## **Great Valley Nature Center Joins Spring-Ford Area School District Classrooms**

### ***Photo/Media Opportunity***

**ROYERSFORD, PA** – The Great Valley Nature Center and Spring-Ford Area School District are working together to provide elementary students with hands-on science programs during the 2014-2015 school year. Schools, dates and program descriptions are as follows:

**Upper Providence Elementary School;** November 12, 2014; 9:15 a.m. and 1:15 p.m.

Colonial Times: Explore life before video games! Experience home life and school through tools, toys and a model house.

**Limerick Elementary School;** January 26, 2015; 10 a.m.

Winter Wonders: Where do bugs go in the winter? Who hibernates? Uncover the secrets of survival in the harshest weather of the year!

**Limerick Elementary School;** March 16, 2015; 10 a.m.

Eggs-Traordinary Spring: Do bees dance? Do trees make food? Who hatches from eggs? Discover the world of spring!

**Upper Providence Elementary School;** April 15, 2015; 9 15 a.m. and 1:15 p.m.

Eggs-Traordinary Spring: Do bees dance? Do trees make food? Who hatches from eggs? Discover the world of spring!

**Limerick Elementary School;** May 4, 2015; 10 a.m.

Reptiles: Meet live reptiles and learn about what makes each one special.

Great Valley Nature Center has offered quality environmental education programs since 1974. Programs reach over 40,000 students each year, offering an extensive array of on-site and off-site environmentally based programs that are designed for preschoolers through seniors, including individuals with special needs.
