Dr. Roche offered thanks to everyone at Spring-Ford and in the community. He stated that 8 years ago, he showed up at Spring-Ford not knowing anyone and in that short time he has formed many lifelong professional and personal relationships that mean so much to him. Dr. Roche stated that he has had the privilege of working alongside Mrs. Leiss as they interview the finalists for all of the teaching positions and time after time, the candidates ask them about what is special at Spring-Ford. Dr. Roche stated that it is an easy question to answer – the people! He commented that from the Support Staff, Secretaries, Teachers, Substitutes, Custodians, Curriculum and Instruction, Counselors, Human Resources, Maintenance, Technology Staff, Facilities, Food Service, Business Office, Special Education Instructional Assistants, School Police, Communications, Marketing and Media, Transportation, Principals, Supervisors, Directors, Dr. Goodin and our School Board, they are all awesome people. He stated that he hopes that the people that he worked with will look back and see the positive impact of all of the collaborative work and that those accomplishments and programs will continue in the future. He added as with any transition, he was sure he will now be considered “previous administration” for any excuses or future struggles but that he knows he did his best to set everyone up for success. Dr. Roche closed by saying Spring-Ford is a great place and he was lucky to have served here for the past 8 school years.

Mr. DiBello expressed his thanks to Dr. Roche for all of his work over the past 8 years.
Solicitor’s Report

Mark Fitzgerald

Mr. Fitzgerald reported that we are waiting for the School Code Bill because we are waiting for the Omnibus package that will come with the spending plan from our State Legislature. He added that there will be compromise, charter school bills and right now it looks like it will be an a la cart approach. He stated that there would be changes here and there as he does not believe there will be a wholesale change to the charter school law. Mr. Fitzgerald commented that PSBA was in a red alert about a week ago in terms of what the bills were looking like coming out of the House. He added that they made some modifications. He stated that he is not too concerned regarding the charter school bills but more with those bills we do not know about that will come. Mr. Fitzgerald advised that we will get nuggets regarding the School Code over the next two weeks that will have to be sifted through. He told the Board that he would keep them posted.

XI. BOARD COMMENT

Mrs. Heine commented that since tonight is Mrs. Bast’s last meeting she wanted to thank her for all her hard work and dedication. She added that in the six years that Mrs. Bast has been here the Curriculum Committee has reviewed all curriculum and done a lot of aligning. She added that we now have a Modernized Learning Initiative in place that is second to none in the state. Mrs. Heine stated that Mrs. Bast will continue to work with the district in her new position at the MCIU so she will only be a stone’s throw away. Dr. Dressler concurred with Mrs. Heine’s comments. He also thanked her for tolerating
all his badgering during all of the Curriculum and Technology Committee meetings and wished her the best of luck.

Mr. Dehnert directed his comments to Mrs. Choi saying he was able to attend a Home and School meeting at Spring City Elementary and thought it was great to see how enthusiastic she was and he feels that she will be a great permanent principal at Spring City. Mr. Dehnert next questioned why Spring-Ford has a full day on the last day of school unlike many other districts. Dr. Goodin responded that the reason this is done is because we cannot schedule a ½ day in our calendar as it would open the door for every private school that we transport students to do half days and we would have to provide that transportation for every half day they put in their calendar.

Mr. DiBello recognized Mrs. Bast saying she has done an awesome job as Director of Curriculum and that there were many things over the six year period that she was here that they were able to accomplish. New programs were rolled out seamlessly without many issues including all her work on Modernized Learning and Hybrid Learning. He expressed his appreciation for all she has done over her six years here.

Mrs. Heine stated that she would like to piggyback on what Mr. Dehnert said with regards to Mrs. Choi. She commented that she is excited that Mrs. Choi will be leading Spring City Elementary. Mrs. Heine added that she had the opportunity to work with Mrs. Choi her very first year here with her oldest child when Mrs. Choi was a third grade teacher. Mrs. Heine expressed that Mrs. Choi has been phenomenal in every position she has held at Spring-Ford and has helped the Curriculum Department as a Math Coach gaining the confidence of the teachers. Mrs. Heine wished Mrs. Choi all the best and stated that she knows she is going to do great things at Spring City Elementary.

Mrs. Zasowski commented that State Representative Joe Ciresi contacted her to let her know that he is working on three bills concerning revisions to charter schools and that he would like to have a school board presence on determining factors about charter schools and the funding. She added that he wanted everyone to know that he continues to work hard for education in the state and of course for Spring-Ford.

Mrs. Melton reported that only the House was in session last week but there are a number of bills of importance. She stated that key things to keep an eye on are mandated reporter penalties, hunting license bill, homebound student bill, 4 charter school bills and dual enrollment bill. Mrs. Melton commented that these are critical areas and it is important to get in touch and have our residents get in touch with state legislators as the community needs to more fully understand the potential impact to tax dollars. Mrs. Melton advised that House Bill 227 was approved by the Senate and clarifies that all candidates for office of school director will have to submit 10 signatures for nomination whereas before it had varied from district to district. She commented that another bill deals with mental health services age of consent which defines current law with regards to voluntary inpatient and outpatient mental health treatment and release of medical records for minors aged 14-18. Mrs. Melton stated that it defines that a parent or guardian has the right to consent to inpatient or outpatient treatment on behalf of a minor less than 18 without the minor's consent and also that minors 14 years and older can consent for treatment without the consent of their parent or guardian. She added that another bill gives Children and Youth Agencies access to student records without parental consent. Dr. Roche added that the students from
across the county had a perfect weather day for the event and from the students and staff he spoke with, everyone was enjoying the Special Olympic experience. Dr. Roche shared that Spring-Ford is finishing up the first full year of being an active member of the Social Emotional Learning Connection Consortium that is led by Thom Stecher and Associates in partnership with the Chester County Intermediate Unit. He stated that the work of the consortium is centered on the belief that Social Emotional Learning (SEL) will influence all parts of a school community and that all stakeholders in the school community, administration, staff, paraprofessional, students and parents must all be active participants and support the SEL work. He added that as a part of the consortium, Spring-Ford was able to have over 50 faculty and staff members participate in professional development focused on various aspects of Social Emotional Learning and that sessions were also attended by some Spring-Ford elementary, middle and high school students as well as team of Spring-Ford parents. Dr. Roche commented that last week the district received its end of year report as a part of the data collection process that provides baseline data from sight visits to each of our schools as well as feedback collected from a faculty survey on Social Emotional Learning. He stated that the next steps are to share the results with our principals and administrative team in anticipation of goal setting for next school year. Dr. Roche added that a quick review of the report shows the many ways and programs that Spring-Ford already has in place with daily practices in our classrooms as well as the various Unity Days, Clubs and Resiliency efforts that support our students. He stated that the district has opportunities for growth and additional SEL work but the report acknowledges the current efforts and passion for Social and Emotional Learning at Spring-Ford.

VI. PERSONNEL
Mr. Dehnert asked about Item L wondering how much money the total compensation for this position would be. Mrs. Leiss replied that this position would be placed upon the professional salary schedule under athletic trainers. She added that athletic trainers come in at 80% of the teacher salary schedule so it would depend upon the educational level of that individual coming in. Mr. Dehnert asked for a ballpark figured including benefits and Mrs. Leiss responded that conservatively it was around $65,000-$70,000 with full benefits. Mr. Dehnert expressed that he was not in support of adding this position. Mr. DiBello commented that many high schools are moving in this direction and he felt it was a position that was definitely warranted. It was then suggested by Mrs. Melton that the job description be broadened to say it will benefit all of the students as right now it seems to lean towards athletes.

Mrs. Melton reported on the Extracurricular Committee Meeting that took place on May 13, 2019. The minutes from this meeting will be posted on the district website once approved at the committee level.

Mr. DiBello commented that there is a growing concern about student athletes who may participate in one sport and also be part of another Spring-Ford sponsored program that are being benched following their return after choosing to participate in the other event over the athletic event. Mr. DiBello stated that he has heard from one parent multiple times on this topic. Mr. DiBello felt that this is something that needed to be looked at.

Mrs. Melton indicated that they would put this on the September Extracurricular agenda for further discussion. She reminded that they must also consider the safety of the students and when there is a student who has been out for an extended period of time then they may not be physically in shape to perform the sport’s function so it may have to fall under the coach’s discretion.

Discussion took place on having uniform rules and awareness of what the expectations are in these types of circumstances.

Mrs. Melton made a motion to approve Item L and Mrs. Fazzini seconded it.

Mr. Dehnert expressed his opposition to this position feeling it was not needed from an education perspective in a tough budget year.

Mrs. Zasowski asked for an explanation on why the position was needed in addition to the athletic trainers. Mr. DiBello explained that it is not an athletic trainer position but rather someone who would be in the fitness room providing guidance and education around the proper use of the equipment and how students should be exercising.

Discussion took place on the Board Members feelings of the pros and cons of this position.

The motion passed 5-1 with Mr. Dehnert voting no.

L. The Board approved the attached job description for Strength and Conditioning Coach. (Attachment 18)

New Personnel Motions

Mrs. Melton made a motion to approve Item M and Mrs. Spletzer seconded it.

Mr. Dehnert commented that in the last 3 years or so we had hired another person for that department so this will now triple the personnel in the Future Planning Center without really seeing an increase in our students. He felt that we keep on building positions and in a tough budget year we are adding more positions. He felt we should be getting by with what we have rather than keep adding administrative positions.

Mrs. Melton commented that her experience with the Future Planning Center is that they are extremely busy and they do not always have the ability to meet the full needs of our students. She spoke of the complexity of the college application process which takes up valuable time. Mrs. Melton commented that the work done in the Future Planning Center is not limited to college as it deals with a student’s future no matter if it is college, the workforce, or a career in the military.

Mrs. Spletzer spoke of the difference in work that is now done by guidance counselors and the college and career advisors. She commented that since the district added the 2nd college and career advisor she, as a parent, has seen the improvement in the work the Future Planning Center is able to accomplish for students.

Mrs. Bast advised that the Act 339 requirements were a driving factor for this position and it simply cannot be done without another person. Dr. Roche acknowledged that it is a tough budget year but on the heels of Act 339 Spring-Ford has taken an aggressive and assertive approach to support the students to get their career and college counseling. He added that this position is to provide secretarial support in the Future Planning Center to those advisors and clarified that it is not an administrative position.

The motion passed 5-1 with Mr. Dehnert voting no.
M. The Board approved the attached job description for Future Planning Secretary. (Attachment A19)

N. The Board approved the following Music Teachers for the 2019 Summer Instrumental Program. Compensation will be set at $30.00 per hour and will be funded through student tuitions collected for the lessons. There will be no cost to the district.

2. James Westlake

VII. FINANCE
Mr. DiBello stated that since they keep talking about it being a tough budget year he wanted to reiterate that the administration put forth over $2.5 million in new positions. He added that the Finance Committee in working with Mr. Fink and staff worked diligently in reducing the overall request for new positions. Mr. DiBello stated that unfortunately there are requirements and different things that cause us to grow. He advised that the budget the Board will be approving has somewhere around $1.5 million in new positions. He reported that this information was available to the Board for almost 3 months now. Mr. DiBello stated that if the Board wants to eliminate new positions then he would say they should eliminate all new positions because all of the reasons stated for those new positions on the agenda tonight could be stated for any one of the new positions in the budget. Mr. DiBello commented that he knows that Dr. Goodin, Dr. Roche and Mr. Fink pushed back hard on every new position. Mr. DiBello added that if they want to take a position to saying no to one position then he would suggest they eliminate all new positions and reduce the budget by $1.5 million.

Mr. Dehnert asked that Item M be separated.

Mrs. Spletzer made a motion to approve Items A-L and Mrs. Fazzini seconded it. The motion passed 6-0.

Mr. Dehnert made a motion to approve Items N-Q and Mrs. Spletzer seconded it. The motion passed 6-0.

Mrs. Spletzer made a motion to approve Item M and Mrs. Melton seconded it.

Mr. Dehnert stated that he cannot support a tax increase of 2.3% and felt that it needed to be under 2%.

Mr. DiBello asked where the recommended cuts should take place totaling $300,000 – $400,000 and Mr. Dehnert replied new positions. Mr. DiBello advised Mr. Dehnert that he needed to make a motion to cut out that amount from the budget in new positions.

Mr. Dehnert made a motion to cut out $400,000 in new positions to reduce the budget to a 1.9% tax increase.

Mr. Subers advised that currently there is a motion and second to approve the budget as presented so a motion could be made to amend the original motion but that a new motion could not be made at this time.

Mr. Dehnert made a motion to amend the original budget motion to reflect a reduction to the total budget as presented by $400,000 coming from new positions.
Mrs. Spletzer questioned how they have discussion on this amendment in order to determine from administration what the impacts of that cut would be.

Mr. Subers interjected that the Board had a motion but there had not been a second as of yet. Mrs. Spletzer seconded the motion so that a discussion could occur.

Discussion took place on the budget, the amount of time it has been available for discussion over the past few months and the new positions which had been presented to the Board Members at committee meetings and in their weekly update from Dr. Goodin. A concern was raised that the Board did not want to get into this level of micro-managing. It was also expressed that they did not want to minimize the process and all the work that has gone into putting the budget together.

The amended motion did not pass by a vote of 1-5 with Mrs. Zasowski, Mr. DiBello, Mrs. Spletzer, Mrs. Melton and Mrs. Fazzini voting no.

The original motion was back on the table. The motion passed by a vote of 5-1 with Mr. Dehnert voting no.

A. The Board approved next month’s payroll, taxes, all benefits, transportation contracts, IU contracts, Vo-Tech payments, debt service payments, utility bills, maintenance agreements, copier leases, equipment maintenance, federal grants, insurance, and discounted invoices.

XIII. BOARD COMMENT
There were no comments.

XIV. PUBLIC TO BE HEARD
Linda Weaver, Schwenksville, thanked board for televising the School Board meetings. She stated that she is here to talk about 2 issues. The first on the article in The Mercury on the Owen J. Roberts School Board weighing sleep options. She stated that their board is looking at several issues with sleep study. She stated that with several surrounding districts looking at this issue she wanted to respectfully request that the Board consider taking advantage of the free sleep study for Spring-Ford students. Ms. Weaver felt the outcome of the study could help form a discussion with the community and a database decision could be made with this information. Ms. Weaver commented that the Proposed Preliminary Budget for the next school year that has been discussed tonight includes a tax increase of 2.3% to close an approximately $2.4 million budget gap. She stated that she understood that the anticipated revenues fell short of the expenditures but expressed that what she did not understand was why at the same meeting that a tax increase is announced, a decision to buy a sign for the football field that will ultimately cost more than $142,000 plus installation costs was also made. Ms. Weaver stated that she understood that the sign issue was studied and discussed for two years but wondered why the two-year window was not
used an opportunity for fundraising or a Booster Club effort. She added that raising taxes and expending that amount of money at the same meeting sends a very poor message to taxpayers.

Mr. DiBello replied that with regards to the first comment, they are looking at options to determine how they wish to proceed for the sleep study. He stated that with regards to the second comment, the increase in the budget for next year is because expenses have risen between 3% - 3.5% per year and the revenues do not quite come up to that. Mr. DiBello advised that 82% of our funding comes from the local tax base which is residences and businesses. He added that there have been very good years where there has been a 0% tax increase and years where there has been a 2% increase and it is all based on the growth of the district and the needs of the district. Mr. DiBello stated that they have trimmed the budget over the years as in the past we have seen the district expenses grow between 8% - 9%. Mr. DiBello advised that there had been a contract negotiation that occurred and teacher salaries increase every year and with over 600 teachers in the district when their salaries including benefits go up there is an impact to the district. He commented that the scoreboard is like everything else in the district with regards to our facilities which are maintained at a level of pride and he added that we are very frugal with how we go about spending. Mr. DiBello stated that the scoreboard is about .009% of the budget will be amortized over 15 years so it will cost us about $10,000 per year. He advised that this is a piece of equipment that is needed and is no different than any other equipment that we replace on a 20 year plan. Mr. DiBello added that a few years ago we had to returf the field and although he was not happy about that, it was something that needed to be done. He stated that these are the things that unfortunately have to be done to keep our facilities at the level of where they are at. He stated that in the greater scheme of life when you have a $169 million budget when you have over 1,000 employees this is unfortunately the cost of doing business. He invited anyone who may be interested in coming to a Finance Committee meeting to challenge any expenditure to do so as he would welcome them to explain where they felt cuts could be made and why.

Ms. Weaver stated that she was not questioning the necessity of the sign but rather the timing when announcing a budget increase.

Mrs. Melton advised that this was being paid out of the Capital Reserve which is replenished year after year so that when items do age out and require replacement then the money can be used from that. Ms. Weaver replied that she understood that.

Mrs. Spletzer referenced the millions of dollars that were approved earlier tonight for special education items and wanted Ms. Weaver to keep in mind that although the scoreboard has garnered much discussion, there are many expenses that may not get this kind of attention but are approved.

XV. ADJOURNMENT
Mr. Dehnert made a motion to adjourn and Mrs. Melton seconded it. The motion passed 6-0. The meeting adjourned at 9:27 p.m.

Respectfully submitted,

Diane M. Fern
School Board Secretary

The Spring-Ford Area School District (school district) provides employees, students, and guests (users) access to technology resources including, but not limited to, electronic communications systems, computers, computer networks, networked devices, hardware, software, internet access, mobile devices, peripherals, copiers, and cameras.

The Board of School Directors supports the use of the district’s technology resources to facilitate teaching and learning, to provide access to information, to aid in research and collaboration, to foster the educational mission of the district, and to carry out the legitimate business and operation of the district.

The use of the district’s technology resources is for appropriate school related educational and operational purposes and for the performance of job duties consistent with the educational mission of the district. Use for educational purposes is defined as use that is consistent with the curriculum adopted by the district as well as the varied instructional needs, learning styles, abilities and developmental levels of students. All use for any purpose must comply with this policy and all other applicable codes of conduct, policies, procedures, and rules and must not cause damage to the district’s technology resources.

All employees and students are responsible for the appropriate and lawful use of the district’s technology resources. This policy is intended to ensure that all users continue to have access to the district’s technology resources and that such resources are utilized in an appropriate manner and for legitimate purposes.

The school district intends to strictly protect its district technology resources against numerous outside and internal risks and vulnerabilities. Users are important
and critical players in protecting these school district assets and in lessening the risks that can destroy these important and critical assets. Consequently, users are required to fully comply with this policy, and to immediately report any violations or suspicious activities to the Director of Technology and/or designee through their supervisor or teacher. Conduct otherwise will result in actions further described below in Consequences for Inappropriate, Unauthorized and Illegal Use, found in the last section of this policy, and provided in relevant school district policies.

District employees should be aware that their personal files may be discoverable and could be discoverable in the event of any form of litigation. Everything that district employees place in their personal files should be written as if a third party would review it. The school district reserves the right to monitor, track, log and access any electronic communications, including, but not limited to, Internet access and emails at any time, for any reason. Users should not have the expectation of privacy in their use of the school district’s CIS systems, and other school district technology, even if they misuse the CIS system for personal reasons. Further, the school district reserves the right, but not the obligation, to legally access any personal technology device of students and employees brought onto the school district’s property or at school district events, or connected to the school district network, containing school district programs or school district or student data (including images, files, and other information) to ensure compliance with this policy and other school district policies, to protect the school district’s resources, or to obtain information/data that the school district reasonably believes involves criminal activity.

The district reserves the right to monitor any electronic communications, including but not limited to Internet access and emails. Students and employees should not have the expectation of privacy in electronic communications, even when used for personal reasons. Everything that users place in their personal files should be written as if a third party will review it.

Copyright Infringement and Plagiarism

Federal laws, cases and guidelines pertaining to copyright will govern the use of material accessed through the school district resources. Users will make a standard practice of requesting permission from the holder of the work and complying with license agreements. Employees will instruct users to respect copyrights, request permission when appropriate, and comply with license agreements. Employees will respect and comply as well.

Violations of copyright law can be a felony and the law allows a court to hold individuals personally responsible for infringing the law. The school district does not permit illegal acts pertaining to the copyright law. Therefore, any user violating the copyright law does so at their own risk and assumes all liability.

Violations of copyright law include, but are not limited to, the making of unauthorized copies of any copyrighted material (such as commercial software, text, graphic images, audio and video recording), distributing copyrighted materials over computer networks, deep-linking and framing into the content of others’ websites.
Further, the illegal installation of copyrighted software or files for use on the
district’s computers is expressly prohibited. This includes all forms of licensed
software – shrink-wrap, clickwrap and electronic software downloaded from the
Internet.

School district guidelines on plagiarism will govern use of material accessed through
the school district’s technology resources. Users will not plagiarize works that they
find. Teachers will instruct students in appropriate research and citation practices.

**Selection of Material**

School district policies on the selection of materials will govern use of the school
district’s technology resources.

When using the Internet for class activities, teachers will select material that is
appropriate for students and that is relevant to the course objectives. Teachers will
preview the materials and websites they require or recommend students access to
determine the appropriateness of the material contained on or accessed through the
website. Teachers will provide guidelines and lists of resources to assist their
students in channeling their research activities effectively and properly. Teachers
will assist their students in developing the critical thinking skills necessary to
ascertain the truthfulness of information, distinguish fact from opinion, and engage
in discussions about controversial issues while demonstrating tolerance and respect
for those who hold divergent views.

Conduct otherwise will result in actions further described in Consequences For
Inappropriate, Unauthorized And Illegal Use of this policy and provided in relevant
school district policies.

**Safety and Privacy**

To the extent legally required, users of the school district’s technology resources
will be protected from harassment or commercially unsolicited electronic
communication. Any user who receives threatening or unwelcome communications
must immediately send or take them to the Director of Technology and/or designee.

Unless part of job function or with authorization by the district, the user may
not disclose, use or disseminate personal information of other students or
employees including, but not limited to, student’s grades, Social Security
numbers, home addresses, telephone numbers, school addresses, work
addresses, credit card numbers, health and financial information, evaluations,
psychological reports, and educational records. Personal contact information
includes home address, telephone numbers, school address, and work address.
Consequences For Inappropriate, Unauthorized And Illegal Use

General rules for behavior, ethics, and communications apply when using the district technology resources and information, in addition to the stipulations of this policy. Users must be aware that violations of this policy or other policies, or for unlawful use of the district technology resources, may result in loss of access and a variety of other disciplinary actions, including, but not limited to, warnings, usage restrictions, loss of privileges, position reassignment, oral or written reprimands, suspensions (with or without pay for employees), dismissal, expulsions, and/or legal proceedings on a case-by-case basis.

## 707. USE OF SCHOOL FACILITIES

### 1. Purpose

The Board recognizes the needs of parent and community to utilize district facilities for educational, cultural, recreational, civic or social purposes when they are not scheduled for district programs or maintenance. District facilities are intended for use primarily by the schools and district and then by the residents and community groups which are located within the district’s boundaries.

### 2. Authority

District facilities that may be made available under this policy include, but are not limited to, buildings, fields, parking lots and, in certain circumstances, equipment.

### 3. Delegation of Responsibility

The Superintendent and/or designee shall develop procedures for the granting of permission to use school facilities and shall develop rules and regulations for such use which shall include the following:

1. The use of facilities by the district, schools and the students precludes and supersedes all commitments to other groups. In the event of a conflict where an outside organization requests a facility and then a district, school or student requires the use of the same facility, the outside organization will need to adjust their event and reschedule or cancel to allow the district or school event to take place.

2. Permission to use school buildings and facilities will be based upon an established approval process that prioritizes the use of facilities first to Spring-Ford Area School District sponsored activities and events, followed by tax-exempt organizations located within District boundaries and lastly other outside organizations. Please refer to the classification section later in this policy. For organizations with multiple teams or groups, individual rosters for each team that include each participant’s name and permanent address may be requested to be submitted for each request to determine the appropriate classification for the activity.

3. Requests for Use of Facility permits will be accepted only for the current school
707. USE OF SCHOOL FACILITIES - Pg. 2

year (July 1 – June 30). Requests for Use of Facility permits for Summer Facility Usage (July and August) will be reviewed no earlier than the previous March 1st. The term of the permit cannot exceed one (1) year.

4. Use of Facility applications must be received thirty (30) days in advance for single events and sixty (60) days in advance for long-term events or activities. Applications received less than thirty (30) days from the event could be denied and/or delayed for review due to the short time-frame, staffing restrictions and availability.

5. Groups may not schedule any event which would include animal rides, mechanical rides, hot air balloons, fireworks or bonfires or any other event which may create a danger or risk because of the inherent nature of the activity. The District reserves the right to check with its insurance company and legal counsel to obtain direction on events that might be of this nature and the District may increase the insurance coverage requirements based upon the nature of the activities. In addition, Class II, III and IV organizations may not use an open flame, charcoal, canned-heat source (Sterno), and/or wax candles in District facilities and on District property. Outdoor gas grills are prohibited as well except for Class IA, Class IB and Class II groups that make a specific request and provide required information about the event and the gas grill specifications.

6. All events and activities must conclude on or before 9:30 p.m. on weekdays and 10:30 p.m. on weekends, unless special approval is obtained prior to the event from the Superintendent or designee.

7. Smoking, vaping and any use of tobacco products by any persons is prohibited in school buildings and on school grounds. Groups that fail to follow this provision may lose the privilege to use District facilities for up to one (1) year.

8. Gambling, games of chance, lotteries, raffles, or other activities require a Pennsylvania Small Games License attached to the Use of School Facilities application. This requirement will be strictly enforced in school buildings and on school grounds. Groups are responsible for contacting the Montgomery County Treasurer Office (610-278-3066), and attach license to “Use of School Facilities” application.

9. Possession, use or distribution of illegal drugs and/or alcoholic beverages is strictly prohibited in school buildings and on school grounds. Violators will be reported to the local police for prosecution and escorted off school property.

10. Possession of weapons or replica of weapons as defined in Policy 218.1 - Weapons are strictly prohibited in school buildings and on school grounds.
707. USE OF SCHOOL FACILITIES - Pg. 3

Violators will be reported to the local police for prosecution and escorted off school property.

11. Conduct that would alter, damage, or be injurious to any district property, equipment or furnishings is strictly prohibited in school buildings and on school grounds. Violators will be reported to the local police for prosecution and escorted off school property.

12. Conduct that would constitute a violation of the Pennsylvania Crimes Code, and/or state and federal laws and regulations is strictly prohibited in school buildings and on school grounds. Violators will be reported to the local police for prosecution and escorted off school property.

13. All safety rules and regulations of the Department of Labor and Industry or any other applicable agency shall be observed.

14. If insurance is required, the user shall present evidence of the purchase of organizational liability insurance during the approval process to the limit prescribed by district rules (see Addendum 707a).

15. The Board and School District employees shall be indemnified and held harmless by the group/organization/user of the facility for any liability that arises from the use of school facilities by any nonschool related organization, individual or activity. The lessee assumes responsibility for using only those areas in the facility designated on the Use of Facility application permit (see Addendum 707b). The facility must be returned to the same or better condition than when it was initially occupied. Before the Use of Facility application will be processed, a current Insurance Certificate and Hold Harmless agreement must be attached to the application.

16. No group or person receiving a Use of Facility permit shall assign their rights under said contract to another group or person. Use of facility permits may not be transferred. Transferring the permit or allowing another team, group or organization to use the facility may result in the entire organization losing the privilege to use District facilities for up to one (1) year.

17. Users shall be financially liable for damage to the facilities and for proper supervision of all attendees to events and locations on the permit. If police or security officers are required for an event, official school police or security officers shall be employed and the cost of such services shall be borne by the organization using the facilities.

18. All payments for Rental Fees and Service Charges are to be made by check, payable to Spring-Ford Area School District. No payments are to be made directly to employees or service personnel. Prepayment of rental fees is required.
from all Class IV rentals.

19. School equipment such as stage lighting, kitchen equipment, public address system, technology labs, and any other specialized equipment must be operated by and under the direction of authorized school district personnel or approved instructor knowledgeable about the equipment. **Groups that use school equipment without written permission or listed specifically in the permit may lose the privilege to use District facilities for up to one (1) year.** Damage to any school equipment must be reported and remediated immediately and the organization may not be able to use any facility in the District until the damaged equipment is properly inspected and approved by the Superintendent or designee. Charges for the service must be paid to the school district by the organization utilizing the facilities.

20. **In general, indoor and outdoor facilities will be available for requests to use on most days during the school year (September-early June) with limited availability on Sundays. Indoor facilities will have limited availability during the summer and are not available on the weekends in the summer (mid-June – end of August). Outdoor facility rentals will also have limited availability during the summer and requests for summer weekend usage will be approved on a case-by-case basis.**

21. Facility requests to use multiple indoor and/or outdoor locations or fields for the purpose of a tournament or showcase type of event may be subject to additional requirements and charges. These types of requests need to be pre-approved and the request must include the specific list of items needed for that particular event.

22. **In addition, all indoor and outdoor facilities are closed for rental for Classes II, III and IV on the following days each year: January 1st, Spring Break (Thursday-Monday), Memorial Day, July 4th, Labor Day, Thanksgiving Break (Thursday-Sunday) and Winter Break. As of the approval date of this policy, groups with long-term established contracts on Sundays or any of these holidays will be “grandfathered” under this provision and will continue to have access on Sundays and the previously scheduled specific holidays but not add on new holidays.**

23. The Spring-Ford Area School District School Board reserves the right to deny the use of a building or a facility if district-provided (custodial, event supervisor, electrician/maintenance) is not available.

24. **Regardless of the user’s classification and payment, additional service charges may be applied if the organization does not adequately clean up after the activity or changes the hours (arrive early or stay late) or needs (requesting additional rooms or locations) that are not listed on the permit.**
25. Political forums such as Meet the Candidates’ night are permitted as a bi-partisan or non-partisan effort.

26. No food, drinks, or refreshments of any kind are to be served, sold or consumed without specific permission granted in advance and included in the permit.

27. Any organization that uses approved school facilities is responsible for monitoring and supervising the conduct of participants and spectators. All organizations shall have adults assigned to monitor the traffic flow, ensure supervision of the activity, and see that the group(s) activity is restricted to the part of the building requested for the activity. Doors may not be propped open for any reason and the main entrance area cannot be unattended at any time. Failure to follow this required safety precaution may result in the organization losing the privilege to use District facilities. First offense will result in a First Warning Letter to the organization. Second offense will result in a Final Warning Letter to the organization. Third offense will result in loss of District facility privileges for up to one (1) month – seven (7) day minimum. Additional offenses by the same organization in the same school year will result in the loss of facility privileges for a minimum of one (1) month for each incident.

28. The Business Office may request supporting information from any applicant at any time, and from time to time, to verify the applicant’s classification.

### 4. Guidelines

**CLASSIFICATIONS:**

All users of district facilities (Class I, II and III) must be groups that are open to district residents without restriction to race, creed, national origin, or political affiliation, and may not have a charter or admission policy that violates state, county and federal statutes and regulations. Class IV organizations may originate outside the Spring-Ford Community and not be open to Spring-Ford community members, but must have a charter or admission policy that does not violate state, county and federal statutes and regulations. Political campaigning on district property, other than at designated polling areas on Election Day, is prohibited. All users of district facilities will fall into one (1) of the following types (Classes) as defined below:

**Class IA – Spring-Ford Area School District school, building and district sponsored activities and events** (including all school district activities, academic programs, and interscholastic and intramural athletic programs). Rental Fees or Service Charges will not be assessed to any Class IA activity unless the event is a fundraiser where 100% of the activities’ profits are not 100% used to benefit a SFASD school or program. In this case, one half of the Service Charges for the specific activity will need to be covered prior to the fundraised...
707. USE OF SCHOOL FACILITIES - Pg. 6

profits leaving the district.

Class IB - Spring-Ford Area School District associated not-for-profit groups which are organized solely for the purposes of supporting and enhancing the mission of the school for which it is formed, and 100% of the group’s proceeds from the facility use will benefit Spring-Ford Area District schools and programs. Examples of not-for-profit groups include Parent Teacher Associations, Home and School Leagues, Home and School Associations, Music Association, Booster Club, Spring-Ford Educational Foundation and Students Need an Alternative Party (SNAP) – all of which have achieved a 501(c)3 status. No Rental Fees will be assessed for any Class IB organization. Service Charges will apply for any Class IB activity including fundraisers based upon the established Service Charge schedule (subject to usage on weekends to cover the costs to the District). Fundraisers by Class IB organizations that are held in SFASD facilities where the proceeds from the event are not 100% used to benefit a SFASD school or program, may be considered Class II for the fundraising event and may be charged as a Class II organization for the specific event. Each Class IB organization shall be granted four (4) events each school year in which the service charge will not be charged to the organization. Security and specialists (sound systems person, special lightning, etc.) costs are the responsibility of the group. The kitchen is not included and will be billed separately, if requested for use.

Class II – Organizations that are tax-exempt and are located within the Spring-Ford Area School District boundaries and have a membership comprised of at least 50% residents. Class II organizations must have a primary purpose on the betterment of the community and are providing the services to the residents whose sponsors and organizers are volunteers. An organization that has at least 50% residents but is sponsored and organized by paid coaches or advisors would be considered Class III. Class II organizations include community recreation leagues, community theater groups, community service organizations, Scout Programs and Fire Companies. Class II organizations can charge membership fees which benefit the continuation of the program developed by the organization. Class II also includes elected officials of Federal, State or local government or local civic groups when conducting community or official business. Standing school board agreements and subsequent renewals for Spring City American Legion Baseball Committee and Spring-Ford Rams Youth Football will remain in effect and will not be impacted by adjusted Rental Fee and Service Charge schedules governed by this policy.

Class III - Organizations that are tax-exempt and are located within the Spring-Ford Area School District boundaries and have a membership comprised less than 50% residents. Class III organizations must have a primary purpose on the betterment of the community and are providing the
services to the residents whose sponsors and organizers are volunteers. Class III organizations can charge membership fees which benefit the continuation of the program developed by the organization. An organization that has less than 50% residents but is sponsored and organized by paid coaches or advisors would be considered Class IV.

Class IV – Other organizations not defined in Class I, II or III including religious and residential groups, “not-for-profit” and commercial organizations, colleges and universities as well as other groups that serve the community but do not originate in the community.

Fees/Charges Established By Business Office

1. Before and After School Child Care Delivered on Spring-Ford Area School District Property –
   The Business Office may establish annually the usage and fee schedule for the service provider who operates the before and after school child care program that provides this service to our Spring-Ford families for Spring-Ford Area School District students on Spring-Ford Area School District property.

2. Activities of Spring-Ford Area School District Athletic Camps and Summer Enrichment Programs (including Cool School and Summer Music Lessons) –
   These activities are sponsored by the Spring-Ford Area School District that provide athletic or educational programs primarily for the benefit of Spring-Ford Area School District residents. The Business Office will establish annually all fees, expenses and compensations for such activities; provided however that non-resident participants shall be charged a higher compensatory fee than Spring-Ford Area School District resident participants. A portion of each participant’s fee will be paid to the District to help offset the use of facilities costs for each school year camp and summer camp sponsored by the District or one of the District’s teams/organizations. Proceeds from the District Summer Camps, after all expenses are paid, will be distributed to the team account of the specific team hosting the camp. The Business Office will process all revenue and expenditures. The District Athletic Camps are developmental programs that will enhance the established athletic programs by providing training to younger students and support the team as these opportunities are considered fundraisers.

Non-District summer camp Use of Facility requests will be negotiated and fees determined by the Business Office. These requests are “for-profit” and shall be consistent with the Rental Fee and Service Charge schedule for Class IV organizations.

3. PIAA Post-Season Use of Facility Requests - Spring-Ford Area School District facilities are often requested to host PIAA league, district, regional
and/or state post-season games, tournaments, competitions or other similar events. Based upon the request to use Spring-Ford facilities for these types of events, the administration has the ability to work with the PIAA officials to negotiate an appropriate user fee for each separate game, tournament, competition or similar event.

### RENTAL CHARGES AND SERVICE FEES

The Board shall establish a schedule of Rental Fees and Service Charges for the use of school facilities based upon listed group classifications. (See Addendum 707c) Rental Fees are defined as fixed charges for the use of the facilities. Service Charges are defined as: the combined cost of a custodial employee rate and benefits and the cost for utilities (electricity, water, and sewer) supplies and cleaning costs for one (1) hour of time. Each organization is responsible for paying both the Rental Fee and Service Charge for every use of facility. If a facility usage for a single event exceeds the capacity of a single custodial employee, additional Service Charges may be added to the rental agreement.

Special events as determined by the Spring-Ford Area School District on weekends, over multiple days, or unique requests may have additional charges for on-site supervision, additional custodial needs, security and services according to the established Service Charge schedule. Potential charges must be addressed at the time of the facility request to be included in the permit and negotiated prior to approval.

Organizations in all classes, including Class IB, are responsible for the cost of additional services required beyond the normal operation of a school district and shall pay the cost of additional services required for the event. Additional service charges can include cafeteria, kitchen, stage crew, security, police, set-up and clean-up services and additional custodial support, if needed.

Each school year, the Rental Fee and Service Charge Schedule for the following school year will be approved by the School Board no later than March 31st.

See Addendum 707c – Facility Rental Fee and Service Charge Schedules (including additional service charges, as required and/or requested).

### Additional Information:

- Rubber soled sneakers or gym shoes must be worn when gyms are used for any athletic event.

- No food, drinks, or refreshments of any kind are to be served or consumed without specific permission granted in advance.
Application Approval/Usage Permit Guidelines/Procedures

1. Application for facility usage must be completed on the district application form (see Addendum 707d) available on the district webpage and/or in the office of the Director of Athletics. All application forms are submitted to the Athletic Director's Office for initial consideration and review. If necessary, the Athletic Director’s Office will work with the Business Office for estimated Rental Fees and Service Charges as well as insurance paperwork. Approvals/Denials for all use of facility requests will be communicated from the Athletic Director’s office to the applicant.

2. Application forms must be submitted at least thirty (30) days in advance for single events and sixty (60) days in advance for long-term events or activities. 3. Rental Fees for Class IV organizations are due ten (10) days prior to the event or activity. Rental Fees for Class II and III organizations and Service Charges for all Classes (I, II, III and IV) will be invoiced following the event and are due ten (10) days after the date of the invoice. All payments are to be submitted to the Business Office and checks/money orders made payable to Spring-Ford Area School District.

4. Annually, the Athletic Director's Office will send a copy of Policy #707: Use of School Facilities to all organizations utilizing district facilities, if changes are made to the policy. Preference for Use of Facilities will be given to Class IA and IB groups followed by Class II and III groups, respectively. In Class I, priority will be given to Class IA (school-sponsored, academic, athletic and band programs) and then Class IB groups.

5. If district schools are closed or dismissed early because of inclement weather or other emergencies, all Class II, III and IV functions that were previously scheduled on that day are automatically cancelled for that day. The Superintendent and/or designee will evaluate the situation for events scheduled for Class IA and IB organizations on days when district schools are closed for inclement weather or other emergencies and make appropriate notifications.
