(i) Particular information concerning that student is presently or potentially relevant to the design or provision of instruction or other education, education-related services, testing or assessments, behavior interventions and strategies, or extracurricular activities or experiences either to the student, to particular groups of students, or to whole schools, grade-levels, or the student population of the district at large, regardless of whether the student is part of the group or population that will be effected; or

2.2 By adoption of this policy, the district Board of School Directors gives consent for the collection of records and information described in Subsections (a), (d), and (e) of Section 2.1 of this policy.

2.3 By adoption of this policy, the district Board of School Directors gives consent for the collection of records and information described in Subsections (b), (c), and (f) of Section 2.1 of this policy, unless the collection of such records and information is accomplished by use of a survey, analysis, or evaluation that requires or encourages the student to reveal:

(a) Political affiliations or beliefs of the student or the student’s family;
20 U.S.C.
Sec. 1232h, as
Amended by the
No Child Left
Behind Act, P. L.
107-110, § 1061,
115 STAT. 1426
(Jan. 8, 2002)

(b) Mental or psychological problems of the student or the student’s family;

(h) Religious practices, affiliations, or beliefs of the student or the student’s family.

Upon approval from the Superintendent and/or designee, specific surveys that are mandated or needed by local agencies for continue support of the students in the District, an assumed consent form can be used to inform the parents of the survey content and dates of administration and allow them the opportunity to “opt out” of participating in the survey. When a survey, analysis, or evaluation is used to obtain such information, the District shall obtain prior informed consent in writing and in a form consistent with Section 2.6 of this policy. For purposes of this policy, the phrase “survey, analysis, or evaluation” shall be limited to a planned method of inquiry or information collection used on a group or individual basis. The phrase does not apply to the ordinary give-and-take exchange that occurs in the course of the counselor-student, psychologist-student, teacher-student, or nurse-student relationship when the student initiates the contact or otherwise participates in it voluntarily or the practices of either the school’s law enforcement unit or administration investigating student misconduct. Consent otherwise required by this Section is not required to investigate or substantiate a good faith suspicion of child abuse or neglect when the person from whom consent would be required is suspected of the abuse or neglect.

2.4 To collect records and information described in Subsection (f) of Section 2.1 of this policy, the District shall obtain prior informed consent in writing and in a form consistent with Section 2.6 of this policy.

2.5 To collect records and information described in Subsections (g) and (h) of Section 2.1 of this policy, other than reports and other documents provided by parents or other agencies, the District shall obtain prior informed consent in writing and in a form required by applicable state or federal law or, in the absence
of a specific applicable law, in a form consistent with Section 2.6 of this policy. For purposes of collecting information in the form of an instructional support or child study team action plan, an IEP, or a service agreement or accommodation plan, a written invitation to the parents and, when required by law, the student to participate in the development of such document shall constitute an adequate means of obtaining consent to develop the document, even if the parents or student do not participate in the meeting at which the content of the document is discussed.

The description in an action plan, IEP, or service agreement or accommodation plan of a means of data collection or ongoing progress monitoring or assessment shall suffice to allow such activities without need for additional written consent.

2.6 When state or federal law does not specifically prescribe the form for obtaining prior written consent as required by this policy, such consent shall be obtained by mailing to the residence of record, as established in accordance with Section 4 of this policy, or by hand delivery to the parent or emancipated minor a written consent form that complies with the following requirements and is received a reasonable time prior to the information collection activity for which consent is sought:

(a) The form shall use language that a layperson can readily understand and shall be written in the native language of the parent or emancipated minor from whom consent is sought;

(b) The form shall contain an explanation of the type of information sought, the purpose for which the information is sought, and the specific types of testing, assessment, or data collection to be used to obtain the information;

(c) The form shall make clear to the parent or emancipated minor that consent is required to proceed with the information collection activity or activities proposed; shall contain an assurance that such activity or activities will not proceed without consent; shall specify the duration of the consent or shall clearly provide that consent shall be considered effective until revoked in writing by the person giving consent; and shall contain a clear explanation of the time and place for responding to the form;

(d) The form shall contain the name and number of a contact person whom the parents or emancipated minor can contact to obtain additional information about or seek clarification concerning the proposed activity;
(e) The form shall provide a space for the parent or emancipated minor to 
elect whether to grant or withhold consent by marking one (1) of two 
(2) clearly-worded options and by signing their name.

2.7 When a student who has attended another public or private school registers to 
attend public school in the district, the district shall immediately:

(a) Request all current records, including special education records, 
necessary to ensure that the student is placed in appropriate classes at the 
appropriate grade level and that the district is able to meet all obligations 
to the student under state and federal law.

(b) Request an official copy of the student’s disciplinary record and a copy 
of the student’s health record from the public or private school the student 
last attended.

Maintenance - Time

2.8 Core data of the kind described in Subsection (a) of Section 2.1 of this policy 
shall be maintained for a period of six (6) years beyond the school year during 
which the student to whom such data pertains attains age twenty-one (21) with the 
exception of those records specified in subsection (d) below. The following 
additional records shall also be maintained as “core data” for this period:

(a) For students with disabilities or who are identified as mentally gifted, 
copies of the first and last evaluation reports of the multi-disciplinary 
team, the notice of recommended assignment or educational placement, 
or similar document by which the parents of the student initially 
consented to the provision of special education services, and the first and 
last IEP, last notice of recommended assignment or educational 
placement, and the summary of performance developed for the student;

(b) For students receiving accommodations or modifications to instruction or 
other activities under a service agreement or accommodation plan, 
copies of the first and last such plan and the notice by which the parents of 
the student initially consented to the provision of accommodations or 
modifications;

(c) For students evaluated to determine eligibility either for special education 
services in accordance with state and federal law or for accommodations 
or modifications in accordance with Section 504 of the Rehabilitation Act 
of 1973, 29 U.S.C. § 794, and who were determined to be ineligible,

2.9 Health records of the sort described in Subsection (c) of Section 2.1 of this policy shall be maintained for a period of at least two (2) years beyond the date on which the student ceases to be enrolled in the public schools of the district.

2.10 For students with disabilities or who are identified as mentally gifted, or for students who were evaluated to determine eligibility for special education services and who were determined to be ineligible for such services, a copy of all records identified in Subsections (b) through (g) of Section 2.1 of this policy shall be maintained for a period of at least six (6) years from the conclusion of the school year during which such records were made or received by the district;

2.11 All other education records described in Section 2.1 of this policy shall be maintained as long as the information contained therein remains relevant to the education of the particular student or to the design and provision of educational programs in general or as long as such information remains essential to the protection of the legal interests of the district. The district alone shall determine whether education records remain relevant to education or essential to the protection of legal interests.

*Maintenance - Location*

2.12 Education records that might be necessary to the provision of education, education-related services, or extracurricular activities or experiences to a student during any given school year shall be maintained during that school year in a secure file located in the building to which that student is assigned during that school year. Education records that are essential to the day-to-day provision of education, education-related services, or extracurricular activities or experiences may be maintained in a secure file in the personal possession, offices, or class rooms of school officials with a legitimate educational interest therein.

2.13 The discipline record of a student shall be maintained in a secure file in the building to which that student is currently assigned or maintained electronically with access to the files only provided to the necessary school officials with a legitimate educational interest. Information furnished by the Office of Juvenile
Probation in accordance with Section 6341(b.1) of the Juvenile Act, 42 P.S. § 6341(b.1), shall be maintained in a secure file separately from other records concerning the student.

2.14 The health record of a student shall be maintained in a secure file in the nurse’s office or health suite in the building to which that student is currently assigned or in the personal possession or office of the nurse assigned to that building.

2.15 Copies of a student’s initial IEP, current IEP, most recent multi-disciplinary team evaluation report, current service agreement or accommodation plan, and instructional support or child study team data and action plan shall be maintained:

   (a) In a secure hard copy or electronic file in the building to which the student is currently assigned; and

   (b) In a secure file in the District office of special education, together with other special education records that remain relevant to the education of the particular child or the design and provision of educational programs in general or essential to the protection of the legal interests of the District.

Maintenance - Transfer and Conversion

2.16 When a student assignment changes from one building to another within the district the education records described in Sections 2.12, 2.13, 2.14, and 2.15 of this policy, including the separately-maintained information from the Office of Juvenile Probation, shall be transferred to the new building in sufficient time to enable school officials with a legitimate educational interest to review such records, if necessary, prior to the arrival of the student in the new building or as soon as possible thereafter.

2.17 Nothing in this policy shall preclude the transfer or conversion of education records or information from one form or storage medium to another, as long as such transfer or conversion:

   (a) Allows for similar accessibility of information to parents, eligible students, and school officials with a legitimate educational interest;
(b) Provides at least the level of security that could be obtained with physically locked conventional storage and, in the case of computer storage, conforms to the current standards established in the computer industry;

(c) Clearly reproduces educationally or legally necessary graphic information, handwriting, and signatures; and

(d) Allows for the use of an access record in accordance with Section 2.18 of this policy.

2.18 Every file from which access might be had by, or disclosure might be made to, persons or agencies other than the parents or the eligible student, shall have as part thereof an access and disclosure log that shall be maintained for as long as the records in that file are maintained and that shall consist of the following:

(a) The identity of such person or agency to which access is granted to or disclosure made from the file;

(b) The purpose for which access was granted or disclosure made;

(c) The date of access or disclosure;

(d) The name of the administrator granting access and/or person making the disclosure;

(e) In the case of disclosures to persons who will make further disclosures or allow further access on behalf of the District, the identity of the person or agency to whom or to which, and the specific purpose for which, such further disclosure or access will be made or allowed;

(f) Any record of further disclosures made by State or federal agencies that are permitted to do so under law.

Destruction

2.19 The district shall destroy core data, special education records as defined in 2.10, and health records once the applicable time period for maintenance of such records, as established in Sections 2.8, 2.9, and 2.10 respectively, has lapsed. Protocol sheets and booklets as defined in 2.1(h) will be destroyed two (2) years or at the end of the school year following the two year time frame after the results have been reported to the parent or guardian, absent a notice from the parent to retain the same.
2.20 The district shall destroy all other education records once it determines at its sole discretion that such records are no longer relevant to the education of the particular student or to the design and provision of educational programs in general or that such records are not essential to the protection of the legal interests of the district.

2.21 When the time periods described in Sections 2.8 and 2.10 of this policy have lapsed, and the district determines that any portion of the education record of a student with disabilities is or will be at a prescribed time no longer relevant to the education of the particular student, it shall so notify in writing (hard copy and/or electronic communication) either his/her parents or the student directly, if s/he is an eligible student, of this determination. The written notice shall be in the native language of the parents or the eligible student, shall be mailed to the last known address of the parent or the eligible student, and shall:

(a) Identify the specific records or categories of record that are no longer relevant;

(b) Contain an explanation that the district shall destroy the records thus identified if a parent or the eligible student so requests and that the district may destroy such records without a request; and

(c) Contain the name and number of a contact person whom the parents or eligible student can contact to obtain additional information about or seek clarification concerning the records thus identified.

If the parent or eligible student so requests in writing after receipt of the notice, the district shall destroy the education records thus identified or shall destroy them at the prescribed time at which they are no longer relevant. As a general practice, educational records will be destroyed eleven (11) years after the graduation year unless the records are needed for other specified reasons.

2.22 A record is “destroyed” for purposes of this policy when, at a minimum, all personally identifiable information is removed from it or is otherwise obscured or obliterated. Nothing in this policy shall require the destruction of an education record except under the conditions described in Section 2.21 of this policy.

2.23 The district shall not destroy any record that is the subject of a request for access from a parent or eligible student.
Amendment Of Records And Due Process

3.1  A parent or eligible student may request in writing that the district amend any portion of an education record that s/he believes is inaccurate, misleading, or in violation of the student’s right to privacy. If a parent or eligible student makes such a request verbally, the person to whom such request is made shall inform the parent of the obligation to make such request in writing.

3.2  Within thirty (30) school days of the receipt of the written request to amend the education record, the administrator who is primarily responsible for maintenance of the challenged record shall notify the parent or eligible student in writing of whether the district will amend the record. If the district determines that it will grant the request to amend, the notice to the parent or eligible student shall either describe the amendment, which can include the expungement or deletion of records or information contained therein, or enclose a copy of the amended record. If the district determines that it will not amend the record, the notice shall so inform the parent or eligible student and shall contain a statement explaining that the parent or eligible student has the right to request in writing a hearing before a disinterested school official to challenge the determination not to amend.

3.3  Within ten (10) school days of receipt of a request for a hearing to challenge a determination not to amend an education record, the district shall notify the parents or eligible student of the date, time, and location of the hearing. The notice shall be mailed certified, return receipt requested, or by similarly secure and verifiable means, in such time that the parent or eligible student receives it at least five (5) school days before the hearing. The hearing shall occur within thirty (30) days of receipt of the request for the hearing from the parent or eligible student.

3.4  The hearing shall be held before the Superintendent or designee or, if the Superintendent or designee has a direct interest in the outcome of the hearing, before the principal of the building to which the student is currently assigned or designee.

3.5  The hearing shall be informal, unrecorded, and not subject to formal rules of evidence or procedure other than those required to maintain order. The parent or eligible student shall have a full and fair opportunity to present evidence in support of his/her position and may be represented at his/her expense by an adviser, including an attorney. If the parent or eligible student includes an attorney, the district reserves the right to include the district’s attorney at the hearing.
3.6 Within thirty (30) days of the completion of the hearing, the district shall issue to the parent or eligible student a written decision concerning the amendment of the record that shall either:

   (a) Describe the amendment, which can include the expungement or deletion of records or information contained therein, or

   (b) Explain the reasons for denying the request to amend and inform the parent or eligible student of the right to place a statement in the education record of the student commenting on the contested information in the record or explaining why he or she disagrees with the decision not to amend, or both.

The written decision shall be based solely on the evidence presented at the hearing and shall summarize the evidence thus presented and the reasons for the decision to amend or refuse amendment.

3.7 If the parent or eligible student chooses to submit a statement in the education record of the student commenting on the contested information in the record or explaining why s/he disagrees with the decision not to amend, the district shall:

   (a) Maintain such statement as part of the record for as long as the district maintains the contested record or information; and

   (b) Disclose the statement whenever it discloses that portion of the record to which the statement pertains.

Access And Disclosure

4.1 Education records subject to this policy, other than those records or portions of records that contain “directory information,” are not considered “public records” subject to access or disclosure under the Pennsylvania Right to Know Law (“RTKL”), 65 P.S. §§ 67.101-67.3104, or any similar law affecting public records. Pursuant to the RTKL, the district will not release any minor’s names, addresses or dates of birth.

The district shall allow the parents or eligible student to inspect and review the education record of the student in the school building or at the district office within forty-five (45) calendar days of receipt of a verbal or written request to do so. District staff shall make every reasonable effort to ensure that requested records are provided to the parents at the earliest possible date.
4.2 The district shall respond to all reasonable requests from the parents or eligible student for an explanation or interpretation of information contained in the education record. A school district representative shall be made available to accompany the file review with the parent or eligible student. The total time allotted for the parent or eligible student to review the records per day will be a maximum of 1.5 hours.

4.3 If circumstances effectively preclude the parents or eligible student from inspecting or reviewing the education record, or any portion thereof, the district shall provide the parents or the eligible student with a copy of the record subject to the request. When copies are not required to ensure that the parents or the eligible student has the opportunity to inspect and review the education record, the district may charge a fee of twenty-five cents ($.25) per page to copy requested portions of the education record, unless the parents or the eligible student can establish that they are unable to pay the amount thus charged. An additional administrative fee of $25.00 will be added to the cost of the copies if more than seventy-five percent (75%) of the student records need to be copied. The costs are the same for requests for digital copies of student records. Requests for both digital copies and hard copies of the student records are subject to an additional $25.00 charge.

4.4 When the district receives a request to inspect and review the education record of a student with disabilities in anticipation of a meeting of the IEP or multi-disciplinary team or a due process hearing, the district shall respond to such request within a reasonable time prior to the meeting or hearing, the time allowed by Section 4.1 of this policy notwithstanding.

4.5 When parents or an eligible student seek to inspect and review a record that contains personally identifiable information concerning more than one (1) student, the district shall provide access only to that portion of the record that pertains to the student in question. Where necessary, the district shall redact identifying information pertaining to any other student.

4.6 School officials with a legitimate educational interest may at any time inspect and review, and obtain copies of, the education record and personally identifiable information in which they have such interest without prior parental approval.

Disclosure

4.7 Any disclosure of personally identifiable information concerning a student to any person other than the parent, the eligible student, or school officials with a

(a) To an educational agency or institution at which the student seeks to enroll, intends to enroll, or is enrolled, or from which the student receives services, when that agency or institution requests such records, as long as:

(1) The parent or eligible student is provided on request with a copy of the records thus disclosed; and

(2) The parent or eligible student is afforded on request a hearing as described in Section 3 of this policy; and

(3) The disclosure is for purposes related to the student’s enrollment or transfer.

34 CFR Sec. 99.34

(b) To appropriate parties in connection with an articulable and significant health or safety emergency, when such disclosure is necessary to protect the health or safety of the student or others, provided, however, that for each such disclosure, the district shall maintain a record indicating:

(1) The articulable and significant threat that justified such disclosure; and

(2) The parties to whom the district disclosed such information;

34 CFR Sec. 99.36

34 CFR Sec. 99.37
(c) To state and federal educational and other agencies for purposes of investigation and auditing, when those agencies are bound by the provisions of the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g;

Miscellaneous Provisions

5.1 The Policy of the district is to comply in full with the requirement of state and federal law governing the maintenance of records and other personally identifiable information and the privacy rights of students and their families. To the extent that any provision of this policy is construed as or found to be inconsistent with federal or state law, the district will treat that provision as null and void. The Superintendent or designee shall ensure that all persons responsible for the maintenance of any student record are aware of the provisions of this policy and receive regular training concerning its requirements. When feasible, the Superintendent or designee shall provide for the use of physical or technological access controls to ensure that access to education records by school officials with a legitimate educational interest in them is limited to that information in which those officials have a legitimate educational interest.

5.2 The district shall send or deliver all notices and requests for consent required under this policy to the address identified as the residence of the child in the registration information maintained by the district. Unless it receives specific written information to the contrary, the district shall presume that all persons with authority to make educational decisions for the student have received or had the opportunity to review and respond to notices and requests sent or delivered to such address.
The district will send notices and requests to separate addresses only when:

(a) A person with joint authority to make educational decisions for the student, such as a divorced or separated natural parent, resides at that separate address; and

(b) That person notifies the district in writing that s/he is not receiving or has not had the opportunity to review and respond to notices and requests sent to the residence to which the student is registered.

Public Notice

34 CFR Sec. 99.7

6.1 Annually, at least thirty (30) days prior to the beginning of the school term, the district shall publish to all parents of students currently in attendance and to all eligible students currently in attendance in English and Spanish. The following notice shall precede the text of this policy and shall appear with the heading in boldface type or other similarly conspicuous format:

**NOTICE OF IMPORTANT RIGHTS**

Concerning the Maintenance, Access to, and Amendment and Disclosure of Education Records by the Spring-Ford Area School District

Printed below is the full text of the Education Records Policy of the Spring-Ford Area School District. This policy contains information of importance to students attending public schools and public school sponsored programs. Several provisions of this policy warrant careful attention:

Designation of certain records containing personally identifiable information as “directory information.” In Section 1.1 of this policy, the district designates certain kinds of information as “directory information.” The district will provide this information to any interested person, including armed forces recruiters who request it, without seeking consent from the parents of the student or the student. If you do not want the district to disclose such information, you must so notify the district in writing on or before the first day of the school term, which is ______________. Your written notice must identify the specific types of directory information that you do not want the district to disclose without consent. If you fail to notify us in writing by the first day of the school term, we may release directory information upon request and without consent.

Disclosure of records containing personally identifiable information to other schools and institutions. Section 4.8(a) of this policy allows the district to disclose personally identifiable information concerning a student to an educational agency
or institution at which the student seeks to enroll, intends to enroll, or is enrolled, or from which the student receives services, when that agency or institution requests such records, as long as the disclosure is for purposes related to the student’s enrollment or transfer.

Access to records by school officials with a “legitimate educational interest.” Section 4.6 of this policy allows school officials with a legitimate educational interest to have access to personally identifiable information without parent or student consent. In Section 1.8 of this policy, the district designates those persons who have a “legitimate educational interest” that would allow such access to education records.

Amendment of education records. Section 3 of this policy describes how a parent or a student who has attained the age of eighteen (18) can request that records be amended. This Section also describes in detail the right of the parent or eligible student to request a hearing to challenge a decision by the district not to amend records that the parent or student believes are inaccurate, misleading, or in violation of the student’s right to privacy.

Complaints to the United States Department of Education. Complaints concerning alleged failure of the district to comply with the requirements of the Family Educational Rights and Privacy Act may be addressed to the United States Department of Education as follows:
