Dear Parent/Guardian,

As we begin to discuss course options for the 2017-2018 school year, we would like to share important information with you regarding the Western Montgomery Career and Technology Center. The Western Montgomery Career and Technology Center provides programming for students in grades 9 through 12, offering 19 technical programs in a half-day setting.

In order to inform current ninth graders of the opportunities available at WMCTC a representative from the school presented information to ninth grade students during a school assembly on Wednesday, December 20th. In addition, on-site visitations of WMCTC are scheduled for the week of December 4 through the 8th, 2017 for all ninth grade students. Visitations will occur each morning of that week from 8 am to 10 am. Student visitation groups have been arranged according to which teacher they have for social studies. Students will ride school buses to and from WMCTC, and all school rules will apply during their visit.

Monday, December 4 – Mrs. Dunbar & Mr. Bergman

Tuesday, December 5 – Mr. Loomis & Mr. Laky

Wednesday, December 6 – Mr. Rinehimer

Thursday, December 7 – Mrs. Tenthoff

Friday, December 8 – Mr. Tier

We encourage you to consider and research this educational option. The WMCTC is complete with state-of-the art facilities intended to provide a quality technical educational experience. Should you desire to learn more or have any questions about the visitation, please contact your student's guidance counselor here at the 9th Grade Center. Additional WMCTC information can be found at www.westerncenter.org. WMCTC will be conducting their annual open house on Wednesday, November 29, 2017 from 6 pm to 8:00 pm. Students and parents are invited to attend.

Sincerely,

Dr. Jeffrey A. Kollar
