#### **Independent Auditors' Report**

To the Board of School Directors Spring-Ford Area School District Royersford, Pennsylvania

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Spring-Ford Area School District as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Spring-Ford Area School District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Spring-Ford Area School District as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 3, 2010, on our consideration of the Spring-Ford Area School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

To the Board of School Directors Spring-Ford Area School District Royersford, Pennsylvania

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 7 through 22, budgetary comparison information on pages 61 through 63 and postemployment benefits other than pension funding progress on page 64 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Spring-Ford Area School District's financial statements as a whole. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the financial statements. The supplementary information and the schedule of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Oaks, Pennsylvania November 3, 2010

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) June 30, 2010

The discussion and analysis of Spring-Ford Area School District's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the notes to the basic financial statements and the financial statements to enhance their understanding of the District's financial performance.

The Management Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, issued in June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

#### FINANCIAL HIGHLIGHTS

The trends of prior years indicated that during the fiscal year 2009-2010, the Spring-Ford Area School District would experience another year of significant increases in the costs for instruction for special education and health benefits for our employees. Further, projected increases in the Public School Employees Retirement System (PSERS) employer contribution will continue to cause an additional drain on the financial resources of all schools in Pennsylvania.

The District completed the fiscal year 2009-2010 with assets of \$253,293,188 exceeding liabilities of \$181,268,711 by \$72,024,477--an overall increase from the prior year of \$1,724,165.

- The governmental activities total assets decreased by \$534,373, which was due to the downturn
  of the economy causing a decrease in revenue from real estate transfers and interest earnings
  on investments.
- The District's business-type activities, which are comprised of the Food Service Fund, showed a
  decrease of \$77,970 in total assets due to the increase of cost of food and the increase of
  salaries and benefits.
- At the end of the current fiscal year, the unreserved, undesignated fund balance of the General Fund was \$1,687,382 compared to the prior year of \$6,013,550, a decrease of \$4,326,168.
- The Board continues to review the fund balance of the District and strives to maintain the fund balance to within 5-8% of the total budgeted expenditures, or in future years will budget to replenish the fund balance, should it be necessary.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) June 30, 2010

#### USING THE BASIC FINANCIAL STATEMENTS

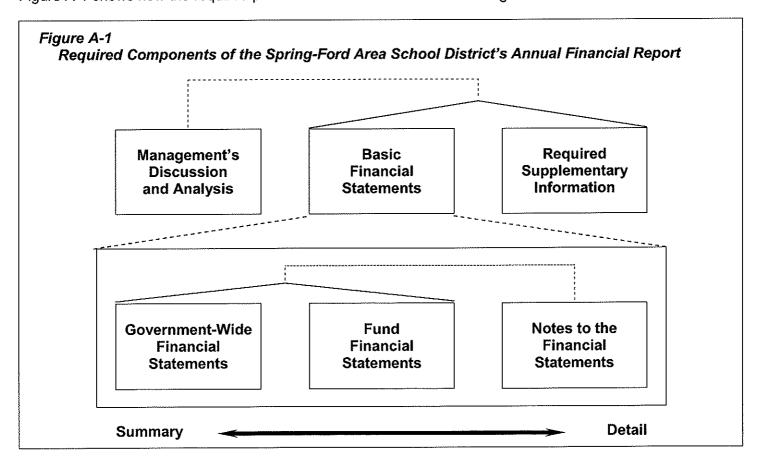

This annual report consists of two distinct series of financial statements: District-wide and fund.

The first two statements (District-wide) are government-wide financial statements--the Statement of Net Assets and the Statement of Activities. These provide both long-term and short-term information about the District's overall financial status.

The remaining statements (fund) focus on individual parts of the District's operations in more detail than the government-wide statements. The Governmental Funds statements tell how general District services were financed in the short term as well as what remains for future spending. Proprietary Fund statements offer short- and long-term financial information about the activities that the District operates like a business. For this District, this is our Food Service Fund. Fiduciary Fund statements provide information about financial relationships where the District acts solely as a trustee or agent for the benefit of others to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Figure A-1 shows how the required parts of the financial section are arranged and relate to one another.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) *June 30, 2010* 

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) June 30, 2010

#### OVERVIEW OF FINANCIAL STATEMENTS

#### Government-Wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's net assets and how they have changed. Net assets, the difference between the District's assets and liabilities, is one way to measure the District's financial health or position.

Over time, increases or decreases in the District's net assets are an indication of whether its financial health is improving or deteriorating, respectively.

To assess the overall health of the District, you need to consider additional nonfinancial factors, such as changes in the District's property tax base and the performance of the students.

The government-wide financial statements of the District are divided into two categories:

- Governmental Activities: All of the District's basic services are included here, such as
  instruction, administration and community services. Property taxes and state and federal
  subsidies and grants finance most of these activities.
- Business-Type Activities: The District operates a food service operation and charges fees to staff, students and visitors to help it cover the costs of the food service operation.

#### Fund Financial Statements

The District's fund financial statements, which begin on page 25, provide detailed information about the most significant funds--not the District as a whole. Some funds are required by state law and by bond requirements.

Governmental Funds: Most of the District's activities are reported in Governmental Funds, which focus on the determination of financial position and change in financial position, not on income determination. They are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The Governmental Funds statements provide a detailed short-term view of the District's operations and the services it provides. Governmental Funds information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and Governmental Funds is reconciled in the financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) June 30, 2010

- Proprietary Fund: This fund is used to account for the District activities that are similar to business operations in the private sector; or where the reporting is on determining net income, financial position, changes in financial position and a significant portion of funding through user charges. When the District charges customers for services it provides, whether to outside customers or to other units in the District, these services are generally reported in the Proprietary Fund. The Food Service Fund is the District's Proprietary Fund and is the same as the business-type activities we report in the government-wide statements but provides more detail and additional information, such as cash flow.
- **Fiduciary Funds**: The District is the trustee, or fiduciary, for some Scholarship and Agency Funds. All of the District's fiduciary activities are reported in a separate Statement of Fiduciary Net Assets on page 34. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance its operations.

#### FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

The District's total net assets were \$72,024,477 as of June 30, 2010.

Table A-1 Condensed Statement of Net Assets June 30, 2010

| TOTAL LIABILITIES AND<br>NET ASSETS   | \$ <u>253,456,631</u>                                | \$ 448,900                        | \$ <u>253,905,531</u>                                |

Most of the District's net assets are invested in capital assets (buildings, land and equipment).

The results of this year's operations as a whole are reported in the statement of activities on page 24. All expenses are reported in the first column. Specific charges, grants, revenues and subsidies that directly relate to specific expense categories are represented to determine the final amount of the District's activities that are supported by other general revenues. The two largest general revenues are the Basic Education Subsidy provided by the Commonwealth of Pennsylvania and the local taxes assessed to community taxpayers.

Table A-3 takes the information from that statement and rearranges it slightly, so you can see our total revenues for the year.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) June 30, 2010

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) June 30, 2010

Tables A-5 and A-6 present the expenses of both the governmental activities and the business-type activities of the District.

Table A-5 shows the District's seven largest functions: instruction, instructional student support, administrative, operation and maintenance of plant, pupil transportation, student activities and community services, as well as each program's net cost (total cost less revenues generated by the activities). This table also shows the net costs offset by the other unrestricted grants, subsidies and contributions to show the remaining financial needs supported by local taxes and other miscellaneous revenues.

The Statement of Revenues, Expenses and Changes in Net Assets for this Proprietary Fund will further detail the actual results of operations.

#### THE DISTRICT FUNDS

At June 30, 2010, the District's Governmental Funds reported a combined total fund balance of \$48,216,327.

#### General Fund

The District budgeted for significant increases in health benefit costs, costs for anticipated needs of special education and future retirement and debt service cost. These areas are a challenge for the District in budgeting. The District is self-insured for health benefits for dental and prescription insurances. This category can fluctuate annually based upon the health of the individual employees within the District. Special education costs are dependent upon the type of student enrolled in the District each year. Enrollment and/or withdrawal of severely handicapped students can cause this expenditure to fluctuate. While the District does prepare a budget with a modest reserve each year for unexpected emergencies, this expenditure is dependent upon actual experience during the fiscal year.

#### Capital Reserve Fund

In order to fund projects without the need of additional borrowing issues, the District has established this fund. In the past, the tax payment settlement from Exelon was transferred to the Capital Reserve. This year, the fund was used for some capital projects; also, \$698,922 was transferred from the General Fund. This was the state rental reimbursement for the payment of the 2000 Authority Bond that the Capital Reserve had previously paid off. Also, interest was received in excess of \$300,000 due to an investment from June 2008 that matured on June 2010 at an interest rate of 5.21%.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) June 30, 2010

#### Capital Projects Fund

In November 2007, the District borrowed \$36,000,000 in the General Obligation Bond, Series of 2007A. The renovation and construction of an addition at the high school began in 2009 and opened in August 2010.

#### Other Governmental Funds

The increase was due to interest earned on investments.

#### General Fund Budget

During the fiscal year, the Board of School Directors (the "Board") authorizes revisions to the original budget to accommodate differences from the original budget to the actual expenditures of the District. All adjustments are again confirmed at the time the annual audit is accepted, which is after the end of the fiscal year, which is not prohibited by state law. A statement showing the District's original and final budget amounts compared with amounts actually paid and received is provided on pages 61 and 62.

The District applies for federal, state and local grants, and these grants cannot always be anticipated in the budgetary process.

Budgeted expenditures and other financing uses also increased this same amount to compensate for the additional approved grants. Transfers between specific categories of expenditures/financing uses occur during the year. The most significant transfers occur from the budget reserve category to specific expenditure areas.

The Budgetary Reserve is an amount that will be used for unexpected expenditures throughout the fiscal year. Experience indicates that there are certain variables over which control is impossible regardless of the care with which the budget is prepared.

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

#### Capital Assets

At June 30, 2010, the District had \$186,894,814 invested in a broad range of capital assets, including land, buildings and furniture and equipment. This amount represents a net increase (including additions, deletions and depreciation) of \$13,322,046 or 7.7% from last year.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) June 30, 2010

Table A-7 reflects the capital assets of both the governmental activities and the business-type activities of the District.

# Table A-7 Governmental and Business-Type Activities Capital Assets, Net of Depreciation Years Ended June 30, 2010 and 2009

|  | _  | 2010        | -  | 2009        |
|--|----|-------------|----|-------------|
| Land   | \$ | 10,053,911  | \$ | 10,053,911  |
| Construction in progress   |    | 18,693,814  |    | 1,799,956   |
| Site improvements, net of accumulated depreciation                   |    | 5,365,858   |    | 5,685,422   |
| Buildings and building improvements, net of accumulated depreciation |    | 150,408,916 |    | 153,603,108 |
| Furniture and equipment, net of accumulated depreciation             |    | 2,372,315   |    | 2,430,371   |

Construction in progress shows an increase due to the renovations and additions at the High School. More detailed information about our capital assets is in the financial statements.

#### **Debt Administration**

## Table A-8 Outstanding Debt Years Ended June 30, 2010 and 2009

|                          | *************************************** | 2010       | _   | 2009        |
|--------------------------|---|------------|-----|-------------|
| GENERAL OBLIGATION BONDS |   |            |     |             |
| Bonds, Series A of 2007  | \$ ;                                    | 35,095,000 | \$  | 36,000,000  |

| Bonds, Series of 2004    | •                                       | 11,740,000 |     | 12,430,000  |
| Bonds, Series of 2003    | •                                       | 17,685,000 |     | 18,725,000  |
| Bonds, Series of 2002    |   | 11,080,000 | _   | 11,695,000  |
|                          |   |            |     |             |
|                          | \$ <u>1</u> 6                           | 60,625,000 | \$_ | 168,560,000 |

Other obligations include accrued vacation pay and sick leave for specific employees of the District. More detailed information about our long-term liabilities is included in the financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) June 30, 2010

The District, as a member of the Western Center for Technical Studies, issued School Lease Revenue Bonds, Series of 2008, in the total amount of \$40,000,000. Pottsgrove School District and Upper Perkiomen School District are the other two members of the Western Center. Spring-Ford's total portion of this sub-lease is estimated to be \$16,588,957. During the year, \$615,623 in principal was paid on the lease, leaving an estimated balance of \$15,973,334.

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGET 2010-2011 AND RATES

In October 2007, Moody's assigned an Aa3 for the underlying rating on the District's \$187.3 million in Government Obligation Bonds. Moody's cited that the Aa3 underlying rating reflects the District's continued growth in the District's affluent and residential tax base as well as a multi-year trend of improving finances. The strength of the District's tax base is evident in wealth indicators that are well above state and national averages. Reserve growth was driven largely by conservative budgeting and increased property tax revenues due to tax base growth. Moody's acknowledged the District's financial flexibility gained from a Capital Reserve Fund; establishment of a debt service account to meet future debt payment associated with additional debt plans; and appropriated funds to meet substantially increasing retirement costs. Moody's acknowledged the District's prudent budgeting and strategic planning and expects the District's financial performance to remain strong.

The District expects the tax base will continue to experience moderate growth. There are approximately 1,812 housing units in construction or planned in the future and significant anticipated commercial development. The new assessment increases during 2009/2010 from property growth (\$72,070,420) have affected the tax base, thus generating approximately \$1,662,665 in new tax dollars. The last five years of increases in assessment values generated Real Estate Taxes of \$10,908,486, representing a five-year average of \$2,181,697. In addition, the last five years of Earned Income Tax have been generating \$1,447,670, representing a five-year average of \$289,534 of additional revenue.

In June 2009, the construction and renovations at the High School began with opening for students in August 2010. The estimated cost submitted to PlanCon G was \$28,593,164.

The District has developed many fiscal strategic planning models (included in the 2010/2011 Budget Book) to meet future needs of the District. These include the following: Capital Reserve 5 Year Plan; Retirement Past and Future; Debt Budget and Actual; Summary of Debt Principal and Interest Requirement; Projects Financed by Bond Issues; and Future Borrowing Capacity. Because of these planning models, a Debt Service Fund account (\$3.4 million) and retirement account (\$1,900,000) will be maintained to meet future financing needs. In addition, a self-insurance escrow account (\$1,346,696) was required as a reserve.

The budget for the 2010/2011 year is in the amount of \$125,463,931 and is \$4,625,221 more than the budget for 2009/2010. This represents a 3.83% increase in budget. The District needed to increase the property tax rate 0.46 of a mill from 23.07 to 23.53 (\$.46 per \$1,000 of assessed value), representing a 2.0% tax increase. The state cap index was 2.94 without allowable exceptions. The difference in percentage between the budget increase and tax increase is due to the increase of the retirement rate from 4.78% to 8.22%, increase in insurance rates and the increase in the debt payments.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) June 30, 2010

The comparison of revenue and expenditure categories is as follows:

## Table A-9 Budgeted Revenues

|                | 2009-2010        | 2008-2009        |
|----------------|------------------|------------------|
| Local<br>State | 80.74%<br>17.61% | 80.88%<br>17.42% |
| Federal/other  | 1.65%            | 1.70%            |

Please note this is the second year of the federal stimulus revenue in the amount of \$891,100.

## Table A-10 Budgeted Expenditures

|                           | , | 2009-2010 | 2008-2009 |
|---------------------------|---|-----------|-----------|
| Instruction               |   | 55.0%     | 54.7%     |
| Support services          |   | 29.5%     | 30.2%     |
| Non-instruction/community |   | 1.1%      | 1.3%      |
| Fund transfers/debt       |   | 14.4%     | 13.8%     |

#### **FUTURE ECONOMIC FACTORS**

At the time these financial statements were prepared and audited, the District was aware of the following circumstances that could significantly affect its financial health in the future:

#### Act 1

Act 1 is complex legislation setting rules for slot money distribution, requiring front-end voter referenda on tax shifting, mandating new school district budget practices and requiring back-end voter referenda on future real estate tax increases above an "index" and on building projects. Act 1 is designed to provide homeowner real estate tax reductions in varying amounts and to assist schools in controlling expenditures. Act 1 will have many collateral consequences for school districts, including negative education program impacts, possible bond downgrade and related borrowing expense and many diverse required actions. Act 1 is an amalgamation of Acts 50 and 72. The key difference is that Act 1 is mandatory and provides very few school board options.

The new property tax relief law represents a fundamental change in the Commonwealth's school funding system. An anticipated \$1 billion from gaming will be used to provide dollar-for-dollar local tax cuts. School boards will be required to seek voter approval for future tax increases that rise faster than an inflation index and also fall outside of ten carefully crafted exceptions (for specific costs that are outside of a school district's control). The voters in each community will have unprecedented control over the way their schools are funded.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) June 30, 2010

#### Collective Bargaining Contract

The Board and the Spring-Ford Education Association have a collective bargaining agreement that extends through 2010-2011.

#### Assessment

The current downturn in the economy has increased the number of assessment appeals in the District. The District is working with its solicitor and appraisal companies to settle assessment appeals in the best interest of the District. While new commercial growth will help offset losses, the District must be very cautious with forecasting revenue to meet expenses. The District has hired an appraiser and the District solicitor to represent the interest of the District in resolving these disputes and hopefully arriving at a mutually agreed settlement. The District does have reserve accounts to assist with major negative losses until the local economy improves.

#### Major Capital Projects

The Spring-Ford Area Senior High School addition/renovations began in 2009 with occupancy in August 2010. Construction still continues in some areas with final completion expected during the 2010/11 school year.

Western Center for Technical Studies addition/renovations were completed in time for the 2010/11 school year.

#### Self-Funding Insurances and Insurance Plans

Beginning in 2010/11, the District moved towards self-funded insurance in health insurance and vision. Previously, the District was fully insured with Independence Blue Cross. The District was already set up with a self-funded prescription and dental plan. The District continues to work with the Chester County Intermediate Unit with The Reschini Group as the medical consultant.

In an effort to control escalating health care costs, the District changed its prescription plan from a 2-tier 5/10 plan to a 3-tier plan 10/30/50 plan. The Health Care Plan was changed from PC10/20/70 to a PC 20/30/70 and employees on a PC 10 plan changed to a PC 20 plan. The District continues to offer a PC310 at no additional cost to the employee. Employees selecting plans above the PC310 have a co-pay. The new plan designs were implemented for all the support staff in 2010/11 and planned for the professional staff in year 2011/12 or the beginning of a new contract. The District expects to save \$700,000 for implementing the new health care plans and with self-insurance.

#### Act 32- County-Wide EIT Collection

PA Act 32 of 2009 amends the Local Tax Enabling Act (LTEA Act 5111 of 1965) to provide for consolidation of the collection of local earned income tax (EIT) at the county level starting January 1, 2012. The act has two overarching purposes: To establish state-wide uniformity in tax rules, procedures and forms; to provide greater tax collection efficiency by reducing the large number of tax collectors; and to consolidate local EIT collection at the county level. The District is involved in the TCC (Tax Collection Committee) to form a tax collection bureau and hire a tax collection agency to collect EIT for all school districts and municipalities within the county. The TCC group has appointed Berkheimer as the tax collection agency with the option of districts/municipalities to select an early implementation of EIT and LST (Local Service Taxes) beginning January 1, 2011.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) June 30, 2010

#### Refunded General Obligation Bond Series of 2002

The District refunded General Obligation Bond, Series of 2002, with principal remaining of \$11,080,000, by issuing General Obligation Bond, Series of 2010, in the amount of \$11,770,000. Due to the lower interest rates on financing the remaining principal, the District will have a savings in the amount to \$605,462. The savings of the refunding will be transferred to the Capital Reserve Account.

#### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

Our financial report is designed to provide our citizens, taxpayers, parents, students, investors and creditors with a general overview of the District's finances and to show the Board's accountability for the money it receives. If you have questions about this report or wish to request additional financial information, please contact Timothy C. Anspach, Business Manager, at Spring-Ford Area School District, 857 South Lewis Road, Royersford, PA 19468, 610-705-6204.

RECONCILIATION OF TOTAL GOVERNMENTAL FUNDS BALANCES TO NET ASSETS OF GOVERNMENTAL ACTIVITIES

June 30, 2010

| TOTAL GOVERNMENTAL FUNDS BALANCES  | \$  | 48,216,327                             |
|--|-----|--|
| Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds. These assets consist of:                                 |     |  |
| Land Site improvements   |     | 10,053,911<br>5,365,858                |
| Buildings and building improvements Furniture and equipment  |     | 150,408,916<br>2,067,575<br>18,693,814 |
| Construction in progress   |     | 10,093,014                             |
| Deferred charges used in governmental activities are not financial resources and therefore are not reported in the funds. These assets consist of:                                       |     |  |
| Deferred charges Accumulated amortization  |     | 1,968,624<br>(780,303)                 |
| Some liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities consist of:  |     |  |
| Accrued interest Bonds payable   |     | (1,925,324)<br>(162,257,408)           |
| Compensated absences Other postemployment benefits   |     | (1,690,807)<br>(714,900)               |
| Governmental Funds follow the purchase method of inventory;  |     | (, , , , , , , , , ,                   |
| therefore, no inventory is reflected on the balance sheet. However, the statement of net assets uses the consumption method of inventory.  |     | 350,641                                |
| Special assessment revenues are recorded in the statement of activities when the assessment is set; they are not reported in the funds   |     | 204 005                                |
| until collected or collectible within 60 days of year-end.   |     | 301,095                                |
| Some of the District's revenues will be collected after year-end but are not available soon enough to pay for the current period's expenditures and therefore are deferred in the funds. | _   | 1,710,149                              |
| NET ASSETS OF GOVERNMENTAL ACTIVITIES  | \$_ | 71,768,168                             |

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES

Year Ended June 30, 2010

| NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS |  |
|--|--|
| FORWARD  |  |

\$ (19,130,733)

Capital outlays are reported in Governmental Funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays (\$17,048,629) exceed depreciation (\$3,721,022) in the current period.

13,327,607

Deferred charges are reported in Governmental Funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over the term lives of debt instruments as amortization expense. This is the amount by which amortization exceeds capital outlays in the current period.

(152,203)

Because some property taxes will not be collected for several months after the District's fiscal year ends, they are not considered as "available" revenues in the Governmental Funds. Deferred tax revenues increased by this amount this year.

36,310

Bond proceeds provide current financial resources to Governmental Funds, but issuing debt increases long-term liabilities in the statement of net assets. Also, Governmental Funds report the effect of premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This is the net effect of these differences in the treatment of long-term debt and related items.

236,618

Repayment of bond principal is an expenditure in the Governmental Funds, but the repayment reduces long-term liabilities in the statement of net assets.

7,935,000

Some expenses reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in Governmental Funds:

Accrued interest not reflected in Governmental Funds

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES

Year Ended June 30, 2010

| NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS FORWARDED   | \$ | (19,130,733) |
|--|----|--------------|
| SUBTOTAL ADJUSTMENTS FORWARDED   |    | 21,468,733   |
| In the statement of activities, certain operating expensescompensated absences (vacations and sick leave) and special termination benefits (early retirement)are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). |    | (93,544)     |
| The net change in the liability for the net OPEB obligation is reported in the government-wide statements but not in the Governmental Funds statements.  |    | (431,323)    |
| Governmental Funds use the purchase method of inventory, where all items purchased are charged to expenditures. However, the statement of activities is reflected on the consumption method of recording inventory type items; therefore, the adjustment reflects the inventory  |    |              |
| difference.  | _  | (4,259)      |

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

#### NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Spring-Ford Area School District (the "District") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The District also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental and business-type activities and to its Proprietary Fund provided they do not conflict with or contradict GASB pronouncements. The more significant of the District's accounting policies are described below.

#### **School District**

The Spring-Ford Area School District is located in Royersford, Pennsylvania. The District tax base consists of Limerick and Upper Providence Townships and Royersford and Spring City Boroughs.

The District is a unit established, organized and empowered by the Commonwealth of Pennsylvania for the express purpose of carrying out, on the local level, the Commonwealth's obligation to public education, as established by the constitution of the Commonwealth and by the School Law Code of the same (Article II; Act 150, July 8, 1968).

#### **Board of School Directors**

The District is governed by a board of nine School Directors who are residents of the District and who are elected every two years, on a staggered basis, for a four-year term. The Board of School Directors has the power and duty to establish, equip, furnish and maintain a sufficient number of elementary, secondary and other schools necessary to educate every person residing in such district between the ages of 6 and 21 years who may attend.

In order to establish, enlarge, equip, furnish, operate and maintain any schools herein provided, or to pay any school indebtedness which the District is required to pay, or to pay any indebtedness that may at any time hereafter be created by the District, the Board of School Directors is vested with all the necessary authority and power annually to levy and collect the necessary taxes required and granted by the legislature, in addition to the annual state appropriation, and is vested with all necessary power and authority to comply with and carry out any or all of the provisions of the Public School Code of 1949.

#### Administration

The Superintendent of Schools shall be the executive officer of the Board of School Directors and, in that capacity, shall administer the District in conformity with Board policies and the School Laws of Pennsylvania. The Superintendent shall be directly responsible to, and therefore appointed by, the Board of School Directors. The Superintendent shall be responsible for the overall administration, supervision and operation of the District.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

The Director of Business and Fiscal Affairs, recommended by the Superintendent and appointed by the Board of School Directors, shall supervise and coordinate all business aspects of the District. In this capacity, he or she shall be responsible to ensure that all work accomplished by him/her, or by persons under his/her supervision, is in the best interests of the District. The Director of Business and Fiscal Affairs is directly responsible to the Superintendent.

## Reporting Entity

The accompanying basic financial statements comply with the provisions of GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, in that the financial statements include all organizations, activities and functions for which the District is financially accountable. Financial accountability is defined as the appointment of a voting majority of a component unit's board and either (1) the District's ability to impose its will over a component unit or (2) the possibility that the component unit will provide a financial benefit or impose a financial burden on the District. This report presents the activities of the Spring-Ford Area School District. The District is not a component unit of another reporting entity nor does it have any component units.

The tax collectors are elected officers who collect taxes on behalf of the county, townships, boroughs and the District. The District regards the tax collectors' offices as separate entities and, therefore, does not account for their activity in the financial statements.

## **Basis of Presentation and Accounting**

Government-Wide Financial Statements - The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for Fiduciary Funds. The statements distinguish between those activities of the District that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the Proprietary Fund financial statements but differs from the manner in which Governmental Funds financial statements are prepared. Governmental Funds financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for Governmental Funds. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the District and for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the District.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

**Fund Financial Statements** - Fund financial statements report detailed information about the District. The focus of Governmental and Proprietary Funds financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column (Other Governmental Funds). Fiduciary Funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All Governmental Funds are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments are recorded only when payment is due. The financial statements for Governmental Funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

The Proprietary Fund is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the statement of net assets. The statement of revenues, expenses and changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net assets. The statement of cash flows provides information about how the District finances and meets the cash flow needs of its proprietary activities.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

The Proprietary Fund distinguishes *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Proprietary Fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Fund are food service charges. Operating expenses for the Enterprise Fund include cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Fiduciary Funds are reported using the economic resources measurement focus.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

## **Fund Accounting**

The District uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain District functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of the District are grouped into the categories governmental, proprietary and fiduciary.

#### Governmental Funds

**General Fund** - The General Fund is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available for any purpose provided it is expended or transferred according to the general laws of Pennsylvania.

**Special Revenue Funds** - These funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. The District's *Capital Reserve Fund* is accounted for in this fund type as required by Section 29432 of the Municipal Code. The District's *Athletic Fund* is also accounted for in this fund type.

**Debt Service Fund** - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs.

Capital Project Fund - This fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and improvements in accordance with the applicable general obligation bond agreement. The District's Capital Project Fund is presented below.

The 2007 Construction Fund was established with the Series A of 2007 General Obligation Bonds of \$36,000,000. The purpose of this fund is to plan, design, construct, furnish and equip renovations and additions to the High School, finance certain other capital improvements to school facilities and pay the costs of issuance.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

## **Proprietary Fund**

Enterprise Fund - The Enterprise Fund (Food Service Fund) is used to account for operations (1) that are financed and operated in a manner similar to private business enterprises—where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or (2) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

## Fiduciary Funds

**Trust and Agency Funds** - Trust and Agency Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

The Trust Funds are used to account for the resources of the various scholarships whose sole purpose is to provide annual scholarships to particular students as prescribed by donor stipulations.

The Agency Funds account for the assets held as an agent for the various student activities and retirees escrow.

#### Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

#### Investments

Investments are valued at fair value.

#### Short-Term Interfund Receivables/Payables

During the course of operations, transactions may occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the Governmental Funds balance sheet. Short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the statement of net assets, except for amounts due between governmental and business-type activities, which, when present, are shown as internal balances.

## Allowance for Doubtful Accounts

The District believes that all receivables are collectible; therefore, an allowance for doubtful accounts is not needed.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

#### Inventories and Prepaid Items

Inventory of food and milk in the Food Service Fund consists of supplies purchased and donated foods received from the federal government. Donated foods are valued at their fair market value in accordance with the *Manual of Accounting for Pennsylvania School Systems - Food Service Fund*. Food and supplies are carried at cost using the first-in, first-out method. Inventories of Governmental Funds are recorded as expenditures when consumed rather than when purchased. Inventories on government-wide financial statements are presented at the lower of cost or market on a first-in, first out method and are expensed when used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

#### Capital Assets

Capital assets, which include property, plant, equipment and construction in progress, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The District defines a capital asset as an asset with an initial, individual cost equal to or greater than \$5,000 or purchased with debt proceeds and must also have an estimated useful life in excess of one year. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Interest incurred during the construction of capital assets utilized by the Enterprise Fund is also capitalized.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

|                                     | rears_ |
|-------------------------------------|--------|
| Site improvements                   | 20-50  |
| Buildings and building improvements | 20-50  |
| Furniture and equipment             | 5-20   |
| Vehicles                            | 8      |

#### **Deferred Revenue**

Deferred revenue arises when assets are recognized before the revenue recognition criteria have been satisfied. Such is the case in the General Fund, where deferred revenue has been established to offset real estate tax receivables. Deferred revenue also arises when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when revenue recognition criteria are met or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the Governmental Funds balance sheet and revenue is recognized.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

## **Long-Term Obligations**

In the government-wide financial statements and Proprietary Fund Type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or Proprietary Fund Type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, Governmental Funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### **Compensated Absences**

The District accounts for compensated absences by complying with GASB Statement No. 16, Accounting for Compensated Absences. This statement requires a liability be reported for certain compensated absences as the benefits are earned by employees instead of when they are paid.

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is an estimate based on the District's past experience of making termination payments.

The entire compensated absence liability is reported on the government-wide financial statements.

For the Governmental Funds, the current portion of unpaid compensated absences is the amount that is normally expected to be paid using expendable available financial resources. In the Enterprise Fund, the entire amount of compensated absences is reported as a fund liability.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

#### **Fund Equity**

In the fund financial statements, Governmental Funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

#### **Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consist of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### NOTE B CASH AND INVESTMENTS

#### Cash

Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk. As of June 30, 2010, \$16,045,083 of the District's bank balance of \$16,545,183 was exposed to custodial credit risk as follows:

Uninsured and collateral held by pledging bank's trust department not in the District's name

\$ 16,045,083

Interest Rate Risk - The District's investment policy limits investment maturities in accordance with the Commonwealth of Pennsylvania School Code as a means of managing its exposure to fair value losses arising from increasing interest rates.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

#### Investments

As of June 30, 2010, the District had the following investments and maturities:

| Investment Type                                       | _   | Fair Value               | <del></del> | Maturities<br>Less Than<br>One Year | -   | Maturities<br>One to Five<br>Years |
|---|-----|--------------------------|-------------|-------------------------------------|-----|------------------------------------|
| State investment pools<br>Certificates of deposit     | \$  | 30,047,172<br>15,270,356 | \$          | 30,047,172<br>9,270,356             | \$  | 6,000,000                          |
|   |     | 45,317,528               | \$_         | 39,317,528                          | \$_ | 6,000,000                          |
| Outstanding checks drawn<br>on state investment pools | -   | (1,484,991)              |             |                                     |     |                                    |
|   | \$_ | 43,832,537               |             |                                     |     |                                    |

Credit Risk - State law permits the District to invest funds in the following types of investments:

Obligations of (1) the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, (2) the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth, or (3) any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.

The District's investment policy does not further limit its investment choices. As of June 30, 2010, the District's investment in the state investment pool was rated AAAM by Standard & Poor's.

Although not registered with the Securities and Exchange Commission and not subject to formal regulatory oversight, the state investment pool is subject to an independent annual audit. The fair value in the external investment pool is equivalent to the value of the pool shares.

**Concentration of Credit Risk** - The District does not have an investment in any one issue that is in excess of 5% of the District's total investments.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

## NOTE C TAXES - REAL ESTATE AND OTHER

The School Board is authorized by state law to levy property taxes for District operations, capital improvements and debt service. Property taxes are based on assessed valuations of all taxable real property within the District. Taxable real property was assessed at \$3,591,476,055. The tax rate for the year was \$2.307 per \$100 of assessed valuation. Current tax collections for the District were approximately 94% of the total levy.

Taxes are levied on July 1 and payable in the following periods:

| Discount period | July 1 to August 31 - 2% of gross levy       |
|-----------------|--|
| Face period     | September 1 to October 31                    |
| Penalty period  | October 31 to collection - 10% of gross levy |
| Lien date       | January 15                                   |

District taxes are billed and collected by the local elected tax collector. Property taxes attach as an enforceable lien on property as of July 1.

## NOTE D RECEIVABLES

Receivables at June 30, 2010, consisted of taxes, other revenue and intergovernmental grants and entitlements. The real estate taxes receivable account represents real estate transfer taxes and prior year uncollected tax levies. All receivables are considered fully collectible due to the ability to lien property for the nonpayment of taxes, the stable condition of state programs and the current year guarantee of federal funds.

A summary of receivables by fund is as follows:

| , Community of Toods Value of Sy | General<br>Fund | Govern      | ner<br>imental<br>inds | <u>Se</u> | Food<br>Service Fund |  |  |
|----------------------------------|-----------------|-------------|------------------------|-----------|----------------------|--|--|
| Real estate taxes                | \$<br>2,125,893 | \$          | -                      | \$        | ***                  |  |  |
| Earned income taxes              | 35,804          |             | -                      |           | ***                  |  |  |
| Per capita taxes                 | 3,654           |             | -                      |           | -                    |  |  |
| Local service taxes              | 900             |             | -                      |           | -                    |  |  |
| Federal subsidies                | 350,194         |             | -                      |           | 29,946               |  |  |
| State subsidies                  | 840,414         |             | -                      |           | 5,174                |  |  |
| Other governments                | 220,169         |             | -                      |           | -                    |  |  |
| Other revenue                    | 40,189          | <del></del> | 4                      |           | 189                  |  |  |
|                                  | \$<br>3,617,217 | \$          | 4                      | \$        | 35,309               |  |  |

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

# NOTE E INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of June 30, 2010, is as follows:

## **Due to/from Other Funds**

| Receivable Fund              | Payable Fund                              | Amount             |
|------------------------------|---|--------------------|
| General Fund<br>General Fund | Capital Project Fund<br>Food Service Fund | \$ 2,977<br>69,075 |
|                              |   | \$ 72,052          |

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." The amounts between the Other Governmental Funds and the General Fund are interfund borrowings to pay for renovations to facilities or purchase equipment. The amounts between the General Fund and Food Service Fund are for payroll.

## **Interfund Transfers**

| Transfer In   | Transfer Out   |        | Amount                       |
|---|--|--------|------------------------------|
| Capital Reserve Fund<br>Other Governmental Funds<br>Food Service Fund | General Fund<br>General Fund<br>Capital Reserve Fund | \$<br> | 698,922<br>196,727<br>32,496 |
|   |  | \$_    | 928,145                      |

The District typically transfers budgeted dollar amounts from the General Fund to the Special Revenue Funds, Capital Project Fund and the Debt Service Fund to assist in providing for various repairs, maintenance, or purchase of buildings and equipment, payment of debt service costs and operation of student athletics.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

# NOTE F CAPITAL ASSETS

A summary of changes in capital assets is as follows:

|  | Balance               |               | Balance    |                |
|--|-----------------------|---------------|------------|----------------|
|  | July 1, 2009          | Additions     | Deletions  | June 30, 2010  |
| GOVERNMENTAL ACTIVITIES                      |                       |               |            |                |
| Capital assets not being depreciated         |                       |               |            |                |
| Land   | \$ 10,053,911         | \$ -          | \$ -       | \$ 10,053,911  |
| Construction in progress                     | 1,799,956             | 16,893,858    | -          | 18,693,814     |

## NOTE G LONG-TERM DEBT

## **General Obligation Bonds**

The District issues general obligation bonds to provide funds for acquisition and construction of major capital facilities. At June 30, 2010, the outstanding balance of general obligation bonds issued was \$160,625,000.

Annual debt service requirements to maturity for general obligation bonds are as follows:

| Year EndingJune 30, |            | <u>Principal</u> |     | Interest   | •   | Total Debt<br>Service |
|---------------------|------------|------------------|-----|------------|-----|-----------------------|
| 2011                | \$         | 8,220,000        | \$  | 6,855,520  | \$  | 15,075,520            |

Funds to repay the outstanding bonds will be provided from future taxes or other general revenues in the General Fund. Total interest expense paid during the year ended June 30, 2010, was \$7,138,550. Interest costs incurred were charged to expenditures in the General Fund.

Vested employee benefits will be liquidated by Governmental and Proprietary Funds.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

#### NOTE I DEFEASED DEBT

In prior years, certain bonds were defeased in substance by placing an amount in irrevocable trusts to provide for all future debt service payments on the refunded bonds. Accordingly, the trust account assets and the liability for the in-substance defeased bonds are not included in the District's financial statements.

As of June 30, 2010, the District has defeased debt outstanding of \$29,525,000.

## NOTE J DEFERRED REVENUE

#### General Fund

Real estate taxes collected within 60 days of the close of the fiscal year are recorded as current revenues. The noncurrent portion of real estate taxes receivable is recorded as deferred revenue until such time as it becomes available. Program grants received prior to the incurrence of qualifying expenditures are recorded as deferred revenue.

At June 30, 2010, deferred revenue consisted of delinquent taxes receivable of \$1,710,149.

Also included in deferred revenue is \$892,211, representing funds received to be used for future expenditures.

#### Food Service Fund

Deferred revenue of \$57,836 in the Food Service Fund represents the carryover of student deposits.

#### NOTE K PENSIONS

#### Plan Description

Name of Plan: Public School Employees' Retirement System (the "System").

Type of Plan: Governmental cost-sharing multiple-employer defined benefit plan.

**Benefits**: Retirement and disability, legislatively mandated *ad hoc* cost-of-living adjustments, healthcare insurance premium assistance to qualifying annuitants.

Authority: The Public School Employees' Retirement Code (Act No. 96 of October 2, 1975, as amended) (24 Pa. C. S. 8101-8535).

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

Annual Financial Report: The System issues a comprehensive annual financial report that includes financial statements and required supplementary information for the plan. A copy of the report may be obtained by writing to Diane J. Wert, Office of Financial Management, Public School Employees' Retirement System, PO Box 125, Harrisburg, PA 17108-0125. This publication is also available on the PSERS website at <a href="https://www.psers.state.pa.us/publications/cafr/index.htm">www.psers.state.pa.us/publications/cafr/index.htm</a>.

## **Funding Policy**

**Authority**: The contribution policy is established in the Public School Employees' Retirement Code and requires contributions by active members, employers and the Commonwealth.

#### Contribution Rates

#### **Member Contributions**

- Active members who joined the System prior to July 22, 1983, contribute at 5.25% (Membership Class T-C) or at 6.50% (Membership Class T-D) of the member's qualifying compensation.
- Members who joined the System on or after July 22, 1983, and who were active or inactive as of July 1, 2001, contribute at 6.25% (Membership Class T-C) or at 7.50% (Membership Class T-D) of the member's qualifying compensation.
- Members who joined the System after June 30, 2001, contribute at 7.50% (automatic Membership Class T-D). For all new hires and for members who elected Class T-D membership, the higher contribution rates began with service rendered on or after January 1, 2002.

**Employer Contributions** - Contributions required of employers are based upon an actuarial valuation. For the fiscal year ended June 30, 2010, the rate of employer's contribution was 4.78% of covered payroll. The 4.78% rate is composed of a pension contribution rate of 4.00% for pension benefits and .78% for healthcare insurance premium assistance.

The District's contribution to PSERS for the years ended June 30, 2010, 2009 and 2008, was \$2,682,820, \$2,498,010 and \$3,503,030, respectively, equal to the required contribution for each year.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

#### NOTE L COMPENSATED ABSENCES

#### Sick Pay

Under the District's administrative regulations, professional, administrators and eligible support personnel accumulate unused sick days from year to year. These accumulated sick days are nonvesting during the employee's tenure.

Upon retirement, employees are entitled to payment of unused sick days as follows: All employees may elect either (1) a lump sum retirement bonus of \$11 to \$32 per unused sick day depending on their classification or (2) employer contributions to continuation of employee elected health insurance benefits based on unused accumulated sick days times a rate per day as follows:

| Unused Sick Days | Professional and Administrative | Maintenance and Custodial Workers |  |  |
|------------------|---------------------------------|-----------------------------------|--|--|
| 0 to 50          | \$21 per day                    | \$16 per day                      |  |  |
| 51 to 100        | \$23 per day                    | \$18 per day                      |  |  |
| 101 to 150       | \$26 per day                    | \$20 per day                      |  |  |

Benefits payable under option (2) of this plan shall be paid directly to the insurance carrier until the employee reaches age 65. To qualify for either of these options, the employee must be eligible for super annuation, withdrawal, or disability pension from PSERS and must be retiring from a full-time position.

The District maintains records of accumulated sick days earned by employees who are eligible to retire. As a result, liabilities of \$881,252, including FICA tax (net of reimbursement), have been established as a long-term liability in the governmental activities column of the government-wide statement of net assets and a long-term liability of \$56,610, including FICA tax (net of reimbursement), is recorded in the Food Service Fund and in the business-type activities column of the government-wide statement of net assets, as required by GASB Statement No. 16. In addition, a liability of \$42,877, including FICA tax (net of reimbursement), has been set up in the General Fund for the portion that will use currently available financial resources. This amount is also shown as a current liability in the governmental activities column of the government-wide statement of net assets.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

#### Vacation Leave

Unused vacation leave is paid upon an employee's termination. The District maintains records of each employee's accumulated vacation days. In accordance with GASB Statement No. 16, the portion of vacation pay earned at June 30, 2010, that will use currently available financial resources is \$119,927, including FICA tax and retirement contributions (net of reimbursement), which has been recorded in the General Fund and as a current liability in the governmental activities column of the government-wide statement of net assets. The remaining vacation pay earned at June 30, 2010, of \$809,555, including FICA tax and retirement contributions (net of reimbursement), is recorded as a long-term liability in the governmental activities column of the government-wide statement of net assets.

## **Other Employee Benefits**

Post-Retirement Benefits - Any full-time professional, administrative, or secretarial employee retiring after September 1, 1991, with 15 or more years of service with the District and at least 25 years of credited service with the Pennsylvania Employees' Retirement System, shall be entitled to continue their medical insurance coverage until age 65. The District will contribute \$40 per month for teachers and secretaries and \$100 per month for administrators toward the premium for single employee coverage for a period, which shall be the lesser of seven years or when the employee attains age 65. A potential liability of \$3,864 for teachers and secretaries to \$9,660 for administrators could be incurred for each employee. Premium payments shall be made directly to the insurance carrier, and such payment shall be contingent upon prior receipt from the former employee of such additional premiums as may be required to maintain these coverages which the retiree has elected. The District records an expenditure for these benefits on a pay-as-you-go basis.

**Early Retirement Incentive Plan** - Effective during the 2002-2003 school year only, the Board established an incentive for early retirement of bargaining unit employees represented by the Spring-Ford Area Education Association. Pursuant to the plan, any professional employee meeting the eligibility requirements described in the plan shall choose between the following options:

## **Option No. 1**

a. Upon fulfilling the criteria for eligibility stated in this Early Retirement Incentive Plan, the retiring individual shall be entitled to receive an additional District contribution toward the individual and spousal cost of hospitalization/major medical/surgical benefits and the prescription program described in the then Collective Bargaining Agreement between the District and the Spring-Ford Area Education Association, so long as the law so permits. Such contribution shall be paid by the District for the shorter of any one of the following time periods: (1) a total of six school years following the effective date of retirement; (2) reinstatement or rehiring of the retiring individual as a regular full-time professional employee or regular part-time professional employee of the District; or (3) death of the retiring individual.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30. 2010

- b. In the event the retiring individual predeceases the retiring individual's spouse, the surviving spouse shall be entitled to continue the health insurance coverage pursuant to the Comprehensive Omnibus Budget Reconciliation Act at their own expense, subject to any administrative charge permitted under the law to be imposed by the District.
  - For the purpose of this Early Retirement Incentive Plan, the health insurance benefits constitute the hospitalization/major medical/surgical/prescription plan under the Personal Choice 10 Program. Dental benefits, vision and life insurance are not included in this program.
- c. The District shall contribute annually, the lesser of: (1) the Board's contribution toward the Personal Choice 10 Program described in paragraph a. above, less the amount of contribution made by the PSERS toward the purchase of such coverage, as it may be amended and less the Board's contribution toward healthcare premiums set forth in Article VIII.C. of the Collective Bargaining Agreement in force during the term of this Plan or (2) the cost of maintaining age 65 special wraparound coverage for those Bargaining Unit Employees who become eligible for Medicare during the six-year time period following the effective date of retirement for the retiring individual, less the amount of contribution made by the PSERS toward the purchase of such coverage, as it may be amended, and less the Board's contribution toward healthcare premiums set forth in Article VII.C. of the Collective Bargaining Agreement in force during the term of this Plan.

**Option No. 2** - A lump sum payment of \$40,050, less ordinary and legally required withholdings for taxes.

**Supplemental Bonus Payment** - Regardless of the option selected, individuals who retire pursuant to this plan will be eligible for an annual \$2,500 bonus payment, less ordinary and legally required withholdings, so long as they substitute teach with the District for a period of at least 20 days per school year following the date of the individual's retirement. This \$2,500 bonus payment may be paid to the eligible individual for a period not to exceed three successive school years. The bonus payment is to be paid on June 30 of the school year in which the individual substituted, in accordance with the provisions of this Plan.

In accordance with the above-mentioned options, 20 employees elected Option No. 1 and four employees elected Option No. 2. As of June 30, 2010, the total liability has been fully paid.

NOTES TO THE BASIC FINANCIAL STATEMENTS *June 30, 2010* 

## NOTE M POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

#### Plan Description

The District provides medical and prescription drug insurance benefits to eligible retired employees, spouses and dependents through a single-employer defined benefit plan. The benefits, benefits level, employee contribution and employer contribution are administered by District Supervisors and can be amended by the District through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a stand-alone financial report. The activity of the plan is reported in the District's General Fund.

#### Annual OPEB Cost and Net OPEB Obligation

The District's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan and changes in the District's net OPEB obligation to the plan:

| Normal cost     |                 |                |                | \$  | 398,115    |

|                 |                 |                |                | _   |            |
| 2008            | \$              | 690,024        | 59.0%          | \$  | 283,577    |

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

2008 was the year of implementation of GASB Statement No. 45. The District has elected to implement GASB Statement No. 45 prospectively. Therefore, only one prior year is available for comparative data. In future years, three-year trend information will be presented.

## Funded Status and Funding Progress

According to the actuarial report dated July 1, 2008, the actuarial accrued liability for benefits was \$4,463,060, and the actuarial value of assets was \$0, all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$47,286,173, and the ratio of the UAAL to the covered payroll was 9.44%.

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information on page 64, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

#### Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2008 actuarial valuation, the entry age actuarial cost method was used. The actuarial assumptions included a 4.5% investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual healthcare cost trend rate of 8.5% initially, reduced by decrements of .5% to an ultimate rate of 5.0% after seven years. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2010, was 29 years.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

#### NOTE N COMMITMENTS AND CONTINGENCIES

The District has various commitments under long-term construction contracts of approximately \$4,744,150 as of June 30, 2010.

#### NOTE O OPERATING LEASES

The District has entered into various lease obligations primarily for rental of computer equipment. These leases are considered for accounting purposes to be operating leases. Lease expenditures for the year ended June 30, 2010, were \$860,911.

Future minimum lease payments for these leases are as follows:

| Year Ending June 30, |     |           |
|----------------------|-----|-----------|
| 2011                 | \$  | 507,943   |
| 2012                 |     | 298,638   |
| 2013                 | _   | 201,694   |
|                      | \$_ | 1,008,275 |

#### NOTE P RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Significant losses are covered by commercial insurance for all major programs except for worker's compensation for which the District retains risk of loss. For insured programs, there were no significant reductions in insurance coverages for the 2009-2010 year. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

The District is a member of the School Districts Insurance Consortium (SDIC) for worker's compensation coverage. SDIC is comprised of 78 member school districts which jointly self-assume their worker's compensation liabilities. Even though the member school districts contribute to SDIC's insurance fund, they remain individually liable for their own worker's compensation claims. The members of SDIC are required to participate in any deficiencies of SDIC and are subject to periodic assessments, as required. At June 30, 2010, there was no unfunded liability.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

## NOTE Q FUND BALANCE RESERVES/DESIGNATIONS

## Reserved Fund Balance

The fund balance reserves in the General Fund represent prepaid expenditures of \$1,762,150 and \$3,598,397 for 2010-2011 appropriations.

#### Designated Fund Balance

Management has designated \$1,346,696 of the June 30, 2010 General Fund balance for self-insured costs and \$1,929,603 for future retirement costs.

#### NOTE R RESTRICTED NET ASSETS

At year-end, the District has \$3,452,654 restricted in governmental activities for retirement of long-term debt and \$15,938,668 for other purposes.

#### NOTE S JOINT VENTURE

The District is a participating member of the Western Montgomery Career and Technical Center (the "Center"). The Center is run by a joint committee consisting of members from each participating district. No participating district appoints a majority of the joint committee. The board of directors of each participating district must approve the Center's annual operating budget. Each participating district pays a pro-rata share of the Center's operating costs based on the number of students attending the Center from each district. The District's share of the Center's operating costs for 2009-2010 was \$1,265,197.

On dissolution of the Center, the net assets of the Center will be shared on a pro-rata basis of each participating district's current market value of taxable real property as certified by the Pennsylvania State Tax Equalization Board. However, the District does not have an equity interest in the Center, as defined by GASB Statement No. 14, except a residual interest in net assets upon dissolution that should not be reflected on the basic financial statements. Complete financial statements for the Center can be obtained from the Center's administrative office.

In September 2008, the District entered into a long-term sub-lease agreement with the Center through February 2029 for a portion of the debt service payments on the Center's School Lease Revenue Bonds, Series of 2008.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

Future minimum sub-lease payments are as follows:

| Year Ending June 30, |                      |
|----------------------|----------------------|
| 2011                 | \$ 1,354,106         |
| 2012                 | 1,355,446            |
| 2013                 | 1,353,949            |
| 2014                 | 1,354,150            |
| 2015                 | 1,353,615            |
| 2016 to 2020         | 6,770,987            |
| 2021 to 2025         | 6,770,825            |
| 2026 to 2029         | 5,416,548            |
|                      | \$ <u>25,729,626</u> |

Sub-lease expenditures for the year ended June 30, 2010, were \$1,372,855.

## NOTE T JOINTLY GOVERNED ORGANIZATION

The District is a participating member of the Montgomery County Intermediate Unit (MCIU). The MCIU is run by a joint committee consisting of members from each participating district. No participating district appoints a majority of the joint committee. The board of directors of each participating district must approve MCIU's annual operating budget. The MCIU is a self-sustaining organization that provides services for fees to participating districts. As such, the District has no ongoing financial interest or responsibility in the MCIU. The MCIU contracts with participating districts to supply special education services and computer services and to serve as a conduit for certain federal programs.

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2010

#### NOTE U SUBSEQUENT EVENTS

#### Self-Insurance

In July 2010, the District elected to sponsor a self-insured employee welfare benefit plan for health care coverage for the 2010-2011 school year. An administrative services agreement was signed with a third-party insurance company (claims administrator) to administer the costs and claims associated with the plan. The agreement required the District to establish a reserve escrow of \$1,346,696. The reserve will be used to pay claims, retention charges and broker commissions incurred prior to but paid after the date of determination. The reserve is intended to secure only the District's obligations to the claims administrator and has no effect, application, or operation regarding the District's direct obligation to the benefit program. The claims administrator may, in its discretion, require a greater or lesser reserve amount from the District to secure the District's obligations under the agreement. If the claims administrator requires a lesser amount, the District will receive a refund or credit.

## General Obligation Bond, Series of 2010

The District refunded General Obligation Bonds, Series of 2002, with principal remaining of \$11,080,000, by issuing General Obligation Bonds, Series of 2010, of \$11,770,000. Due to the lower interest rates on financing the remaining principal, the District will have a savings of \$605,462. The savings of the refunding will be transferred to the Capital Reserve Account. Interest rates range from 1.5% to 3.375%, and the bonds mature April 1, 2023.

NOTES TO THE BUDGETARY COMPARISON SCHEDULE Year Ended June 30, 2010

## NOTE A BUDGETARY INFORMATION

An operating budget is adopted prior to the beginning of each year for the General Fund on a basis consistent with generally accepted accounting principles. The General Fund is the only fund for which a budget is legally required.

The Pennsylvania School Code dictates specific procedures relative to adoption of the District's budget and reporting of its financial statements, specifically:

- The District, before levying annual school taxes, is required to prepare an operating budget for the succeeding fiscal year.
- The District is required to publish notice by advertisement, at least once in two newspapers of general circulation in the municipality in which it is located and within 15 days of final action, that the proposed budget has been prepared and is available for public inspection at the administrative office of the District.
- Notice that public hearings will be held on the proposed operating budget must be included in the advertisement; such hearings are required to be scheduled at least ten days prior to when final action on adoption is taken by the Board.

Legal budgetary control is maintained at the sub-function/major object level. The Pennsylvania School Code allows the Board to make budgetary transfers between major function and major object code only within the last nine months of the fiscal year, unless there is a two-thirds majority of the Board approving the transfer. Appropriations lapse at the end of the fiscal period. Budgetary information reflected in the financial statements is presented at or below the level of budgetary control and includes the effect of approved budget amendments.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the Pennsylvania Department of Education's 2028 Report when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all 2009-2010 budget transfers.

## NOTE B EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the year ended June 30, 2010, expenditures exceeded appropriations in the following General Fund function level:

Refund of prior year revenues

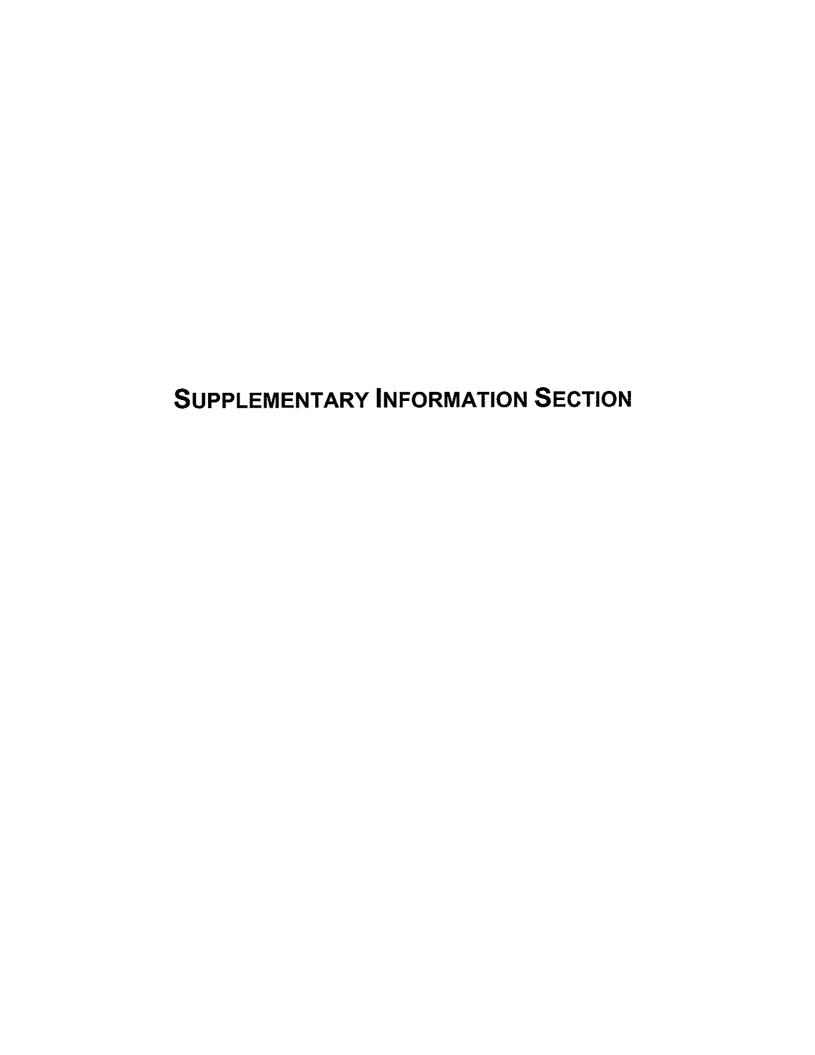

\$ 1,640,893

These excess expenditures were funded by reimbursable revenue and available fund balance in the General Fund.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

To the Board of School Directors Spring-Ford Area School District Royersford, Pennsylvania

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Spring-Ford Area School District as of and for the year ended June 30, 2010, which collectively comprise the Spring-Ford Area School District's basic financial statements and have issued our report thereon dated November 3, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit, we considered the Spring-Ford Area School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Spring-Ford Area School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Spring-Ford Area School District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

To the Board of School Directors Spring-Ford Area School District Royersford, Pennsylvania

#### **COMPLIANCE AND OTHER MATTERS**

As part of obtaining reasonable assurance about whether the Spring-Ford Area School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of School Directors, the Commonwealth of Pennsylvania and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance With Requirements
That Could Have a Direct and Material Effect on Each Major
Program and on Internal Control Over Compliance in
Accordance With OMB Circular A-133

To the Board of School Directors Spring-Ford Area School District Royersford, Pennsylvania

#### COMPLIANCE

We have audited the Spring-Ford Area School District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Spring-Ford Area School District's major federal programs for the year ended June 30, 2010. Spring-Ford Area School District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Spring-Ford Area School District's management. Our responsibility is to express an opinion on the Spring-Ford Area School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Spring-Ford Area School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Spring-Ford Area School District's compliance with those requirements.

In our opinion, the Spring-Ford Area School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

To the Board of School Directors Spring-Ford Area School District Royersford, Pennsylvania

#### INTERNAL CONTROL OVER COMPLIANCE

Management of the Spring-Ford Area School District is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Spring-Ford Area School District's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Spring-Ford Area School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Board of School Directors, the Commonwealth of Pennsylvania and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

(A) Total amount of donated foods received from Department of Agriculture.

I = Indirect funding S = State share

- (B) Beginning inventory at July 1, 2009.
- (C) Total amount of donated foods used.
- (D) Ending inventory at June 30, 2010.

See accompanying notes to the schedule of expenditures of federal and state awards.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS

Year Ended June 30, 2010

#### NOTE A BASIS OF ACCOUNTING

All expenditures included in the schedule of expenditures of federal and state awards are presented on the basis that expenditures are reported to the respective federal and state grantor agencies. Accordingly, certain expenditures are recorded when paid and certain other expenditures are recorded when the federal obligation is determined.

#### NOTE B FEDERAL EXPENDITURES

The schedule of expenditures of federal and state awards reflects federal expenditures for all individual grants, which were active during the fiscal year.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS Year Ended June 30, 2010

#### A. SUMMARY OF AUDITORS' RESULTS

- 1. The auditors' report expresses an unqualified opinion on the financial statements of the Spring-Ford Area School District.
- 2. No significant deficiencies relating to the audit of the financial statements are reported in the Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards.
- 3. No instances of noncompliance material to the financial statements of the Spring-Ford Area School District were disclosed during the audit.
- 4. No significant deficiencies relating to the audit of the major federal awards programs are reported in the Independent Auditors' Report on Compliance With Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133.
- 5. The auditors' report on compliance for the major awards programs for the Spring-Ford Area School District expresses an unqualified opinion.
- 6. There were no audit findings that are required to be reported in accordance with Section 510(a) of OMB Circular A-133.
- 7. The programs tested as major programs were:

| Program  | CFDA                     |
|--|--------------------------|
| Special Education Cluster (IDEA) State Fiscal Stabilization Fund | 84.027, 84.391<br>84.394 |

- 8. The threshold used for distinguishing Types A and B programs was \$300,000.
- 9. Spring-Ford Area School District was determined to be a low-risk auditee.

#### B. FINDINGS - FINANCIAL STATEMENTS AUDIT

None.

C. FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAMS AUDIT

None.
