being supportive of the group. He added that right now Pennsylvania does not even have the means to adequately fund education throughout the state. Mr. DiBello said on another note he has not heard anything in a while about the end of the season coach reviews and stated that he assumes this is still going on. Dr. Roche asked if Mr. DiBello was referring to the student surveys at the end of a sporting season and the response was yes. Dr. Roche informed that this is still taking place and that Mr. McDaniel follows up with an evaluation of the coach based on those surveys. Mr. DiBello commented that at the end of January the Board held a retreat
and he stated that as they are now getting past the budget cycle, they should really take a look at some of the things they talked about as there were some good points regarding curriculum and education that should become objectives for some of the committees to begin focusing on. Mr. DiBello advised that he will send out all of the notes from the retreat to the Board so that they can start prioritizing this. He asked that they have a brief discussion next week regarding some of these things. Mr. DiBello next reported that he and Dr. Goodin were contacted to meet with State Representative Shusterman on Friday at 2:00 but she never showed up. Mr. DiBello stated that this goes back to what he said before that they put themselves at this high level and he had taken off from work for the meeting and then she never showed up. He relayed that the district called her office multiple times and finally got through to one of her offices and they gave a statement saying “we forgot to tell her”. Dr. Dressler said he would reach out to Representative Shusterman’s office to find out what happened. Mr. DiBello stated that this is unacceptable as a state representative to reach out to the district to set up a meeting and then just blow it off. He reiterated that this is unacceptable no matter who they are and Dr. Dressler agreed.

Dr. Goodin advised that a Spring-Ford employee, Deb Huber, who was an instructional assistant passed away. He stated that it was quite a shock and impacted our Intermediate School this morning. He asked for a moment of silence for her and her family.

XII. PUBLIC TO BE HEARD
Diane Sullivan, Linfield, PA asked about the scoreboard that was discussed tonight wondering about the tracking of the timing and the placement for the track and field team. She stated that when you attend meets there currently is no way to know the order of who finished and the times for the teams competing. Ms. Sullivan asked if the scoreboard was just for football or will it provide support for the other athletic teams? Mr. DiBello responded that it is a multi-purpose board that can be programmed to accommodate all sports. Mr. Hunter also confirmed this was correct.

Mrs. Spletzer asked if the idea was to do just that and would scorekeepers for all events need to be hired. Dr. Goodin replied that scorekeepers would still be needed as they are now.

XIII. ADJOURNMENT
Mrs. Melton made a motion to adjourn and Mrs. Spletzer seconded it. The motion passed 8-0. The meeting adjourned at 8:45 p.m.

Respectfully submitted,

Diane M. Fern

WHEREAS, the Pennsylvania Department of Education (the “Department”) has certified that, pursuant to Special Session Act 1 of 2006 (the “Taxpayer Relief Act” or Act 1), section 505(a)(4), that it will distribute funds during the 2019-2020 school year to the Spring-Ford Area School District (the “District”) for property tax relief; and

WHEREAS, the Department’s certification indicates it will give the District $2,469,571.13 comprised of $2,000,730.60 from the property tax relief formula and $468,840.53 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief; and

WHEREAS, funds will be available during the 2019-2020 school year for real estate reduction as a result of undistributed funds from the property tax reduction funds received in 2018-2019 in the amount of $2,392.45.

WHEREAS, total funds to be distributed during the 2019-2020 school year for real estate reduction will be $2,471,963.45.

WHEREAS, the Montgomery County and Chester County assessor’s office has certified, as required by Act 1 § 341(g)(3), the specific properties within the District that have been approved as Homesteads and Farmsteads within the District. Within that certification there are 12,325 approved Homesteads and 17 approved Farmsteads; and

WHEREAS, pursuant to Act 1 § 341, the District is required to designate the Homestead exclusion and to designate the Farmstead exclusion no later than the last day prior to the beginning of the year for which the exclusions will apply, and for budget year 2019-2020 that date will be June 30, 2019; and

WHEREAS, the Homestead exclusion and the Farmstead exclusion set by the District are each fixed dollar amounts that may not exceed one-half the median assessment on approved Homestead properties within the District as of the date of the county’s certification and shall only apply to calculation of District property taxes; and

WHEREAS, pursuant to 53 Pa.C.S.A. § 8585, the Farmstead exclusion may be equal to or less than the Homestead exclusion, but may not be greater than the Homestead exclusion; and

WHEREAS, a mechanism exists in Act 1, Chapter 9 for the District to reject property tax reduction allocations subject only to voter approval through a referendum; and
NOW, THEREFORE, the Board of School Directors of the Spring-Ford Area School District (the “Board”) hereby RESOLVES as follows:

1. On its own behalf and on behalf of the District’s approved homestead and farmstead owners, the Board accepts all property tax allocations and earned income tax reimbursements offered to the District pursuant to Act 1 and declares it will not seek to reject any such funds as permitted under Act 1, Chapter 9.

2. In order to utilize, as directed in Act 1, the Certified Funds for property tax relief, the District resolves to set the maximum property tax reductions for its approved Homestead properties at $201.93 and the maximum property tax reductions for its approved Farmstead properties shall be the same amount as the Homestead properties.

3. In the 2019-2020 school year, the real estate tax rate for the District is 27.4777 mills.

4. Using the District’s millage rate, converting the maximum tax reduction for Homesteads and Farmsteads yields a $7,349.00 calculated Homestead exclusion and Farmstead exclusion.

5. Therefore, the Board hereby sets the exclusion from assessed value for school property tax purposes of each approved Homestead and Farmstead at $7,349.00 which is less than half the median assessed value of approved Homestead properties within the District.

6. Where the assessor has approved a property as both a Homestead and Farmstead, the property will receive multiple exclusions, however, whether eligible for multiple exclusions or not, no property may exclude an amount from its assessment greater than the assessed value of the property.

7. The exclusions will apply to tax notices issued based on the initial tax duplicate used in issuing initial real estate tax notices for the school year, which will be issued on or promptly after July 1, and will not apply to interim real estate tax bills.

8. Pursuant to 53 Pa.C.S.A. § 8584, any property, which loses its approval as a Homestead or Farmstead after the beginning of the District’s budget year, shall be taxed from that point at the full assessed value without exclusion, and shall receive an interim tax bill reflecting the balance due.

9. Any funds received from the Department by the District to fund exclusions where the funds are unused due to exclusions lost on or after July 1, 2019 shall be held by the District and added to the funds used for exclusions in the following budget year.
